UPBRIGHT YS35-3601000U

UpBright 36V 1A AC/DC Adapter Instruction Manual

MODEL: YS35-3601000U

1. Introduction

Thank you for choosing the UpBright 36V 1A AC/DC Adapter. This adapter is designed to provide stable and reliable power for compatible electronic devices requiring 36V DC input at 1 Ampere. Please read this manual carefully before use to ensure proper operation and safety.

Important Safety Information:

- Do not expose the adapter to water or moisture.
- Do not disassemble or modify the adapter.
- Ensure the adapter is used with devices that match its voltage (36V) and current (1A) specifications. Using with incompatible devices may cause damage.
- Keep out of reach of children.
- Unplug the adapter from the power outlet when not in use for extended periods.

2. Package Contents

The package includes the following items:

- 1 x UpBright 36V 1A AC/DC Adapter

3. Setup

1. **Verify Compatibility:** Before connecting, ensure your device requires a 36V DC input and draws no more than 1 Ampere of current. Check your device's specifications or original power supply for voltage and amperage requirements.
2. **Connect to Device:** Insert the barrel connector of the UpBright adapter firmly into the power input port of your electronic device.
3. **Connect to Power Outlet:** Plug the AC prongs of the adapter into a standard 100-240V AC wall outlet.

4. Operating Instructions

Once the adapter is correctly connected to both your device and a power outlet, your device should receive power. Turn on your device as per its own operating instructions. The adapter is designed for continuous use within its specified limits.

- The adapter provides a stable 36V DC output.
- It is compatible with input voltages ranging from 100V to 240V AC, making it suitable for international use with appropriate plug adapters (not included unless specified).

5. Maintenance

- **Cleaning:** Disconnect the adapter from the power outlet and the device before cleaning. Use a soft, dry cloth to wipe the exterior. Do not use liquid cleaners or solvents.
- **Storage:** Store the adapter in a cool, dry place away from direct sunlight and extreme temperatures. Avoid wrapping the cord too tightly around the adapter to prevent damage to the cable.
- **Inspection:** Periodically inspect the adapter and its cable for any signs of damage, such as frayed wires, cracks, or loose connections. If damage is found, discontinue use immediately and replace the adapter.

6. Troubleshooting

- **No Power to Device:**
 - Ensure the adapter is securely plugged into both the wall outlet and the device.
 - Check if the wall outlet is functional by plugging in another device.
 - Verify that your device's power input requirements (voltage and current) match the adapter's specifications.
 - Inspect the adapter cable and connector for any visible damage.
- **Device Flickers or Malfunctions:**
 - This may indicate an incompatible device or an issue with the adapter. Double-check device specifications.
 - Ensure the device is not drawing more current than the adapter can supply (1A).
- **Adapter Feels Hot:**
 - It is normal for power adapters to feel warm during operation. However, if it becomes excessively hot to the touch or emits a burning smell, unplug it immediately and discontinue use.

If troubleshooting steps do not resolve the issue, please contact customer support.

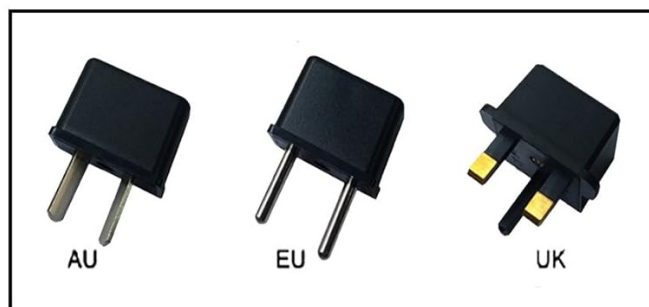

7. Specifications

Feature	Detail
Brand	UPBRIGHT
Model Number	YS35-3601000U (Also compatible with CND GM-769323 UV LED 3C 36V 1A Power)
Input Voltage	100-240 Volts (AC)
Output Voltage	36 Volts (DC)
Amperage	1 Ampere
Wattage	36 Watts
Connector Type	Barrel Connector
Compatible Devices	Lighting Equipment (e.g., CND LED Light Lamp Dryer 90200)
Special Feature	Short Circuit Protection
Color	Black
Product Dimensions	4 x 2 x 2 inches
Item Weight	0.01 ounces

8. Warranty Information

This UpBright product comes with a limited warranty. Please refer to the warranty certificate included with your purchase for detailed terms, conditions, and duration of coverage. Retain your proof of purchase for warranty claims.
