## SETUP AND ASSEMBLY

This storage cabinet requires assembly. It is recommended that two adults perform the assembly to ensure stability and safety. Please ensure you have adequate space and all components before beginning.

### Required Tools (Not Included):

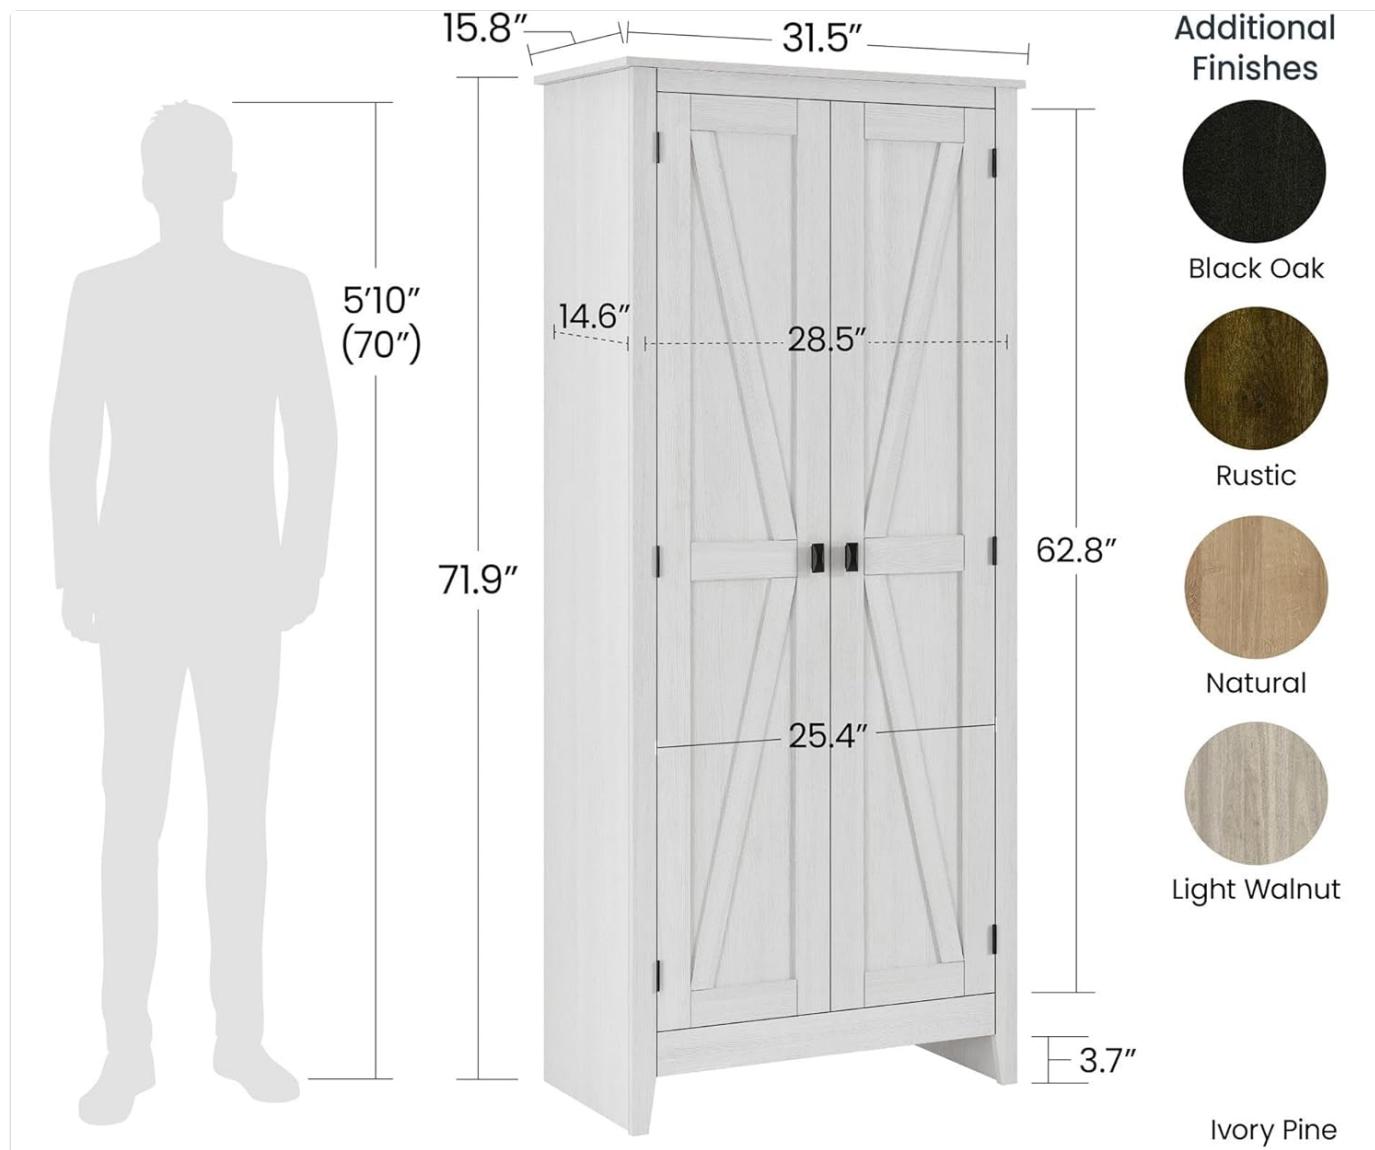

- Phillips head screwdriver
- Hammer
- Measuring tape

### Pre-Assembly Checklist:

1. Unpack all components and hardware from the packaging.
2. Verify all parts are present against the included parts list (refer to your assembly guide for the complete list).
3. Clear a spacious, flat, and clean area for assembly.
4. Review the assembly instructions provided with your product thoroughly before starting.

## Product Dimensions:

Understanding the dimensions is crucial for proper placement and assembly.

## Product Dimensions

31.5 in. (W) x 15.8 in. (D) x 71.9 in. (H)

Weight Limit: Shelves - 25 lb. (Each); Bottom Shelf - 30 lb.

Figure 2: Detailed product dimensions, including height, width, and depth, essential for planning placement.

**Assembled Dimensions:** 71.9 inches (H) x 31.5 inches (W) x 15.8 inches (D)

**Weight:** Approximately 42 kg (92.6 lbs)

## OPERATING INSTRUCTIONS

The Farmington Wide Storage Cabinet is designed for straightforward use. It features two hinged doors that open to reveal four spacious shelves, two of which are adjustable.

### Opening and Closing Doors:

Gently pull the handles located on the center of each door to open. Push the doors firmly until they close completely. Ensure no items obstruct the door's path.

### Adjusting Shelves:

Two of the four shelves are adjustable, allowing you to customize the storage space to fit items of various heights. To adjust a shelf:

1. Remove all items from the shelf you wish to adjust.
2. Carefully lift the shelf and remove the shelf pins from their current holes.
3. Insert the shelf pins into the desired new holes, ensuring they are level on both sides.
4. Place the shelf back onto the pins, ensuring it is securely seated.

Each adjustable shelf has a weight capacity of 25 pounds (approximately 11.3 kg). The fixed shelf has a weight capacity of 30 pounds (approximately 13.6 kg). Do not exceed these limits to prevent damage or injury.

Figure 3: Interior view of the Farmington cabinet, illustrating the four shelves, two of which are adjustable for flexible storage.

## MAINTENANCE

Proper care and maintenance will extend the life and appearance of your Ameriwood Home Farmington Wide Storage Cabinet.

### Cleaning:

- Wipe surfaces with a soft, damp cloth.
- Avoid using harsh chemicals, abrasive cleaners, or polishes, as these can damage the laminated finish.
- Immediately wipe up any spills to prevent moisture damage.

### General Care:

- Periodically check all hardware connections (screws, cam locks) and tighten if necessary to maintain stability.
- Avoid placing hot items directly on the surface; use coasters or protective pads.
- Keep the cabinet away from direct sunlight and extreme temperature changes to prevent warping or fading.

## TROUBLESHOOTING

If you encounter any issues with your storage cabinet, refer to the following common troubleshooting tips:

### Cabinet Feels Wobbly:

- Ensure the cabinet is placed on a level surface.
- Check all assembly hardware (screws, cam locks, dowels) and tighten them securely. Do not overtighten.
- Verify that the back panel is properly installed and secured, as it contributes to the cabinet's rigidity.

### Doors Do Not Align or Close Properly:

- Inspect the hinges to ensure they are correctly installed and tightened.
- Adjust the hinges if they have adjustment screws (refer to your specific hinge instructions if provided).

- Ensure the cabinet itself is level and square. An uneven base can cause door misalignment.

## Missing or Damaged Parts:

If you discover missing or damaged parts during assembly, do not proceed with assembly. Contact Ameriwood Home customer support immediately for assistance. Provide your model number (7532196COM) and a description of the issue.
