Gardena 18515-20

Gardena CleverRoll M Easy Hose Reel (Model 18515-20) Instruction Manual

1. Introduction

Thank you for choosing the Gardena CleverRoll M Easy Hose Reel. This manual provides essential information for the safe and efficient assembly, operation, and maintenance of your new hose reel. Please read these instructions carefully before first use and keep them for future reference.

2. Safety Information

- Always ensure the hose reel is placed on a stable, level surface before use to prevent tipping.
- Do not allow children to play with the hose reel.
- Avoid pulling the hose with excessive force, as this may damage the product or cause injury.
- Disconnect water supply when the hose reel is not in use or during transport.
- Store the hose reel in a frost-free environment during winter months to prevent damage, despite its frost-resistant design.

3. Setup

3.1. Assembly

The Gardena CleverRoll M Easy is designed for tool-free assembly. Follow the visual instructions provided with your product for quick setup.

Image: A woman kneeling in a garden, assembling the Gardena CleverRoll M Easy hose reel. The hose reel is turquoise and grey with orange accents, featuring a metal frame and wheels.

3.2. Connecting the Hose

Connect your garden hose to the designated inlet on the hose reel. Ensure a secure connection to prevent leaks.

4. Operating

4.1. Unrolling the Hose

To unroll the hose, simply pull it to the desired length. The Kick&Stand feature provides maximum stability, preventing the trolley from moving or tipping even when the hose is pulled.

4.2. Rewinding the Hose

Use the crank handle to rewind the hose. The integrated hose guide ensures the hose is wound evenly and neatly in layers, keeping your hands clean during the process.

Image: A woman kneels in a garden, using the crank handle to rewind the hose onto the Gardena CleverRoll M Easy hose reel. The hose is neatly guided onto the reel.

5. Maintenance

- **Frost Resistance:** The Gardena CleverRoll M Easy features innovative frost resistance. However, for prolonged periods of freezing temperatures, it is recommended to store the hose reel in a frost-free area and drain any remaining water from the hose and reel.
- **No Water Leakage:** The design prevents water leakage after use or during transport. Regularly check all

connections for tightness to maintain this feature.

- **Cleaning:** Clean the hose reel with a damp cloth. Avoid using harsh chemicals or abrasive materials that could damage the surfaces.

6. Troubleshooting

- **Hose not winding smoothly:** Ensure the hose guide is clean and free from debris. Check that the hose is not kinked or twisted before winding.
- **Water leakage:** Verify that all hose connections are securely tightened. Inspect the hose and connectors for any damage or wear.
- **Hose reel unstable during use:** Ensure the Kick&Stand support is fully extended and the hose reel is on a firm, level surface.

7. Specifications

Feature	Specification
Model Number	18515-20
Dimensions (L x W x H)	43 x 38 x 72 cm
Weight	3.8 Kilograms
Frame Material	Metal
Structure Material	Polyvinyl Chloride
Special Features	Foldable, Stable, Frost Resistant, Anti-drip
Max. Hose Capacity (13mm / 1/2")	60 meters
Max. Hose Capacity (15mm / 5/8")	50 meters
Max. Hose Capacity (19mm / 3/4")	35 meters
Number of Wheels	2
Assembly Required	Yes
