Total Length	12 inches (30 cm)
Teeth Length	10.2 inches (26 cm)
Quantity	100 pieces (5 of each of 20 colors)
Product Dimensions	12 x 1 x 0.01 inches
Item Weight	0.16 ounces

UPC	738920033197

4. Usage Guidelines

These nylon coil zippers are suitable for a variety of sewing and crafting applications. They can be easily sewn into fabric using a standard sewing machine or by hand. Consider the color and length requirements of your project before selecting a zipper.

4.1. General Application

- **Apparel:** Use for dresses, skirts, jackets, and other clothing items.
- **Home Decor:** Ideal for pillow covers, cushion covers, and small upholstery projects.
- **Bags & Accessories:** Perfect for creating pouches, purses, wallets, and other fabric accessories.
- **Crafts:** Suitable for various DIY craft projects requiring a secure closure.

4.2. Sewing Tips

- Always pre-wash and iron your fabric before sewing to prevent shrinkage.
- Use a zipper foot on your sewing machine for precise stitching close to the zipper teeth.
- For projects requiring a shorter zipper, the nylon coil can be trimmed to the desired length after sewing, ensuring the zipper pull is secured at the top.

Image 1: An assortment of SUNVORE 12-inch nylon coil zippers in multiple vibrant colors, arranged in an overlapping pattern. The zippers feature matching colored pulls and coils, showcasing the product's diverse color options suitable for various sewing and craft projects.

5. Operating the Zippers

SUNVORE nylon coil zippers are designed for smooth and reliable operation. To open or close the zipper, simply hold the fabric on either side of the zipper tape and gently pull the slider in the desired direction.

5.1. Smooth Operation Demonstration

Your browser does not support the video tag.

Video 1: This video demonstrates the smooth operation and high quality of the nylon invisible zippers. It shows the zipper being opened and closed effortlessly, highlighting its functionality and discreet design when sewn into fabric.

5.2. Auto-Lock Feature

Some nylon coil zippers feature an auto-lock slider. This mechanism prevents the zipper from opening unintentionally. To move the slider, ensure the pull tab is in the down position (parallel to the zipper tape) and then pull. When the pull tab is released, it will automatically lock the slider in place.

Video 2: This video illustrates the auto-lock mechanism of the #3 nylon coil zippers. It shows how the zipper pull securely locks in place, preventing accidental opening, and demonstrates the smooth gliding action of the zipper teeth.

6. Care and Maintenance

Proper care will extend the life and functionality of your nylon coil zippers.

- **Cleaning:** Zippers can be cleaned along with the garment or item they are sewn into. Follow the care instructions for the fabric.
- **Drying:** Air drying is recommended to prevent potential heat damage to the nylon coils. If machine drying, use a low heat setting.
- **Ironing:** Avoid direct high heat on the zipper teeth and tape. If ironing is necessary, use a low heat setting and place a cloth over the zipper.
- **Storage:** Store zippers in a dry place away from direct sunlight to prevent discoloration or material degradation.

7. Troubleshooting

7.1. Zipper Sticking

If a zipper becomes difficult to move, it may be due to fabric caught in the teeth or a lack of lubrication.

- **Check for Fabric:** Carefully inspect the zipper teeth for any trapped fabric. Gently pull the fabric away from the slider.
- **Lubrication:** Apply a small amount of graphite (from a pencil), wax, or a specialized zipper lubricant to the teeth. Move the slider back and forth gently to distribute the lubricant.

7.2. Zipper Separating

If the zipper teeth separate after closing, it may indicate wear or misalignment.

- **Re-align:** Try to gently pull the slider back to the bottom of the zipper and re-engage the teeth.
- **Inspect Slider:** A loose slider can cause separation. If the slider appears too wide, it may be gently compressed with pliers, but exercise caution to avoid damaging the slider or teeth.

8. Warranty and Support

For any issues or inquiries regarding SUNVORE products, please contact our customer service team by email. We are committed to providing prompt assistance and will reply to you as soon as possible.

Please refer to your purchase documentation for specific warranty details, if applicable.
