MAINTENANCE AND CARE

Proper care will ensure the longevity of your massage pillow:

- **Cleaning:** Disconnect the power adapter before cleaning. Wipe the surface of the massage pillow with a soft, slightly damp cloth. Do not use abrasive cleaners or immerse the device in water.
- **Storage:** Store the device in a cool, dry place, away from direct sunlight and extreme temperatures. Avoid placing heavy objects on the pillow.
- **Cord Care:** Do not wrap the power cord tightly around the device. Avoid bending or twisting the cord excessively.

TROUBLESHOOTING

If you encounter any issues with your Mynt Shiatsu Massage Pillow, please refer to the following common solutions:

• **Device Not Turning On:**

- Ensure the power adapter is securely connected to both the pillow and a working electrical outlet.
- Verify that the power outlet is functional by testing it with another device.
- Check for any visible damage to the power cord or adapter.

• **Heat Function Not Working:**

- Ensure the device is powered on and the heat function is toggled on (red lights should be visible).
- Allow a few minutes for the heat to warm up.

• **Massage Nodes Stop Unexpectedly:**

- The device has a 20-minute automatic shut-off feature. Simply short-press the power button to restart the massage.
- If it stops before 20 minutes, check for any obstructions or excessive pressure on the nodes.

If the problem persists after attempting these solutions, please contact customer support.
