The Flash Furniture Hercules Series Folding Dining Table arrives pre-assembled. Setup primarily involves unfolding and securing the legs for use.

- Prepare the Area:** Choose a clean, flat, and soft surface (like a rug or blanket) to place the table upside down. This protects the tabletop from scratches during setup.
- Locate Leg Mechanisms:** On the underside of the table, identify the folding leg assemblies and the locking pin mechanisms.
- Unfold Legs:** Carefully unfold each leg assembly outwards until it is fully extended and perpendicular to the tabletop.
- Secure Legs:** Insert the provided locking pins into the designated holes on each leg assembly. Ensure the pins are fully inserted and secure to prevent accidental folding and ensure stability.
- Position Table:** With assistance, carefully flip the table upright. It is recommended to have two people for this step due to the table's weight (120 lbs).

## 5. MAINTENANCE

---

Proper maintenance will help preserve the appearance and extend the lifespan of your Flash Furniture Hercules Series Folding Dining Table.

- **Cleaning:** Clean the tabletop and frame using a soft cloth dampened with a water-based cleaner. Avoid using harsh chemicals, abrasive cleaners, or scouring pads, as these can damage the wood finish.
- **Spill Management:** Wipe up any spills immediately to prevent staining or water damage to the wood.
- **Environmental Exposure:** While the table can be used for outdoor events in good weather, it is primarily intended for indoor use. Prolonged exposure to direct sunlight, rain, or high humidity is not recommended and may cause damage. Always store the table indoors when not in use.
- **Hardware Check:** Periodically inspect all screws, bolts, and locking pins to ensure they are tight and secure. Tighten any loose hardware as needed.

## 6. TROUBLESHOOTING

---

If you encounter any issues with your table, please refer to the following common troubleshooting tips:

- **Table is Wobbly:** Ensure that all four legs are fully extended and that the locking pins are completely engaged in their respective holes. Check that the table is placed on a flat, even surface.
- **Legs are Difficult to Fold/Unfold:** Inspect the folding mechanism for any obstructions or debris. Do not force the legs. Ensure the locking pins are fully disengaged before attempting to fold.
