SALAV ST-50

SALAV ST-50 Professional Clothes Steamer and Iron User Manual

Model: ST-50

1. Important Safety Instructions

When using electrical appliances, basic safety precautions should always be followed to reduce the risk of fire, electric shock, and personal injury. Read all instructions before using this appliance.

- Always plug into a grounded outlet.
- Do not immerse the appliance in water or other liquids.
- Do not leave the appliance unattended while in use.
- Use only distilled or de-mineralized water to prevent mineral buildup and prolong appliance life.
- Keep hands and face away from the steam nozzle when steam is emitted.
- Do not operate the appliance with a damaged cord or plug.
- Unplug the appliance before filling with water, cleaning, or when not in use.
- This appliance is for household use only.

2. Product Overview

The SALAV ST-50 is a versatile 3-in-1 garment care system designed for efficient wrinkle removal and fabric care. It combines vertical steaming, dry ironing, and an integrated ironing board.

Key Features:

- **3-in-1 Functionality:** Offers vertical steaming, dry ironing, and a built-in ironing board for comprehensive garment care.
- **1800W Double Heating System:** Features a steam nozzle and main heater for powerful, quick steam generation, effectively melting hard wrinkles.
- **Multi-functional Rotatable Ironing Board:** The integrated ironing board can be adjusted to various angles, supporting both vertical steaming and horizontal ironing.
- **Portable Design:** The main body can be used without telescopic poles and base, making it portable for steaming curtains, household upholstery, and more.

- **90° Rotating Nozzle:** Allows for flexible steaming angles.

Components:

- Body Base
- Main Body (Steamer/Iron Unit)
- Water Tank (1.2 liters capacity)
- Multi-functional Rotatable Ironing Board
- Metal Hanger
- Collar Hanger
- Safety Rotating Nozzle Hanger
- Nozzle Cap (for delicate fabrics)
- Telescopic Poles

3. Setup Instructions

Follow these steps to assemble your SALAV ST-50 Steamer and Iron:

1. **Telescopic Poles Installation:** Insert the telescopic poles into the designated slots on the Body Base until they click into place. Adjust the poles to your desired height by releasing the clamps, extending, and then securing the clamps.
2. **Ironing Board Installation:** Attach the Multi-functional Rotatable Ironing Board to the top of the telescopic poles. Ensure it is securely fastened.
3. **Safety Rotating Nozzle Hanger Installation:** Slide the Safety Rotating Nozzle Hanger onto one of the telescopic poles at a convenient height. This will hold the steamer nozzle when not in use.
4. **Water Tank Installation:** Remove the water tank from the main body, fill it with distilled water, and then reinsert it into the main body until it locks securely.
5. **Attach Hangers:** Place the Metal Hanger or Collar Hanger onto the top of the ironing board as needed for your garments.

4. Operating Instructions

Your SALAV ST-50 offers multiple modes for optimal garment care.

Powering On and Mode Selection:

1. Ensure the water tank is filled and properly installed.
2. Plug the steamer into a grounded electrical outlet.
3. Press the power button on the touch control panel to turn on the unit.
4. Select your desired mode using the touch screen:
    - **Vertical Steaming Mode:** Ideal for hanging garments, curtains, and upholstery.
    - **Ironing (Dry Steaming) Mode:** For traditional ironing on the built-in board.
    - **Steam & Iron Mode:** Combines steam with direct ironing for stubborn wrinkles.
5. Wait for the indicator light to turn solid, indicating the unit has reached the optimal temperature (approximately 60 seconds for powerful steam).

Using the Steamer/Iron:

- **Vertical Steaming:** Hang the garment on the metal or collar hanger. Hold the steamer nozzle close to the fabric and move it up and down. The 90° rotating nozzle allows for easy maneuverability.
- **Horizontal Ironing:** Lay the garment flat on the built-in ironing board. Use the steamer head as a traditional iron, applying gentle pressure. The board can be adjusted to a 0° flat position for this.
- **Angled Steaming:** The ironing board can be set at 30° or 60° angles, providing support for steaming jackets, suits, and other structured garments.
- **Delicate Fabrics:** Use the provided Nozzle Cap for delicate materials to protect them from direct contact with the hot soleplate.
- **Portable Use:** The main body can be detached from the poles and base for handheld steaming of items like curtains or furniture.

Figure 4: User performing horizontal ironing on pants and vertical steaming on a jacket.

Figure 5: Portable use of the steamer for refreshing curtains.

5. Maintenance

Regular maintenance ensures optimal performance and extends the life of your steamer.

- **Water Tank:** Always empty the water tank after each use. Use only distilled or de-mineralized water to prevent mineral buildup.
- **Cleaning:** Wipe the exterior of the steamer with a soft, damp cloth. Do not use abrasive cleaners.
- **Descaling:** If you notice reduced steam output or mineral residue, descale the unit according to the instructions in the full manual (not provided here). This typically involves using a vinegar solution.
- **Storage:** Turn off and unplug the unit. Allow it to cool completely. Drain any remaining water. Store the steamer in an upright position in a cool, dry place. The compact design allows for easy storage.

6. Troubleshooting

If you encounter issues with your SALAV ST-50, refer to the following common solutions:

Problem	Possible Cause	Solution
No steam or low steam output	Water tank empty; Unit not heated sufficiently; Mineral buildup.	Refill water tank; Allow more time to heat up; Perform descaling.
Water leaking from nozzle	Unit not fully heated; Mineral buildup; Overfilled water tank.	Allow unit to heat completely; Perform descaling; Do not overfill water tank.
Appliance not turning on	Not plugged in; Power outlet issue; Unit malfunction.	Check power connection; Try a different outlet; Contact customer support.
Wrinkles not removing effectively	Not enough steam; Steamer not close enough to fabric; Fabric type.	Ensure full steam output; Hold nozzle closer; Use Steam & Iron mode for tougher wrinkles.

7. Specifications

Feature	Detail
Brand	SALAV
Model Number	ST-50
Color	RoseGold
Wattage	1800 watts
Voltage	120 volts
Water Tank Capacity	1.2 liters
