

GM Seating GMVAPL-BR

GM Seating Ergolux Executive Chair Instruction Manual

Model: GMVAPL-BR

INTRODUCTION

Thank you for choosing the GM Seating Ergolux Executive Chair. This manual provides detailed instructions for assembly, operation, maintenance, and troubleshooting to ensure optimal use and longevity of your chair. Please read this manual thoroughly before assembly and use.

SAFETY INFORMATION

- Ensure all components are present and undamaged before assembly. Do not use if any parts are missing or broken.
- Do not exceed the maximum weight capacity of **275 pounds (125 kg)**.
- Assemble the chair on a soft, clean surface to prevent scratches.
- Keep children and pets away during assembly.
- Periodically check all bolts and screws to ensure they remain tight.

ASSEMBLY INSTRUCTIONS

Assembly is straightforward and requires only a few screws and bolts. Follow the steps below for quick setup.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a protected surface. Verify all components are present according to the included parts list.
2. **Attach Casters to Base:** Insert the five silent PU wheels into the holes on the star base until they click securely into place.
3. **Insert Gas Lift:** Place the gas lift cylinder into the center hole of the star base.
4. **Attach Seat Mechanism:** Secure the seat mechanism to the underside of the seat cushion using the provided screws. Ensure the front of the mechanism faces the front of the seat.

5. **Connect Seat to Gas Lift:** Place the assembled seat onto the gas lift cylinder.
6. **Attach Backrest:** Align the backrest with the seat and secure it using the designated screws.
7. **Install Armrests:** Attach the armrests to the sides of the seat and backrest using the provided hardware.
8. **Attach Headrest:** Slide the adjustable headrest into its slot at the top of the backrest.

Once assembled, ensure all connections are secure before using the chair.

OPERATING INSTRUCTIONS AND ADJUSTMENTS

The Ergolux Executive Chair offers multiple adjustments for personalized comfort and ergonomic support.

- **Seat Height Adjustment:** Locate the lever on the right side under the seat. Pull the lever up to raise the seat; release it at the desired height. To lower, remain seated and pull the lever up.
- **Backrest Recline:** The backrest reclines from 90° to 160°. Pull out the adjustment lever (typically on the left side) to recline. Push the lever back in to lock the backrest at your preferred angle.

- **Lumbar Support:** The chair features flexible lumbar support designed to conform to your spine. This support adjusts automatically with your posture.
- **Adjustable Headrest:** The headrest can be moved up or down to support your neck and head comfortably. Gently pull or push the headrest to adjust its height.
- **Armrest Adjustment:** The armrests are 3D adjustable. Use the buttons or levers on the armrests to adjust their height, depth, and angle.
- **360-Degree Swivel and Wheels:** The chair features a 360-degree swivel function and silent PU wheels for smooth movement across various floor surfaces.

MAINTENANCE AND CARE

Proper care will extend the life and appearance of your executive chair.

- **Cleaning:** For the genuine leather surfaces, spot clean with a damp cloth and mild soap. Avoid harsh chemicals or abrasive cleaners, which can damage the leather.
- **Frame and Base:** Wipe metal and plastic components with a soft, dry cloth.
- **Casters:** Periodically clean the wheels to remove dust, hair, and debris that may hinder smooth movement.
- **Fasteners:** Regularly check all screws and bolts for tightness and re-tighten as necessary to maintain stability and safety.

TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Chair feels unstable or wobbly	Loose screws or bolts; uneven assembly.	Check and tighten all assembly screws and bolts. Ensure the chair is assembled on a flat surface.
Gas lift not adjusting height	Gas lift cylinder malfunction; lever not engaged correctly.	Ensure the height adjustment lever is fully engaged. If the issue persists, the gas lift may need replacement. Contact customer support.
Casters not rolling smoothly	Debris (hair, dust) caught in casters; damaged casters.	Clean casters thoroughly. If damaged, replacement casters may be needed.
Backrest not reclining or locking	Recline mechanism jammed or damaged; lever not engaged.	Ensure the recline lever is fully pulled out or pushed in. Check for any obstructions. If damaged, contact customer support.
Squeaking noises	Loose connections; friction between parts.	Tighten all screws. Apply a small amount of silicone lubricant to moving parts if necessary, avoiding contact with leather.

PRODUCT SPECIFICATIONS

Brand: GM Seating

Model Name: Ergolux

Model Number: GMVAPL-BR

Color: Brown

Material: Genuine Top Grain Leather, Metal Frame, Foam Fill

Product Dimensions (D x W x H): 29.13" x 27.56" x 54.46" (74cm x 70cm x 138cm)

Item Weight: 69 Pounds (31.3 kg)

Maximum Weight Recommendation: 275 Pounds (125 kg)

Seat Depth: 18 inches (45.7 cm)

Chair Backrest Width: 25 inches (63.5 cm)

Features: Ergonomic, Adjustable Head Support, Rolling Casters, Swivel, Multiple Reclining Positions, Tilting
