

UPBRIGHT SB2920-D6

UpBright 16V AC/DC Adapter Instruction Manual

FOR VIZIO SOUND BAR MODELS SB2920-D6, SB2920D6, SB2920-D6C-RB

1. Introduction

Thank you for choosing the UpBright 16V AC/DC Adapter. This adapter is designed to provide reliable power to your VIZIO Sound Bar, specifically compatible with models SB2920-D6, SB2920D6, and SB2920-D6C-RB. Please read this manual carefully before use to ensure proper installation and operation.

2. Important Safety Information

- **Compatibility:** This adapter is designed for 16V VIZIO Sound Bar models only. **It is NOT compatible with 5V versions.** Verify your device's voltage requirements before connecting.
- **Indoor Use Only:** Do not expose the adapter to rain, moisture, or extreme temperatures.
- **Proper Ventilation:** Ensure the adapter has adequate ventilation and is not covered during operation to prevent overheating.
- **Avoid Damage:** Do not use the adapter if the cord or plug is damaged. Do not attempt to open or repair the adapter.
- **Disconnect When Not in Use:** Unplug the adapter from the power outlet when not in use for extended periods.

3. Package Contents

Your package should contain the following items:

- UpBright 16V AC/DC Adapter
- Power Cord (integrated)

4. Setup and Connection

Follow these steps to connect your UpBright AC/DC Adapter to your VIZIO Sound Bar:

1. **Verify Compatibility:** Before connecting, ensure your VIZIO Sound Bar requires a 16V DC input. Check the label on your sound bar or its original power adapter.
2. **Connect to Sound Bar:** Insert the barrel connector of the UpBright adapter firmly into the 'DC IN' port on the back of your VIZIO Sound Bar.
3. **Connect to Power Outlet:** Plug the AC end of the adapter into a standard 100-240VAC 50/60Hz wall outlet.
4. **Power On:** Once connected, your sound bar should receive power. You can then power it on using its power button or remote control.

5. Operation

The UpBright AC/DC Adapter functions as a direct power source for your VIZIO Sound Bar. Once connected, it continuously supplies the necessary 16V DC power. There are no user-adjustable settings on the adapter itself.

6. Maintenance and Care

- **Cleaning:** Disconnect the adapter from the power outlet and the sound bar before cleaning. Use a soft, dry cloth to wipe the surface. Do not use liquid cleaners or aerosols.
- **Storage:** Store the adapter in a cool, dry place when not in use. Avoid wrapping the cord too tightly around the adapter.
- **Inspection:** Periodically inspect the adapter and cord for any signs of damage, such as cuts, fraying, or bent pins. If damage is found, discontinue use and replace the adapter.

7. Troubleshooting

- **No Power to Sound Bar:**
 - Ensure the adapter is securely plugged into both the sound bar and the wall outlet.
 - Check if the wall outlet is functional by plugging in another device.
 - Verify that the sound bar's power button is pressed or the remote control is working.
 - Confirm that your sound bar is indeed a 16V model and not a 5V model.
- **Adapter Overheating:**

- Ensure the adapter is in a well-ventilated area and not covered.
- If overheating persists, discontinue use and contact support.

8. Specifications

Brand	UPBRIGHT
Model Number	VIZIO SoundBar SB2920-D6 16V Power
Input Voltage	100-240VAC, 50/60Hz
Output Voltage	16V DC
Output Current	1.5A - 2.25A (1500mA)
Maximum Power	24 Watts (Output Wattage: 36 Watts)
Connector Type	Barrel Connector
Safety Features	OVP (Over Voltage Protection), OCP (Over Current Protection), SCP (Short Circuit Protection)
Certification	CE, CCC, RoHS

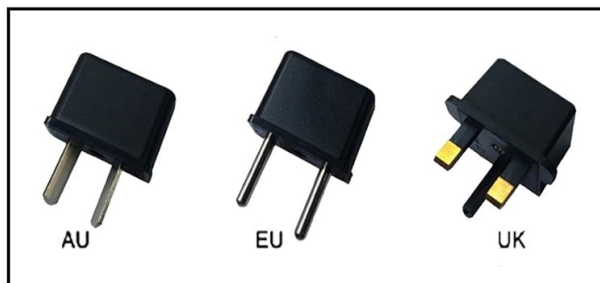

9. Warranty and Support

UpBright products are designed for reliability and performance.

- **Warranty:** This product comes with a 30-day refund policy and a 24-month exchange warranty.
- **Customer Support:** For any questions, technical assistance, or warranty claims, please refer to the contact information provided with your purchase or visit the official UpBright website.
