- Do not overload the cabinet. The maximum weight capacity is 20 kilograms (approximately 44 pounds). Exceeding this limit may cause damage or instability.
- For added safety, especially in homes with children, consider anchoring the cabinet to a wall using appropriate anti-tip hardware (not included unless specified in assembly instructions).
- Keep small parts and hardware away from children during assembly.
- Ensure the cabinet is placed on a level, stable surface to prevent tipping.

SETUP AND ASSEMBLY

The Sauder Viabella Storage Cabinet requires assembly. It is recommended to have two adults for assembly due to the weight and size of the components. The package is extremely heavy, weighing approximately 95 pounds (43 kg).
