EcoDecors ED1050

EcoDecors Satori 14" Solid Teak Shower Bench Instruction Manual

Model: ED1050

Brand: EcoDecors

1. INTRODUCTION

The EcoDecors Satori 14-inch Solid Teak Shower Bench is designed for use in various environments, including showers, bathrooms, and outdoor spaces. Crafted from sustainably sourced Indonesian plantation teak, this bench offers natural water resistance and durability. Its compact design and adjustable features provide both functionality and comfort.

This manual provides essential information for the assembly, proper use, and maintenance of your EcoDecors Satori Teak Shower Bench.

2. PRODUCT FEATURES

- **Solid Teak Construction:** Made from sustainably sourced Indonesian plantation teak, known for its strength and natural water resistance.
- **Compact & Functional Design:** Measures 14" x 10" x 14", suitable for small showers, bathrooms, or outdoor areas.
- **EarthyTeak Finish:** Features warm, natural tones that complement various decor styles.
- **Slatted Seat for Quick Drainage:** Designed to prevent water buildup, ensuring a dry and comfortable surface.
- **Adjustable Rubber Feet:** Built-in leveling feet allow for independent adjustment on uneven surfaces, enhancing stability.

This video provides a brief overview of the EcoDecors Compact Teak Satori Shower Stool, highlighting its design and suitability for various uses.

3. SETUP AND ASSEMBLY

The EcoDecors Satori Teak Shower Bench requires assembly. All necessary tools are provided in the packaging. Please follow the steps below or refer to the assembly video for detailed instructions.

Assembly Instructions Video

Your browser does not support the video tag.

This video demonstrates the step-by-step assembly process for the Satori Shower Bench, ensuring proper setup.

General Assembly Steps:

1. Carefully open the box and remove all contents. Ensure all parts and hardware are present.
2. Place the leg assemblies so that the mortise holes are facing up. Insert the cross bars into the designated slots.
3. Place the seat upside down. Insert the assembled leg structure into the mortise holes on the underside of the seat.
4. Insert the four seat screws and lightly fasten them. Do not tighten fully yet.
5. Once all screws are in place, fully tighten all screws to ensure stability.
6. Verify that the bench is stable and all connections are secure before use.

4. OPERATING INSTRUCTIONS

The EcoDecors Satori Teak Shower Bench is designed for versatile use. It can be used as a seating option in your shower, a bath stool, or as a decorative and functional piece in other areas of your home or outdoors.

- **Showers Use:** Place the bench in your shower for comfortable seating while bathing or for assistance with tasks like shaving. The slatted design allows for efficient water drainage.
- **Adjustable Feet:** Utilize the adjustable rubber feet to level the bench on slightly sloped or uneven surfaces, ensuring maximum stability and safety.
- **Weight Capacity:** The bench is designed to support a maximum weight of 250 pounds. Do not exceed this limit.
- **Indoor/Outdoor:** Teak's natural properties make it suitable for both indoor and outdoor environments.

ASSEMBLY

The shower bench provides a stable and comfortable surface for various shower activities, such as shaving.

5. MAINTENANCE

Teak wood is naturally resistant to water and decay, making it a low-maintenance material. To ensure the longevity and appearance of your EcoDecors Satori Teak Shower Bench, follow these simple maintenance guidelines:

- **Regular Cleaning:** Wipe down the bench regularly with a soft cloth and mild soap and water. Rinse thoroughly and allow to air dry.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, harsh chemicals, or scouring pads, as these can damage the teak finish.
- **Teak Oil (Optional):** Over time, teak may develop a silvery-gray patina. If you prefer to maintain the original warm brown color, you can apply a teak oil treatment periodically. Follow the instructions on the teak oil product.

- **Drying:** After shower use, it is recommended to allow the bench to air dry completely. The slatted design aids in quick drying.

6. TROUBLESHOOTING

No specific troubleshooting steps are typically required for this product. If you encounter any issues with assembly or product integrity, please refer to the assembly video or contact customer support.
