Logilink BP0043

LogiLink BP0043 Dual Monitor Desk Mount Instruction Manual

Model: BP0043 | Brand: Logilink

INTRODUCTION

Welcome to your LogiLink BP0043 Dual Monitor Desk Mount. This manual provides detailed instructions for the assembly, operation, and maintenance of your new monitor mount. Please read this manual thoroughly before installation and use to ensure proper setup and safe operation.

IMPORTANT SAFETY INFORMATION

Please read and understand all instructions before use. Failure to follow these instructions may result in property damage, serious injury, or death.

- Do not exceed the maximum weight capacity of 9 kg (19.8 lbs) per arm.
- Ensure the desk surface is strong enough to support the combined weight of the mount and monitors.
- Use only with monitors within the specified size range of 13-32 inches.
- Verify VESA compatibility (75x75mm, 100x100mm) before attachment.
- Keep small parts away from children.
- If any parts are missing or damaged, do not attempt to assemble. Contact customer support.

PACKAGE CONTENTS

Verify that all components are present before beginning assembly.

Item	Quantity
Dual Monitor Desk Mount Assembly	1
Mounting Hardware Kit (screws, washers, spacers)	1
Allen Keys	1 set
Instruction Manual	1

SETUP AND INSTALLATION

Step 1: Attach the Desk Clamp

Secure the desk clamp to the edge of your desk. Ensure it is tightened firmly for stability.

Description: This image shows the base of the monitor mount with its C-clamp mechanism, ready to be attached to a desk edge. The black knob at the bottom is used to tighten the clamp.

Step 2: Assemble the Monitor Arms

Connect the monitor arms to the main pole.

monitor mount, including VESA plate measurements (75x75mm, 100x100mm) and arm articulation ranges.

Step 4: Adjust Gas Spring Tension

Adjust the gas spring tension using the included Allen key to counterbalance the weight of your monitors. This allows for smooth height adjustment. Turn clockwise to increase tension for heavier monitors, counter-clockwise for lighter monitors.

OPERATING INSTRUCTIONS

Adjusting Monitor Position

The LogiLink BP0043 allows for extensive adjustment:

- **Tilt:** -90° to +90° (up/down)
- **Swivel:** -90° to +90° (left/right)
- **Rotation:** -90° to +90° (portrait/landscape)

Gently move the monitor to your desired position. The gas spring mechanism will hold it in place once adjusted correctly.

MAINTENANCE

- Clean the mount regularly with a soft, dry cloth. Avoid abrasive cleaners.
- Periodically check all screws and connections to ensure they remain tight.
- Do not lubricate the gas spring mechanism.

TROUBLESHOOTING

Monitor Sags or Does Not Stay in Position

This indicates the gas spring tension is too low for the monitor's weight. Increase the gas spring tension by turning the adjustment screw clockwise.

Monitor is Difficult to Move Up or Down

The gas spring tension may be too high. Decrease the gas spring tension by turning the adjustment screw counter-clockwise.

Mount is Unstable

Ensure the desk clamp is securely tightened to the desk. Check that the desk surface is stable and robust enough to support the mount and monitors.

SPECIFICATIONS

Feature	Detail
Model	BP0043
Brand	Logilink
Compatible Monitor Size	13 - 32 inches
Weight Capacity per Arm	Max. 9 kg (19.8 lbs)
VESA Compatibility	75x75mm, 100x100mm
Tilt Range	-90° to +90°
Swivel Range	-90° to +90°
Rotation Range	-90° to +90°
Material	Aluminum
Product Dimensions	23.82 x 47.64 x 47.64 inches
Item Weight	2.2 pounds
