RESPAWN RSP-110

RESPAWN 110 Ergonomic Gaming Chair (Model RSP-110) User Manual

Introduction

This manual provides essential information for the assembly, operation, and maintenance of your RESPAWN 110 Ergonomic Gaming Chair. Designed for comfort and support during long gaming sessions or workdays, this chair features a racing-style design, adjustable recline, extendable footrest, and ergonomic support pillows.

Safety Information

- Always follow all steps provided in the installation manual for proper assembly. Incorrect assembly can lead to instability and injury.
- Do not exceed the maximum weight capacity of 275 pounds (125 kg). Exceeding this limit may damage the chair and cause injury.
- Ensure the chair is used on a hard, level floor for optimal stability and to prevent damage to the casters.
- Keep hands and fingers clear of moving parts during adjustment to prevent pinching.
- Do not stand on the chair or use it as a step stool.

Setup and Assembly

The RESPAWN 110 Gaming Chair requires assembly. Please ensure all components are present before beginning. Refer

to the detailed assembly video for visual guidance.

Video 1: How to Assemble RESPAWN 110 Gaming Chair. This video provides a step-by-step guide for the complete assembly process of your gaming chair.

Key assembly steps typically include attaching the chair back to the seat, mounting the armrests, installing the gas lift and base, and attaching the casters. Ensure all screws are tightened securely after assembly.

Operating Instructions

Your RESPAWN 110 chair offers multiple adjustment options for personalized comfort:

- **Height Adjustment:** Use the lever located on the right side, beneath the seat, to raise or lower the chair to your desired height.
- **Recline Function:** The chair reclines between 90 and 155 degrees. Use the recline lever on the right side to adjust the backrest angle. The infinite angle lock allows you to secure the backrest in any position within this range.

- **Extendable Footrest:** Pull the footrest out from under the seat when you wish to recline and elevate your legs. Push it back in when not in use.
- **Lumbar and Headrest Support:** The adjustable lumbar and headrest pillows can be positioned to provide targeted support for your lower back and neck.
- **Padded Armrests:** The armrests are padded for comfort and pivot with the chair as it reclines.
- **360-Degree Swivel:** The chair base allows for full 360-degree rotation, enabling dynamic movement.

Figure 4: Detail of the extendable footrest.

Maintenance

To ensure the longevity and appearance of your RESPAWN 110 Gaming Chair, follow these maintenance guidelines:

- **Cleaning:** Wipe clean with a damp cloth. Avoid harsh chemicals or abrasive cleaners, as these can damage the bonded leather material.
- **Inspection:** Periodically check all bolts and screws to ensure they remain tight. Re-tighten if necessary to maintain stability.
- **Caster Care:** Keep casters free of hair and debris to ensure smooth rolling.
- **Leather Care:** For bonded leather, avoid prolonged exposure to direct sunlight or extreme temperatures, which can cause drying and cracking.

Troubleshooting

If you encounter issues with your RESPAWN 110 Gaming Chair, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Chair is wobbly or unstable	Loose screws or bolts; uneven floor surface.	Check and tighten all assembly screws. Ensure the chair is on a flat, even surface.
Chair makes squeaking noises	Loose connections; friction between parts.	Tighten all screws. Apply a small amount of silicone lubricant to moving parts or connection points if necessary.
Gas lift not adjusting height	Gas cylinder malfunction; lever mechanism issue.	Ensure the height adjustment lever is fully engaged. If the issue persists, contact customer support for a replacement gas lift.
Footrest does not extend or retract smoothly	Obstruction in the mechanism; bent components.	Check for any obstructions. Do not force the footrest. If bent, contact customer support.
Casters not rolling smoothly	Debris caught in casters; damaged casters.	Remove any hair or debris from the caster wheels. If casters are damaged, replacements may be needed.
