3. Operating Instructions

Using the Mobile File Cabinet:

The mobile file cabinet features two box drawers for general storage and one locking file drawer. The file drawer is designed to accommodate letter, legal, and A4 size documents. To open, pull the drawer handle. To lock the file drawer, insert the key into the lock mechanism and turn. The cabinet is equipped with casters, allowing it to be easily moved and positioned as needed within your workspace.

Hutch Storage:

The hutch provides four enclosed storage compartments with doors featuring self-closing Euro-style hinges. These compartments are suitable for storing office supplies, books, and other items you wish to keep out of sight. Simply open the doors to access the contents and gently push to close them.

Cable Management System:

The desk surfaces include integrated grommets for cable management. These openings allow you to route power cords, data cables, and other wires through the desk, keeping your work surface clear and organized. Lift the grommet cover to pass cables through and replace the cover to maintain a neat appearance.

4. Care and Maintenance

To maintain the appearance and longevity of your Bush Business Furniture Studio C desk, follow these care instructions:

- **Cleaning:** Wipe surfaces with a damp cloth. Avoid using harsh chemicals, abrasive cleaners, or polishes that may damage the thermally fused laminate finish.
- **Spills:** Clean spills immediately to prevent staining.
- **Heat and Moisture:** Protect surfaces from extreme heat and moisture. Use coasters for beverages and heat pads for hot items.
- **Sunlight:** Avoid prolonged exposure to direct sunlight to prevent fading.
- **Moving:** When moving the furniture, lift it rather than dragging to prevent damage to the legs and frame.

5. Troubleshooting

If you encounter any issues with your Bush Business Furniture Studio C desk, consider the following general troubleshooting steps:

- **Stability Issues:** Ensure all assembly hardware is securely tightened. If the desk wobbles, check that it is placed on a level surface. Adjustable glides (if present) can be used to compensate for uneven floors.
- **Drawer Operation:** If drawers are sticking or not closing smoothly, check for any obstructions in the drawer slides. Ensure the slides are properly aligned and free of debris.
- **Hutch Doors:** If hutch doors are misaligned or not closing properly, check the hinges for tightness and proper adjustment.
- **Missing Parts:** If any parts were missing during assembly, refer to the contact information in the Warranty and Support section for assistance.
