

Superer ADP190342L

Superer AC Adapter Instruction Manual

Model: ADP190342L

1. PRODUCT OVERVIEW

This manual provides instructions for the safe and efficient use of your Superer AC Adapter, model ADP190342L. This adapter is designed for use with Acer Spin N17W1, SP515-51N, and SP515-51N-59EE laptops.

The adapter delivers an output of 19V 3.42A (65W) and is compatible with devices requiring 19V 2.15A (40W) or 19V 2.37A (45W). It accepts an input voltage range of 100-240V at 50-60Hz.

Integrated safety features include protection against short circuiting, overvoltage, overcurrent, and internal overheating to ensure reliable operation.

2. SETUP INSTRUCTIONS

1. **Connect the AC Power Cord:** Insert the figure-8 connector of the AC power cord firmly into the corresponding port on the AC adapter unit.
2. **Connect to Power Outlet:** Plug the three-prong end of the AC power cord into a standard wall power outlet. Ensure the outlet is functional and provides the correct voltage (100-240V).
3. **Connect to Laptop:** Insert the round connector of the adapter's DC output cable into your laptop's charging port. Ensure a snug fit.

Once connected, the adapter will begin supplying power to your laptop, and the laptop's charging indicator should activate.

3. OPERATING INSTRUCTIONS

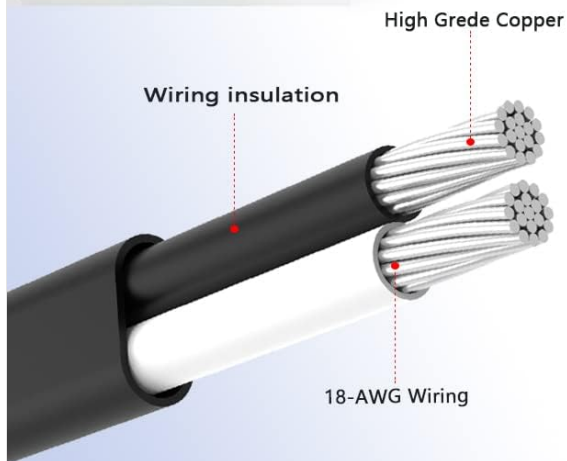

The Superer AC Adapter operates automatically once connected. A small LED indicator on the adapter may illuminate to confirm it is receiving power and functioning correctly.

- **Charging:** The adapter will charge your laptop's battery and power the laptop simultaneously when connected.
- **Power Supply:** The adapter can also power your laptop directly without a battery, or if the battery is fully charged.
- **Ventilation:** Always place the adapter in a well-ventilated area. Avoid covering it with cloths or placing it in confined spaces to prevent overheating.

4. MAINTENANCE

- **Cleaning:** Keep the adapter and cables clean and free from dust. Use a dry, soft cloth for cleaning. Do not use liquid cleaners.
- **Storage:** When not in use, store the adapter in a cool, dry place. Avoid extreme temperatures.
- **Cable Care:** Avoid bending, twisting, or crimping the power cord excessively. Do not place heavy objects on the cable. Proper cable management helps prevent internal wire damage and ensures longevity.

About our Customer Service

Superior Durability

Power Cord effortlessly withstands every tug, twist, and tangle

Extra Long Power Cord

Total 10Ft Power Cable provides more convenience for your life

5. TROUBLESHOOTING

- **Laptop Not Charging:**
 - Ensure all connections (wall outlet to adapter, adapter to laptop) are secure and fully inserted.
 - Verify the wall outlet is functional by testing it with another device.
 - Confirm that the adapter's specifications (19V 3.42A 65W) match your laptop's power requirements. This adapter is specifically designed for Acer Spin N17W1, SP515-51N, SP515-51N-59EE models. It may not be suitable for laptops requiring higher wattage, such as some Acer Nitro 5 models.
- **Intermittent Charging:**
 - Disconnect and reconnect all cables.
 - Try a different power outlet.
 - Ensure the adapter is not overheating. Move it to a cooler, well-ventilated location.
- **Adapter Overheating:**
 - Unplug the adapter immediately.
 - Allow it to cool down in an open area.
 - Ensure it is not covered or placed in a confined space during operation.

6. SPECIFICATIONS

Feature	Detail
Brand	Superer
Model Number	ADP190342L
Input	100-240V ~ 50-60Hz
Output	19V 3.42A 65W (Compatible with 19V 2.15A/2.37A 40W/45W)
Connector Type	Round Connector
Dimensions (LxWxH)	4.21 x 1.85 x 1.22 inches
Weight	10.4 ounces
Included Components	1 x AC Adapter, 1 x Power Cord
Safety Features	Short Circuiting Protection, Overvoltage Protection, Overcurrent Protection, Internal Overheating Protection
