LAPLINK USB 3.0 Edition

Laplink PCmover Ultimate 11 User Manual

Migration of Applications, Files, and Settings from Old PC to New PC

1. Product Overview

Laplink PCmover Ultimate 11 is a comprehensive software solution designed to simplify the migration of your entire PC personality from an old computer to a new one. This includes applications, files, and settings, ensuring a seamless transition without the need to manually reinstall programs or search for old license keys. The USB 3.0 Edition includes an optional Super Speed USB 3.0 Transfer Cable for enhanced transfer speeds.

2. System Requirements and Compatibility

PCmover Ultimate 11 is compatible with a wide range of Windows operating systems, facilitating transfers between various versions. This ensures that your data and applications can be moved reliably across different Windows environments.

- **Supported Operating Systems:** Windows XP, Windows Vista, Windows 7, Windows 8, Windows 8.1, Windows 10, Windows 11.
- **Product Dimensions:** 5.25 x 1.25 x 7.5 inches; 4.16 ounces.
- **Manufacturer:** Laplink Software.
- **First Available:** January 12, 2018.
- **Country of Origin:** USA.

3. Setup and Installation

The setup process for PCmover is designed to be straightforward, guiding users through the necessary steps to prepare both the old and new computers for data transfer.

1. **Install PCmover:** Install and run PCmover on both your old and new computers. Follow the on-screen prompts for installation.
2. **Connect PCs:** Connect both PCs using Wi-Fi, a network cable, or the optional High-Speed USB 3.0 Transfer Cable included with this edition. PCmover's AI and Smart Connection features will help select the fastest transfer method.
3. **Follow Wizard:** Once connected, follow the easy-to-use wizard to initiate and manage the transfer process.

4. Operating the Software: Data Transfer

PCmover offers various transfer options to suit your specific needs, allowing you to migrate everything or select specific items.

- **Standard (Recommended):** This option transfers all your selected applications, files, and settings, making your new PC look and feel like your old one.
- **User Accounts, Files, and Settings (No Applications):** Transfers important files and settings, allowing you to install applications yourself.
- **Files Only Transfer:** Transfers only your important files, giving you control over application installation.

- **Let Me Choose:** Provides full control to customize the transfer by selecting specific applications, files, folders, and settings.

6. Troubleshooting and Support

Laplink provides dedicated support to assist users with any issues encountered during the transfer process.

- **24/7 Customer Support:** If you encounter any difficulties or have questions, free 24/7 help is available.
- **Contact Information:** Visit laplink.com/contact for assistance.
- **Feedback:** Share your experience at laplink.com/feedback.
- **Undo Feature:** PCmover includes an "undo" feature, allowing you to revert changes if needed, providing flexibility and peace of mind during migration.

7. Warranty and Service

Laplink stands by its products with comprehensive support services.

- **Customer Service:** 24/7 customer service is available to ensure a smooth experience.
- **License:** One license covers unlimited transfer attempts from one source to one destination. Additional licenses are required for more PCs.
