

Klim KLPB

KLIM Pulse Bluetooth 4.1 In-Ear Earphones User Manual

Model: KLPB | Brand: Klim

INTRODUCTION

The KLIM Pulse Bluetooth 4.1 In-Ear Earphones are designed to provide a high-quality audio experience with wireless convenience. Featuring Bluetooth 4.1 connectivity, noise insulation, and a comfortable fit, these earphones are suitable for various activities including sports, music listening, and making calls. The magnetic tips offer easy storage, and the included memory foam ear tips ensure a secure and comfortable fit for extended use.

SETUP

1. Charging the Earphones

Before initial use, fully charge your KLIM Pulse earphones. A full charge typically takes approximately 2 hours and provides up to 6 hours of uninterrupted listening time.

1. Connect the micro-USB end of the charging cable to the charging port on the earphone control unit.
2. Connect the USB-A end of the charging cable to a compatible USB power source (e.g., computer USB port, USB wall adapter).
3. The LED indicator on the control unit will illuminate during charging and change color or turn off when charging is complete.

USE IT UP TO 6 HOURS NON-STOP

90 mAh battery that charges in just 2 hours

2. Selecting Ear Tips

The KLIM Pulse earphones come with 12 different ear tips, including memory foam options, to ensure a comfortable and secure fit. Experiment with different sizes and materials to find the best fit for your ears. A proper fit is crucial for optimal sound quality and noise insulation.

- Gently remove the pre-installed ear tips.
- Select a pair of ear tips that feel comfortable and create a good seal in your ear canal.
- Attach the chosen ear tips firmly to the earphone nozzles.

3. Bluetooth Pairing

The KLIM Pulse earphones are compatible with all Bluetooth-enabled devices (phones, laptops, tablets, etc.).

1. Ensure the earphones are charged and turned off.
2. Press and hold the multi-function button (usually the power button) on the control unit until the LED indicator flashes red and blue, indicating pairing mode.
3. On your device, enable Bluetooth and search for available devices.

4. Select "KLIM Pulse" from the list of found devices.
5. Once paired, the LED indicator will typically flash blue slowly or turn solid blue.

OPERATING INSTRUCTIONS

Basic Controls

The control unit on your KLIM Pulse earphones allows for easy management of audio playback and calls.

| Button/Action | Function |
|--------------------------------------|---|
| Power Button (Multi-function) | Press and Hold: Power On/Off, Enter Pairing Mode Single Press: Play/Pause Music, Answer/End Call Double Press: Redial last number |
| Volume Up (+) | Single Press: Increase Volume Press and Hold: Next Track |

| Button/Action | Function |
|-----------------|---|
| Volume Down (-) | Single Press: Decrease Volume Press and Hold: Previous Track |

Making and Receiving Calls

- **Answering a Call:** Press the Power Button once.
- **Ending a Call:** Press the Power Button once during a call.
- **Rejecting a Call:** Press and hold the Power Button for 2 seconds.
- **Redialing:** Double-press the Power Button to redial the last number.

Magnetic Feature

The KLIM Pulse earphones feature magnetic tips. When not in use, you can snap the earbuds together around your neck to prevent them from falling off and for convenient storage.

MAINTENANCE

To ensure the longevity and optimal performance of your KLIM Pulse earphones, follow these maintenance guidelines:

- **Cleaning:** Regularly wipe the earphones and ear tips with a soft, dry, lint-free cloth. For ear tips, you can gently clean them with a damp cloth and mild soap, ensuring they are completely dry before reattaching.
- **Storage:** When not in use, store the earphones in a clean, dry place, away from extreme temperatures and direct sunlight. The magnetic tips help keep them tangle-free.
- **Avoid Moisture:** While the earphones have some water resistance, avoid submerging them in water or exposing them to heavy rain.
- **Handle with Care:** Do not pull on the cable excessively or apply undue force to the earbuds or control unit.

TROUBLESHOOTING

If you encounter issues with your KLIM Pulse earphones, refer to the following common solutions:

| Problem | Possible Solution |
|---------------------------------|--|
| Earphones do not turn on. | Ensure the earphones are fully charged. Connect them to a power source and check the charging indicator. |
| Cannot pair with device. | Ensure earphones are in pairing mode (LED flashing red/blue). Make sure Bluetooth is enabled on your device. Move the earphones closer to your device. Turn off and on both the earphones and your device, then try pairing again. Clear previous Bluetooth connections on your device if necessary. |
| No sound or poor sound quality. | Check the volume levels on both the earphones and your connected device. Ensure the earphones are properly paired and connected. Try different ear tips to ensure a secure and sealed fit in your ear canal. Move away from sources of strong electromagnetic interference. |
| Earphones keep disconnecting. | Ensure the earphones are within the Bluetooth range of your device. Check battery level of the earphones. Avoid physical obstructions between the earphones and your device. |

SPECIFICATIONS
