7. TROUBLESHOOTING

7.1 Earphones Not Pairing/Connecting

- Ensure both earphones are charged.
- Turn off Bluetooth on your device, then turn it back on.
- Forget/delete "RYGHT Duo" from your device's Bluetooth list and attempt to pair again.
- Place both earphones back into the charging case, close the lid for 5 seconds, then open it again to re-initiate pairing mode.

7.2 Only One Earphone Playing Sound

- Ensure both earphones are charged.
- Place both earphones back into the charging case, close the lid, and then open it again. This often re-syncs them.
- If the issue persists, try resetting the earphones (refer to the manufacturer's specific reset procedure if available, otherwise, a full charge and re-pairing often resolves this).
