

Everlasting Comfort EC-H4

Everlasting Comfort Cool Mist Humidifier 6L (Model EC-H4) User Manual

Your guide to safe and efficient operation.

1. IMPORTANT SAFETY INSTRUCTIONS

Please read and save these instructions before using your humidifier. Failure to follow these instructions may result in electric shock, fire, or serious injury.

- Always place the humidifier on a firm, flat, waterproof surface at least 12 inches (30 cm) away from walls and appliances.
- Do not operate the humidifier without water in the tank.
- Do not use essential oils directly in the water tank. Use the designated essential oil tray only.
- Unplug the humidifier before filling, cleaning, or moving it.
- Keep out of reach of children and pets.
- Do not block air vents.
- Use only clean, cool tap water or distilled water.

2. PRODUCT OVERVIEW

The Everlasting Comfort Cool Mist Humidifier (Model EC-H4) is designed to provide a comfortable humidity level in your home or office. Featuring a 6-liter water tank, it offers extended operation and includes an essential oil tray for aromatherapy.

Image: The Everlasting Comfort Cool Mist Humidifier, black in color, with mist emanating from the top. An essential oil dropper is visible near the base.

3. PRODUCT COMPONENTS

Familiarize yourself with the parts of your humidifier:

- Mist Nozzle (360-degree rotatable)
- Water Tank (6L capacity)
- Base Unit
- Control Knob (Power/Mist Output)
- LED Indicator Light
- Essential Oil Tray
- Water Level Window

Large Room HUMIDIFIER

Image: The humidifier with its dimensions labeled: 11.02 inches (28 cm) deep, 6.69 inches (17 cm) wide, and 13.02 inches (33 cm) high.

4. SETUP INSTRUCTIONS

1. **Unpack:** Carefully remove all packaging materials and place the humidifier on a flat, stable surface.
2. **Fill Water Tank:**

Image: A person filling the humidifier's water tank under a kitchen faucet.

Remove the water tank from the base. Unscrew the tank cap and fill the tank with clean, cool tap water or distilled water. Do not fill past the 'MAX' line. Screw the cap back on tightly. Place the filled water tank back onto the base, ensuring it is seated correctly.

3. **Connect Power:** Plug the power cord into a standard electrical outlet. The LED indicator light may briefly illuminate.

5. OPERATING INSTRUCTIONS

1. **Power On/Adjust Mist:** Turn the control knob clockwise from the 'OFF' position. The LED indicator will light up, and mist will begin to disperse. Continue turning the knob to increase or decrease the mist output to your desired level.
2. **Essential Oil Function:** To use essential oils, pull out the small tray located at the base of the humidifier. Add a few drops of your preferred essential oil onto the aroma pad. Slide the tray back into place. Do not add essential oils directly into the water tank.

Image: The humidifier with an essential oil dropper adding oil to the designated tray.

3. **360-Degree Nozzle:** Rotate the mist nozzle on top of the humidifier to direct the mist in any desired direction.
4. **Automatic Shut-Off:** The humidifier will automatically turn off when the water level in the tank is too low. The LED indicator light will change color or turn off. Refill the tank to resume operation.
5. **Power Off:** Turn the control knob counter-clockwise to the 'OFF' position. Unplug the unit when not in use.

6. MAINTENANCE AND CLEANING

Regular cleaning is essential for optimal performance and to prevent mineral buildup and bacterial growth.

1. **Daily Maintenance:** Empty and rinse the water tank and base daily. Allow all parts to air dry before reassembly.
2. **Weekly Cleaning (Mineral Deposits):**

Image: Disassembled humidifier parts (tank, base, cap) on a countertop, with dish soap and a sponge, indicating cleaning supplies.

Unplug the humidifier. Remove the water tank. Pour 2 cups of undiluted white vinegar into the water tank and base. Let it sit for 20 minutes. Use a soft brush or sponge to clean any mineral buildup. Rinse thoroughly with clean water until the vinegar smell is gone.

3. **Essential Oil Tray:** Clean the essential oil tray and replace the aroma pad as needed.
4. **Storage:** When not in use for an extended period, clean the humidifier thoroughly, ensure all parts are dry, and store it in a cool, dry place.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
No mist or low mist output	No water in tank; Mineral buildup; Unit not plugged in	Refill water tank; Clean the transducer/base; Ensure power cord is securely plugged in
Unusual odor	New unit odor; Dirty water; Mineral buildup	Run for a few hours; Replace water; Clean tank and base thoroughly
Water leakage	Water tank cap loose; Tank not seated correctly; Crack in tank	Tighten tank cap; Re-seat tank on base; Contact customer support if tank is damaged
Loud noise during operation	Unit not on a flat surface; Water level too low	Place on a flat, stable surface; Refill water tank

8. SPECIFICATIONS
