1. INTRODUCTION

Thank you for choosing the COSMO COS-DIS6502 24-inch Built-In Dishwasher. This manual provides essential information for the safe and efficient operation, installation, and maintenance of your new appliance. Please read this manual thoroughly before using the dishwasher and keep it for future reference.

The COS-DIS6502 is designed for efficiency and convenience, featuring a stainless steel interior and exterior, multiple wash cycles, and a quiet operation. Its Smart Wash System automatically adjusts to load size, ensuring optimal cleaning performance.

2. IMPORTANT SAFETY INFORMATION

WARNING: To reduce the risk of fire, electric shock, or injury, follow these basic precautions:

- Read all instructions before using the appliance.
- This appliance must be properly grounded. Connect to properly grounded outlets only.
- Do not operate a damaged appliance. Contact customer support for assistance.
- Keep children away from the dishwasher, especially when the door is open.
- Use only detergents and rinse aids recommended for dishwashers.
- Do not touch the heating element during or immediately after use.
- Load sharp items so they are not likely to damage the door seal or tub.
- The dishwasher is UL Listed and ENERGY STAR certified for safety and efficiency.

3. SETUP AND INSTALLATION

Proper installation is crucial for the performance and longevity of your dishwasher. It is recommended that installation be performed by a qualified technician.

3.1 Unpacking

Carefully remove all packaging materials. Ensure all components listed in the 'What's in the Box' section are present.

- **Included Components:** Installation Kit, Install & User Guides.

3.2 Electrical and Plumbing Requirements

Ensure your installation site meets the following requirements:

- **Electrical:** 120V / 60Hz. A 3-Prong Plug is **NOT INCLUDED** and must be purchased separately.
- **Plumbing:** A 3/8 inch pipe fitting is necessary for installation and is sold separately.

5. MAINTENANCE AND CARE

Regular maintenance ensures optimal performance and extends the life of your dishwasher.

5.1 Cleaning the Exterior

The stainless steel exterior is fingerprint resistant. Clean with a soft, damp cloth and mild detergent. Avoid abrasive cleaners or scouring pads.

5.2 Filter System

The multiple filter system helps save water and energy by separating soiled and clean water. Regularly inspect and clean the filters as per the detailed instructions in the included 'Install & User Guides' to prevent blockages and maintain wash performance.

6. TROUBLESHOOTING

Before contacting customer support, try these common troubleshooting steps:

- **Dishwasher not starting:** Ensure the door is fully closed and latched. Check if the power cord is securely plugged in and the circuit breaker has not tripped.
- **Dishes not clean:** Verify proper loading, ensure spray arms are not blocked, and check detergent dispenser for clogs. Clean the filter system.
- **Unusual noises:** Check for foreign objects in the pump area or spray arms. Ensure dishes are not interfering with the spray arms.
- **Control panel unresponsive or blinking:** If the control panel becomes unresponsive or exhibits unusual blinking, try unplugging the dishwasher from the power outlet for a few minutes, then plugging it back in to reset the system.

For more detailed troubleshooting, refer to the comprehensive 'Install & User Guides' provided with your appliance.
