

SVS PC4000PG

SVS PC-4000 13.5" Cylinder Subwoofer User Manual

Model: PC4000PG

INTRODUCTION

This manual provides essential information for the safe and optimal operation of your SVS PC-4000 13.5" Cylinder Subwoofer. Please read this manual thoroughly before installation and use, and retain it for future reference.

SAFETY INFORMATION

Observe the following safety precautions to prevent damage to the unit and ensure personal safety:

- Do not expose the subwoofer to water or excessive moisture.
- Ensure proper ventilation around the unit to prevent overheating.
- Do not place the subwoofer near heat sources such as radiators or stoves.
- Use only the power cord supplied with the unit.
- Disconnect the power cord from the wall outlet if the unit will be unused for a long period.
- Refer all servicing to qualified service personnel.

PACKAGE CONTENTS

Verify that all items are present in the package:

- SVS PC-4000 13.5" Cylinder Subwoofer
- Power Cord
- Remote Control
- User Manual (this document)

SETUP

Unpacking and Placement

Carefully remove the subwoofer from its packaging. Due to its size and weight (approximately 92.2 pounds), it is

recommended to have assistance during unpacking and placement. Place the subwoofer on a stable, level surface. Consider room acoustics and listening position for optimal performance.

Connections

The PC-4000 subwoofer features various input and output options for integration into your audio system. Ensure all components are powered off before making connections.

1. **Power Connection:** Connect the supplied power cord to the subwoofer's power inlet and then to a grounded AC outlet.
2. **Audio Input (RCA):** Connect the RCA output from your AV receiver or pre-amplifier to the LFE (Low-Frequency Effects) input on the subwoofer. For stereo setups, use both left and right RCA inputs.
3. **Control Connection (Optional):** The subwoofer supports app control via Bluetooth. Ensure Bluetooth is enabled on your smartphone or tablet for initial setup and advanced control.

OPERATING INSTRUCTIONS

Powering On/Off

Once connected, turn on the subwoofer using the power switch located on the rear panel. The front display will illuminate. The subwoofer also features an auto-standby mode, which will activate after a period of inactivity.

Front Panel Display and Controls

The front panel display provides visual feedback on settings and status. Buttons adjacent to the display allow for basic adjustments.

SVS App Control

For comprehensive control and advanced features, download the SVS app for iOS or Android devices. The app allows you to:

- Adjust volume levels.
- Configure three digital parametric EQs for precise room correction.
- Set crossover frequency.

- Adjust phase and polarity.
- Access custom presets for different listening modes.

Ensure your device's Bluetooth is on and within range of the subwoofer to establish a connection with the SVS app.

MAINTENANCE

To maintain the performance and appearance of your SVS PC-4000 subwoofer:

- **Cleaning:** Use a soft, dry cloth to wipe down the exterior. Avoid abrasive cleaners or solvents.
- **Ventilation:** Ensure the vents are clear of dust and obstructions to prevent overheating.
- **Placement:** Avoid placing the subwoofer in direct sunlight or areas with extreme temperature fluctuations.

TROUBLESHOOTING

Problem	Possible Cause	Solution
No Sound	Power not connected; Input cables loose; Subwoofer in standby mode; Volume too low.	Check power cord and outlet; Secure all audio cables; Press power button or send audio signal to wake from standby; Increase volume via app or remote.
Distorted Sound	Volume too high; Improper EQ settings; Damaged speaker driver.	Reduce volume; Reset EQ settings in the SVS app; Contact SVS support if distortion persists at moderate volumes.
Bluetooth Connection Issues	Bluetooth off on device; Subwoofer not in pairing mode; Interference.	Ensure Bluetooth is enabled on your device; Restart the SVS app; Move closer to the subwoofer; Try pairing again.

SPECIFICATIONS

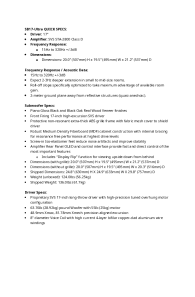

- **Model:** PC4000PG
- **Speaker Type:** Subwoofer
- **Subwoofer Diameter:** 13.5 Inches
- **Speaker Maximum Output Power:** 1200 Watts
- **Connectivity Technology:** RCA, Bluetooth
- **Controller Type:** App Control, Remote
- **Product Dimensions:** 16.6"D x 16.6"W x 47"H
- **Item Weight:** 92.2 pounds (41.9 Kilograms)
- **Color:** Piano Gloss Black
- **Special Feature:** Three digital parametric EQs, Android and iOS app control
- **UPC:** 856677007459
