ORICO ORICO PHX35-5C

ORICO 3.5 Inch HDD/SSD Protection Box User Manual

Model: ORICO PHX35-5C

INTRODUCTION

The ORICO PHX35-5C Hard Drive Protection Box is designed to provide robust protection for your 3.5-inch HDDs and SSDs. Featuring anti-static, shockproof, and dustproof properties, this case ensures the safety and longevity of your valuable data storage devices. Its durable construction and thoughtful design make it an ideal solution for organizing and transporting your hard drives securely.

KEY FEATURES

- **Enhanced Protection:** Anti-static and shock-absorbing features effectively protect hard drives from impacts, scratches, and dents.
- **Universal Compatibility:** Designed to fit most standard 3.5-inch portable external hard drives, including popular brands like Seagate, Western Digital, and Toshiba (1TB, 2TB, 3TB, 4TB).
- **Secure Design:** Built-in EVA reinforced shock-resistant cushions provide internal protection, while a secure clasp ensures the case remains closed.
- **Efficient Organization:** Includes label stickers for easy classification and archive management of your data.
- **Stackable & Space-Saving:** Card slot design allows for neat and stable stacking, reducing desktop clutter.
- **Durable Construction:** Made from high-hardness PP plastic with ribbed reinforcements for long-lasting use.

SETUP AND USAGE

Setting up and using your ORICO Hard Drive Protection Box is straightforward. Follow these steps to ensure optimal protection for your hard drives:

1. **Opening the Case:** Locate the secure clasp on the side of the case. Gently press the clasp to release the lid and open the protection box.

Figure 1: The double buckle design ensures a secure closure.

2. **Inserting the Hard Drive:** Carefully place your 3.5-inch HDD or SSD into the interior space of the case. Ensure it sits snugly within the EVA shock-resistant cushions. The internal dimensions are approximately 6.1 x 3.9 x 1.1 inches.

Figure 2: A 3.5-inch hard drive fits securely within the case's protective interior.

3. **Closing the Case:** Close the lid firmly until you hear a click, indicating that the clasp has engaged securely. This ensures your drive is protected from dust, static, and physical impacts.
4. **Labeling for Organization:** Utilize the provided label stickers to write down important information about the stored drive, such as its contents, date of backup, or capacity. This aids in efficient data management.

Anti - static material design

Figure 3: Use the integrated label area to categorize your drives.

5. **Stacking and Storage:** The cases are designed to stack neatly and stably, optimizing storage space.

With a label you can write your information to classify your date and file

Figure 4: Cases can be stacked to save space and maintain organization.

MAINTENANCE

To ensure the longevity and effectiveness of your ORICO Hard Drive Protection Box, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the exterior of the case with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as they may damage the plastic.
- **Internal Care:** Periodically check the internal EVA cushions for any debris or dust. You can gently wipe them with a dry, lint-free cloth.
- **Storage:** Store the cases in a cool, dry place away from direct sunlight and extreme temperatures to prevent material degradation.
- **Inspection:** Before each use, inspect the case for any signs of damage, such as cracks or a loose clasp, which could compromise its protective capabilities.

TROUBLESHOOTING

If you encounter any issues with your ORICO Hard Drive Protection Box, consider the following common solutions:

Issue	Possible Cause	Solution
Case does not close securely.	Obstruction in the clasp mechanism or improper alignment.	Ensure no debris is blocking the clasp. Align the lid properly and press firmly until it clicks.
Hard drive does not fit.	Incorrect drive size.	Verify that your hard drive is a standard 3.5-inch HDD/SSD. This case is not designed for 2.5-inch drives without additional padding.
Case appears damaged.	Physical impact or manufacturing defect.	If the case is cracked or severely damaged, replace it to ensure adequate protection for your drive.

SPECIFICATIONS

Attribute	Detail
Brand	ORICO
Model Number	ORICO PHX35-5C
Compatible Devices	3.5 Inch Hard Drive
Product Dimensions	6.38 x 4.69 x 1.18 inches
Item Weight	1.21 pounds (for the pack of 5)
Material	High-hardness PP plastic, EVA foam
Special Features	Card Slots, Heavy Duty Protection, Anti-Static, Shockproof
Color	Multi-Color (as per product variant)
Manufacturer	SHENZHEN ORICO TECHNOLOGIES CO.,LTD
