### Ameriwood Home 7532096COM

# Ameriwood Home Farmington 31.5" Wide Rustic Cabinet Instruction Manual

Model: 7532096COM

## PRODUCT OVERVIEW

This Systembuild Evolution Farmington 31.5" Storage Cabinet is inspired by the weathered look of an old barn. The cabinet's farmhouse style brings a unique element to your space. Its rustic finish provides a distinctive appearance. The cabinet features four shelves, two of which are adjustable, offering versatile storage and organization solutions.

## SETUP AND ASSEMBLY

---

The Ameriwood Home Farmington 31.5" Wide Rustic Cabinet ships flat to your door and requires assembly. It is recommended that assembly be performed by two adults to ensure proper and safe construction.

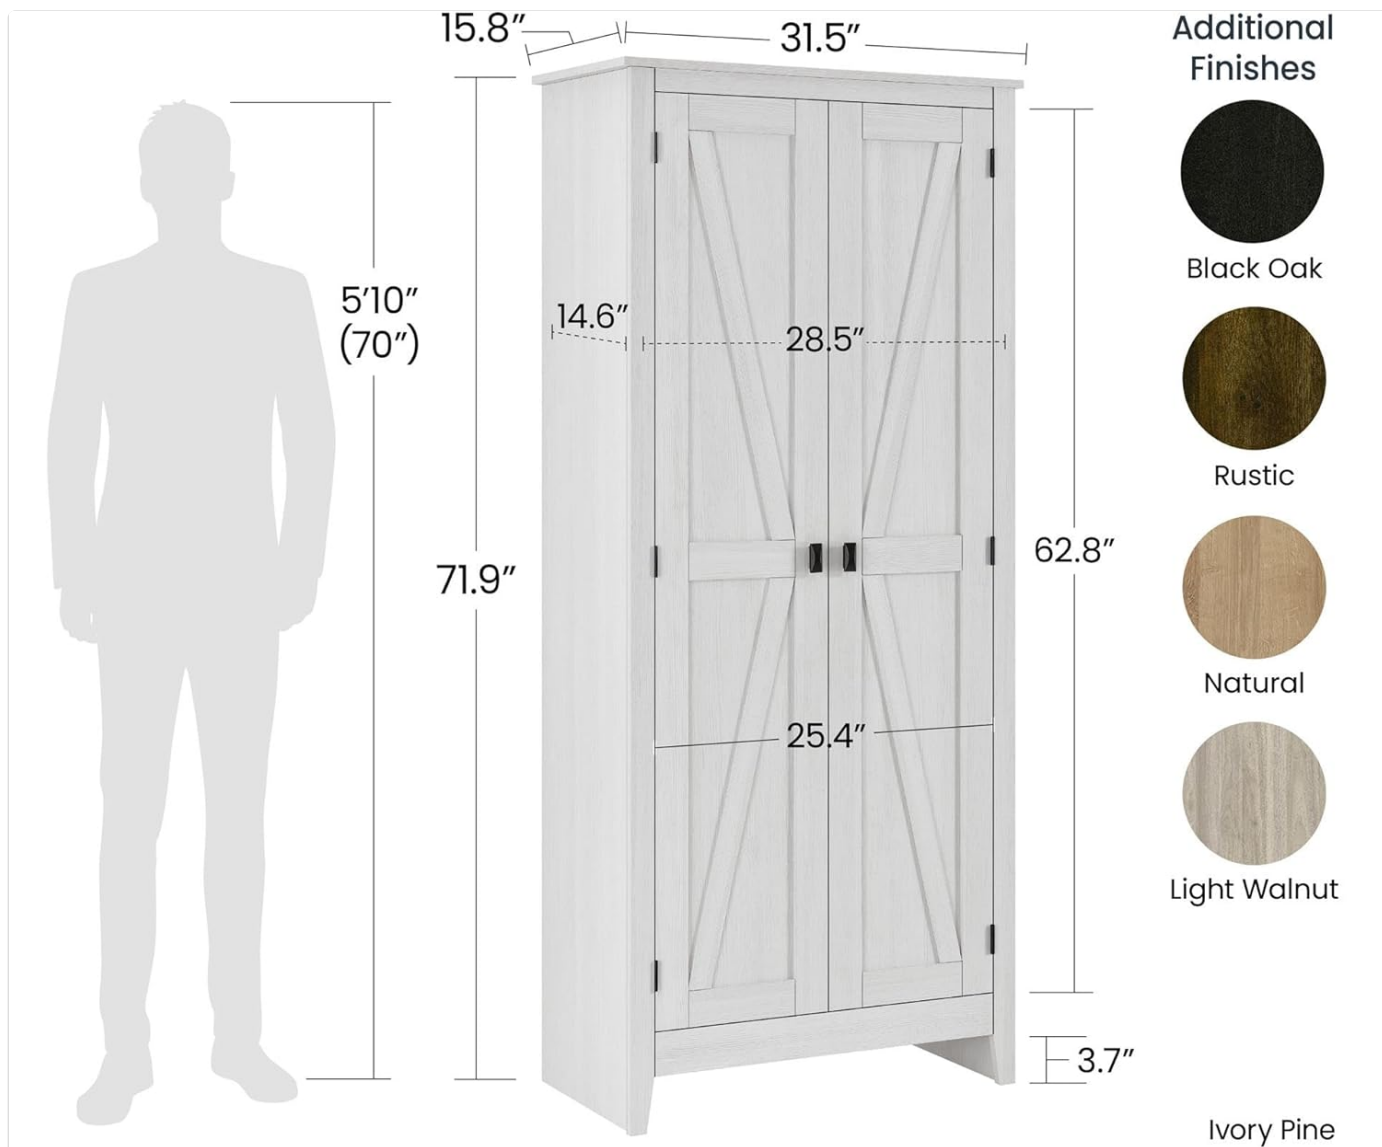

### Before You Begin:

- Verify all parts and hardware are present by comparing with the included parts list.
- Clear a spacious area for assembly to prevent damage to components.
- Have necessary tools ready (e.g., Phillips head screwdriver, hammer).

### Assembly Steps:

1. Carefully unpack all components and identify them using the provided diagrams.
2. Attach cam locks and dowels to the main panels as instructed in the assembly guide.

3. Assemble the base and top panels to the side panels.
4. Insert the fixed shelves into their designated slots.
5. Attach the back panel to the assembled frame.
6. Install the door hinges and attach the cabinet doors. Ensure doors align properly.
7. Install the door handles.
8. Insert the adjustable shelves at your desired height.
9. Secure the cabinet to a wall using the included safety bracket kit to prevent tipping.

## Product Dimensions

## OPERATING INSTRUCTIONS

The Farmington cabinet is designed for straightforward use and organization.

### Opening and Closing Doors:

Gently pull the handles to open the cabinet doors. Push the doors firmly until the magnetic catches engage to ensure they

remain closed.

### **Adjusting Shelves:**

Two of the four shelves are adjustable. To reposition an adjustable shelf, carefully remove any items from the shelf. Lift

the shelf slightly and pull it out. Reinsert the shelf into the desired set of pre-drilled holes, ensuring it is level and securely seated on all four shelf pins.

Each fixed shelf can hold up to 30 pounds, while adjustable shelves can hold up to 25 pounds. Do not exceed these weight limits to prevent damage or injury.

## MAINTENANCE AND CARE

To ensure the longevity and appearance of your Ameriwood Home Farmington Cabinet, follow these care instructions:

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Spills:** Immediately wipe up any spills to prevent moisture damage to the engineered wood.
- **Sunlight:** Avoid prolonged exposure to direct sunlight to prevent fading of the finish.
- **Temperature and Humidity:** Maintain a stable room temperature and humidity level to prevent warping or cracking.
- **Moving:** When moving the cabinet, always lift it rather than dragging it to prevent damage to the base and floor.
- **Safety Bracket:** Periodically check the wall anchor for tightness and re-secure if necessary.

## TROUBLESHOOTING

Most issues with your cabinet can be resolved with simple adjustments. If you encounter problems, please refer to the following common solutions:

- **Wobbly Cabinet:**  
Ensure all cam locks and screws are tightened. Verify the cabinet is on a level surface. Adjust leg levelers if present.
- **Doors Not Aligning:**  
Check hinge adjustments. Most hinges allow for minor adjustments to align doors vertically, horizontally, and in depth. Refer to the detailed assembly instructions for hinge adjustment specifics.
- **Shelves Not Sitting Level:**  
Ensure shelf pins are fully inserted into the pre-drilled holes and are at the same height on both sides.

If problems persist, please contact customer support.
