HUDORA 76923

HUDORA Football Goal Coach with Target Wall Instruction Manual

Model: 76923

INTRODUCTION

This manual provides essential instructions for the assembly, operation, and maintenance of your HUDORA Football Goal Coach with Target Wall, Model 76923. Please read these instructions carefully before use and retain them for future reference.

Image: The HUDORA Football Goal Coach with Target Wall, featuring a black frame and a black target wall with two circular openings.

SAFETY INFORMATION

Always prioritize safety during assembly and use. Failure to follow these guidelines may result in injury or damage to the product.

- Ensure all components are securely fastened before use.
- Always anchor the goal to the ground using the provided pegs to prevent tipping.
- Supervise children during play.
- Regularly inspect the goal for wear and tear, especially the net and frame connections.
- Do not climb on the goal frame.

PACKAGE CONTENTS

Verify that all parts are present before beginning assembly:

- Powder-coated tube frame components (25mm diameter)
- 5-fiber polyester mesh net
- Polyester target wall (black/red/white) with 2 reinforced holes
- 5 ground pegs for goal securing
- 6 ground pegs for target wall fixing
- Ropes for net fixation
- Easy-Click quick tension system components for target wall
- Assembly instructions

SETUP AND ASSEMBLY

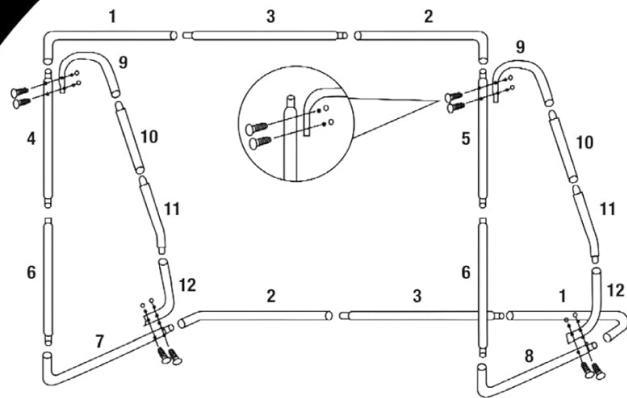

Follow these steps for quick and easy assembly of your football goal:

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out. Refer to the included assembly instructions for a detailed parts list and diagram.
2. **Assemble Frame:** The goal features an easy-click mount system. Connect the labeled rods according to the assembly diagram. Ensure all connections are securely clicked into place. The powder-coated tube frame has a 25mm diameter for stability.
3. **Attach Net:** Fix the 5-fiber polyester mesh net to the assembled frame using the provided ropes. Thread the ropes through the net and around the frame, ensuring the net is taut and evenly distributed.
4. **Secure Goal:** Position the goal in your desired location. Use the 5 provided ground pegs to firmly anchor the goal to the ground. Push the pegs through the designated loops or holes at the base of the frame until they are flush with the ground.
5. **Install Target Wall (Optional):** If using the target wall, attach it to the front of the goal using the Easy-Click quick tension system. The target wall is made of polyester and features two reinforced holes for accuracy training. Secure the target wall to the ground using the 6 additional ground pegs.

READY TO PLAY AT LIGHTNING SPEED

Easy construction
thanks to click installation
of the labeled rods

OPERATING INSTRUCTIONS

The HUDORA Football Goal Coach is designed for both training and leisure play.

- **Standard Play:** Use the goal without the target wall for regular football matches.
- **Accuracy Training:** Attach the target wall to practice shooting accuracy. Aim for the two reinforced holes to improve precision. The target wall can be easily attached and removed using the Easy-Click system.
- **Ground Anchoring:** Always ensure the goal is securely anchored with the provided pegs before any use to prevent movement or tipping during play.

FOOTBALL GOAL TRAINER WITH GOAL WALL

Durability

thanks to high-quality powder-coated tubular frame

Long-lasting fun

thanks to weather-resistant PE mesh

MAINTENANCE

Proper maintenance will extend the life of your HUDORA Football Goal:

- **Cleaning:** Wipe down the powder-coated tube frame with a damp cloth as needed. The polyester net and target wall can be rinsed with water.
- **Inspection:** Periodically check all frame connections to ensure they remain secure. Inspect the net and target wall for any tears or damage.
- **Storage:** While the goal is weatherproof, storing it indoors during harsh weather conditions or prolonged periods of non-use can help preserve its condition.
- **Ground Pegs:** Ensure ground pegs are always firmly in place when the goal is in use. Replace any bent or damaged pegs.

TROUBLESHOOTING

This section addresses common issues you might encounter:

- **Goal Instability:** Ensure all frame connections are fully engaged and the goal is properly anchored to the ground with all provided pegs. Check that the ground surface is level.
- **Net Sagging:** Re-tension the net ropes to ensure it is taut across the frame.
- **Target Wall Not Secure:** Verify that the Easy-Click quick tension system is correctly engaged and all 6 target wall pegs are firmly inserted into the ground.

SPECIFICATIONS

Model Number	76923
Product Dimensions (L x W x H)	213 x 76 x 152 cm
Item Weight	9.07 g (Note: This value appears unusually low and may be a data entry error. Typically, a football goal of this size would weigh several kilograms.)
Frame Material	Powder-coated Metal (Aluminium)
Frame Tube Diameter	25 mm
Net Material	5-fiber Polyester
Target Wall Material	Polyester
Color	Standard Edition (Black/Red/White for target wall)
