

Alpine DM-XF11Z

Alpine XF11Z Series Floating BIG X 11 Car Navigation System Paper Mock-up Instruction Manual

1. INTRODUCTION

This document provides instructions for the assembly and use of the Alpine XF11Z Series Floating BIG X 11 Car Navigation System Paper Mock-up (Model: DM-XF11Z). This mock-up is designed to allow users to visualize the actual screen size and assess the installation fit of the 11-inch car navigation system within their vehicle's dashboard before purchase or installation.

2. SETUP AND ASSEMBLY

Follow these steps to assemble and use the paper mock-up:

1. **Unpack the Mock-up:** Carefully remove all components from the packaging. Ensure all parts are present.
2. **Assemble the Mock-up Box:** Fold and assemble the paper mock-up according to the included assembly instructions. This typically involves folding along designated lines to form a three-dimensional representation of the navigation unit.
3. **Positioning for Visualization:** Place the assembled mock-up at the intended audio/navigation installation position (DIN opening) in your vehicle.
4. **Align the Mock-up:** Align the bottom edge of the mock-up with the bottom edge of your current car navigation screen. If your vehicle does not have an existing audio unit (e.g., a new car with an audio-less opening), align it with the bottom of the DIN opening.
5. **Assess Fit and Feel:** Observe how the 11-inch screen appears in your vehicle. Check for any obstructions with other dashboard components, such as air vents, controls, or the gear shifter. This step helps confirm the installation feel and screen visibility.

3. OPERATING INSTRUCTIONS

This product is a non-functional paper mock-up designed solely for visual assessment. Therefore, there are no operating instructions for this item.

4. MAINTENANCE

As a paper product, this mock-up requires no specific maintenance. Keep it in a dry place to prevent damage from moisture.

5. TROUBLESHOOTING

This product is a non-functional paper mock-up. If you encounter issues with assembly, please re-check the folding instructions. For issues related to the actual Alpine XF11Z Series Car Navigation System, please refer to its dedicated

instruction manual or contact Alpine customer support.

6. SPECIFICATIONS

- **Brand:** Alpine
- **Model Name:** DM-XF11Z
- **Screen Size:** 11 inches
- **Product Type:** Paper Mock-up for Car Navigation System
- **Compatibility:** Designed for visual assessment of Alpine Floating BIG X 11 Car Navigation System installation in passenger vehicles.

7. WARRANTY AND SUPPORT

This paper mock-up is intended as a demonstration tool and typically does not come with a warranty. For support regarding the actual Alpine XF11Z Series Floating BIG X 11 Car Navigation System, please contact Alpine customer service directly or visit their official website for warranty information and technical assistance.
