Meanail Paris Design Kit User Manual

Model: B0778VT8QT

INTRODUCTION

This user manual provides comprehensive instructions for the Meanail Paris Design Kit, designed for semi-permanent manicures. Please read this manual carefully before first use to ensure proper operation, safety, and longevity of your product.

PACKAGE CONTENTS

The Meanail Paris Design Kit includes the following components:

- 1 x 24 W dual technology Icone lamp
- 1 x 5 ml nude UV gel polish
- 1 x 2-in-1 top/base coat
- 5 x cuticle pusher sticks
- 10 x degreasing wipes
- 30 x remover wipes
- 1 x shine buffer
- 2 x nail files
- 1 x pair of toe separators
- 1 x cuticle cutter
- 1 x manicure brush
- 1 x instruction manual (this document)

SETUP

Before beginning your manicure, ensure you have a clean, well-lit workspace. Unpack all components from the kit and arrange them for easy access.

1. **Lamp Placement:** Place the Meanail Icone lamp on a stable, flat surface.
2. **Power Connection:** Connect the lamp to a power source using the provided plug and USB lead. The lamp is ready for use when connected.
3. **Accessory Preparation:** Lay out all necessary accessories such as nail files, cuticle pushers, wipes, and polishes.

OPERATING INSTRUCTIONS: SEMI-PERMANENT MANICURE APPLICATION

Follow these steps for a professional-looking semi-permanent manicure:

1. **Step 1: Prepare Your Nails.** Shape your nails using the provided nail files. Gently push back cuticles with a cuticle pusher. Use the shine buffer to lightly buff the nail surface, removing any natural oils and creating a suitable texture for polish adhesion.
2. **Step 2: Apply Primer.** Apply a thin, even layer of primer to each nail. Allow it to air dry completely. This step enhances adhesion of the gel polish.
3. **Step 3: Apply Base Coat.** Apply a thin layer of the 2-in-1 Base/Top Coat. Ensure the coat is even and does not touch the cuticles or skin.
4. **Step 4: Cure Base Coat.** Place your hand under the Meanail Icone lamp. The lamp will automatically activate. Cure the base coat for 60 seconds. The lamp's dual UV/LED technology ensures quick curing.
5. **Step 5: Apply Color Coat.** Apply a thin, even layer of the Basic Nude UV gel polish. For optimal color intensity and coverage, two layers are recommended.
6. **Step 6: Cure Color Coat.** After applying each layer of color polish, place your hand under the lamp and cure for 60 seconds. Repeat for the second layer if applied.
7. **Step 7: Apply Top Coat.** Apply a final thin layer of the 2-in-1 Base/Top Coat for a glossy finish and added protection.
8. **Step 8: Cure Top Coat.** Place your hand under the lamp and cure the top coat for 60 seconds.
9. **Step 9: Cleanse.** After the final curing, the nails may feel slightly tacky. Use a degreasing wipe to gently wipe each

nail, removing the sticky residue and revealing a high-gloss finish.

**Step 1 : Ready your nails
by giving them the desired shape**

Step 2 : Apply primer and let dry

**Step 3 : Apply the Base
Top coat 2 in 1**

Step 4 : Catalyse (60 sec)

Image: Visual guide for manicure steps 1 through 4, including nail shaping, primer application, base coat application, and initial curing.

**Step 5 : Apply the Basic Nude
(we recommend 2 layers)**

**Step 6 : After catalysing
the nail varnish, apply the Top coat**

Step 7: Catalyse the Top coat

Result : A perfect manicure

MAINTENANCE

Proper maintenance ensures the longevity of your Meanail Paris Design Kit components.

- **Lamp Cleaning:** After each use, gently wipe the interior and exterior of the UV/LED lamp with a soft, dry cloth. Avoid using abrasive cleaners or solvents.
- **Polish Storage:** Store gel polishes in a cool, dark place away from direct sunlight and heat to prevent premature curing or thickening. Ensure bottle caps are tightly sealed.
- **Accessory Care:** Clean nail files and other reusable tools after each use. Store all accessories in a clean, dry container to prevent contamination.
- **Remover and Cleaner:** Ensure bottles of remover and cleaner are tightly sealed when not in use to prevent evaporation.

TROUBLESHOOTING

If you encounter issues with your Meanail Paris Design Kit, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Gel polish not curing properly (still sticky after curing)	<ul style="list-style-type: none"> • Too thick layers of polish. • Insufficient curing time. • Lamp not functioning optimally. • Tacky layer not wiped off. 	<ul style="list-style-type: none"> • Apply thinner, even coats of polish. • Ensure each layer is cured for the recommended 60 seconds. • Verify the lamp is powered on and functioning (indicator light). • Wipe the tacky inhibition layer with a degreasing wipe after final cure.
Gel polish chipping or peeling prematurely	<ul style="list-style-type: none"> • Improper nail preparation (e.g., not buffing, oils on nail). • Polish applied too close to cuticles. • Edges not capped. 	<ul style="list-style-type: none"> • Ensure nails are properly prepped, buffed, and free of oils. • Apply polish slightly away from cuticles and sidewalls. • "Cap" the free edge of the nail with each coat to seal it.
Difficulty removing gel polish	<ul style="list-style-type: none"> • Insufficient soaking time with remover. • Top coat not adequately filed. 	<ul style="list-style-type: none"> • Gently file off the top coat before soaking. • Ensure nails are soaked for the recommended time (e.g., 10-15 minutes) using the remover wipes. • If necessary, re-soak for an additional 5-10 minutes.
Lamp sensor not activating or inconsistent operation	<ul style="list-style-type: none"> • Hand not fully inserted. • Power connection issue. 	<ul style="list-style-type: none"> • Ensure your hand is fully and correctly positioned inside the lamp. • Check that the power cable is securely connected to both the lamp and the power outlet.

SPECIFICATIONS

Feature	Detail
Product Name	Meanail Paris Design Kit
Model Number	B0778VT8QT
Brand	Plastimea
Lamp Type	UV/LED Dual Technology Icone Lamp
Lamp Power	24 W
Wavelengths	365 nm + 405 nm
Gel Polish Volume	5 ml (Basic Nude)
Remover/Cleaner Volume	100 ml each (approx. 115ml as per feature bullets)
Product Dimensions (L x W x H)	12.5 x 28.5 x 36 cm
Product Weight	1.54 kg
Safety Compliance	Meets European standards (EMC, LVD, RoHS). Polishes free from CMR substances.
Special Features	Vegan & Cruelty-Free nail polish (PETA approved)

WARRANTY INFORMATION

Specific warranty details for the Meanail Paris Design Kit are not provided in this manual. For information regarding product warranty, please refer to the product packaging, the retailer's website where the product was purchased, or contact the manufacturer directly.
