PURPLE LEAF ZYDEYUAN-PARENT

PURPLE LEAF 11 FT Cantilever Patio Umbrella Instruction Manual

Model: ZYDEYUAN-PARENT

Thank you for choosing PURPLE LEAF. Please read this manual carefully before assembly and use.

1. INTRODUCTION

The PURPLE LEAF 11 FT Cantilever Patio Umbrella is designed to provide shade and comfort for your outdoor living space. Featuring a wind-resistant aluminum frame and a durable 240GSM yarn-dyed polyester canopy, this umbrella offers enhanced stability and sun protection. Its ergonomic design allows for easy operation and versatile adjustments to suit your needs.

2. SAFETY INFORMATION

- Always close the umbrella in strong winds, heavy rain, or other severe weather conditions to prevent damage or injury.
- Ensure the umbrella base is properly secured and weighted. The umbrella base is sold separately. Refer to PURPLE LEAF DY1100, anchor base, or wheel base options.
- Keep children and pets away from the umbrella during operation to avoid accidents.
- Do not hang objects from the umbrella frame or ribs.
- Regularly inspect all components for wear and tear. Replace damaged parts immediately.

3. PARTS LIST

Before assembly, ensure all parts are present and undamaged:

- Umbrella Canopy (240GSM Yarn-Dyed Polyester)
- Main Pole (Aviation Grade All Aluminum)
- Cantilever Arm
- 8 Aluminum Ribs with Powder Coating
- Ergonomic Easy-Open Crank Handle
- Base Connector

Note: The umbrella base and umbrella cover are not included and must be purchased separately.

Note: The base of the umbrella needs to be purchased separately.

4. SETUP INSTRUCTIONS

Assembly typically takes around 30 minutes. It is recommended to have two people for easier and safer installation.

1. **Prepare the Base:** If using a water/sand fillable base (sold separately), ensure it is filled and securely positioned according to its specific instructions. For anchor or wheel bases, follow their respective installation guides.
2. **Attach the Main Pole:** Securely connect the main pole to the base connector. Ensure all bolts are tightened.
3. **Mount the Cantilever Arm:** Attach the cantilever arm, which holds the umbrella canopy, to the main pole. Follow the specific instructions provided with your umbrella for proper alignment and secure fastening.
4. **Open the Canopy:** Carefully open the umbrella canopy using the crank handle. Ensure all ribs extend fully and the canopy is taut.

Important: A stable and adequately weighted base is crucial for the umbrella's safety and performance.

5. OPERATING INSTRUCTIONS

The PURPLE LEAF cantilever umbrella offers smooth and easy operation for optimal shade control.

- **Opening and Closing:** Use the ergonomic crank handle to smoothly open and close the umbrella canopy. Turn the handle clockwise to open and counter-clockwise to close.
- **360° Rotation:** The umbrella features a 360° rotation mechanism. Locate the rotation pedal or lever near the base of the main pole. Engage it to rotate the umbrella to your desired position, then lock it in place.
- **Height and Angle Adjustment:** Utilize the 6-position height and angle adjustment feature to customize your shade. The ergonomic handle allows for easy tilting and height changes. Adjust as the sun moves throughout the day.

Aluminum Crank Handle

Five tilt adjustments meet various
sunlight angles. Easy to open and close

6. MAINTENANCE

- **Canopy Cleaning:** The polyester canopy can be cleaned by hand washing or wiping with a damp cloth. Use mild soap and water if necessary. Allow to air dry completely before closing or storing.
- **Frame Care:** The aluminum frame and ribs feature a powder coating for rust and scratch resistance. Wipe down the

frame periodically with a damp cloth to remove dirt and debris.

- **Storage:** When not in use for extended periods or during off-season, it is highly recommended to use an umbrella cover (sold separately) to protect the canopy and frame from environmental elements. Store the umbrella in a dry, protected area.
- **Wind Protection:** Always close and secure the umbrella during windy conditions to prevent damage.

7. TROUBLESHOOTING

- **Difficulty Filling Base with Sand:** If sand is moist, spread it on a tarp in the sun to dry thoroughly before funneling into the base. Dry sand flows more easily.
- **Umbrella Not Opening/Closing Smoothly:** Check for any obstructions in the crank mechanism or along the ribs. Ensure the canopy fabric is not caught. Apply a silicone-based lubricant to moving parts if necessary.
- **Canopy Alignment Issues:** When opening, ensure the center post where the lower ribs connect is fully raised and seats correctly within the center cone. Improper alignment can lead to wear on the lifting rope. Regularly check for proper seating to prevent premature wear.
- **Umbrella Wobbles:** Verify that the base is adequately weighted and all connections between the base, main pole, and cantilever arm are securely tightened. Ensure the ground surface is level.

8. SPECIFICATIONS

Feature	Detail
Brand	PURPLE LEAF
Model Number	ZYDEYUAN-PARENT
UPC	611550863108
Color	Black
Size	11 Feet
