## Elkay EZWS-EDFPBM114K

# Elkay ezH2O Bottle Filling Station with Integral SwirlFlo Fountain User Manual

Model Number: EZWS-EDFPBM114K

## PRODUCT OVERVIEW

---

The Elkay ezH2O Bottle Filling Station is designed to provide a clean and efficient water bottle filling experience. This unit integrates a bottle filler with a traditional SwirlFlo fountain, promoting sustainability by reducing the need for disposable plastic bottles. The bottle filler features touchless sensor activation for hygienic operation, with an automatic 20-second shut-off timer.

## Key Features

- Touchless, sensor activation for the bottle filler, designed for ease of use.
- Easy-to-operate push-button activation for the bubbler (fountain).
- Fill rate of 1.5 gallons per minute (GPM).
- Green Ticker display to inform users of the number of 20 oz. plastic water bottles saved from waste.
- Laminar flow provides a clean fill with minimal splash.
- Real drain system designed to eliminate standing water.

## SETUP AND INSTALLATION

---

Installation of the Elkay ezH2O Bottle Filling Station should be performed by a qualified professional in accordance with local plumbing and electrical codes. Ensure the mounting surface is structurally sound to support the unit's weight (approximately 118 pounds). Proper water supply and drainage connections are essential for optimal performance.

## ELKAY® INSTALLATION SERVICES

We are your one-stop shop for all things water delivery – from selecting the perfect unit, to making sure it is installed properly and running smooth. Elkay is committed to making your installation experience quick and efficient.

Visit [elkay.com/install](http://elkay.com/install) or call 800-952-8064 to learn more.

Refer to the detailed installation instructions provided with the product packaging for specific wiring diagrams, plumbing connections, and mounting procedures.

## OPERATING INSTRUCTIONS

---

### Bottle Filling

- Place your water bottle under the bottle filling nozzle.
- The sensor will detect the bottle and automatically activate the water flow.
- Water will dispense until the bottle is removed or the automatic 20-second shut-off timer is reached.
- Observe the Green Ticker display to see the cumulative number of plastic bottles saved.

### Fountain Use

- Press the push-button on the bubbler to activate the water stream for drinking.
- Release the button to stop the water flow.

We use recycled materials in our products, including stainless steel and plastic.

## MAINTENANCE

---

Regular cleaning and maintenance are crucial for the longevity and hygienic operation of your Elkay ezH2O unit.

- **Cleaning:** Wipe down all exterior surfaces, including the bottle filler alcove and fountain basin, with a mild soap and water solution. Avoid abrasive cleaners or harsh chemicals that could damage the stainless steel finish.
- **Drain System:** Ensure the real drain system remains clear of debris to prevent standing water.
- **Inspection:** Periodically inspect the unit for any signs of wear, leaks, or damage. Address any issues promptly.

We're committed to sustainability through our products and our people to make a positive environmental and social impact.

## TROUBLESHOOTING

---

If you encounter issues with your Elkay ezH2O Bottle Filling Station, consider the following common troubleshooting steps:

- **No Water Flow (Bottle Filler):** Ensure there is power to the unit. Check for any obstructions in the sensor path. Verify the water supply is turned on.
- **No Water Flow (Fountain):** Ensure the push-button is fully depressed. Verify the water supply is turned on.
- **Slow Water Flow:** Check water supply pressure. Ensure no kinks in the water lines.
- **Leaking:** Immediately shut off the water supply to the unit. Inspect all connections for tightness. If leaking persists, contact a qualified plumber or Elkay customer support.

For issues not resolved by these steps, or for complex repairs, it is recommended to contact Elkay customer support or a certified service technician.

## SPECIFICATIONS

---

Attribute	Value
Product Dimensions	19.75 x 19 x 34.63 inches (D x W x H)
Item Model Number	EZWS-EDFPBM114K
Date First Available	November 22, 2017
Manufacturer	Elkay
ASIN	B077PBMQDF
Color	Stainless
Material	Stainless Steel
Brand	Elkay
Style	Modern, Professional
Weight	118 Pounds

## BUILT IN THE USA
