CKPSMS Counter Blade 91-264 338-15 Instruction Manual

For PFAFF 1181 and 1183 Sewing Machines

1. Introduction

This document provides essential information regarding the CKPSMS Counter Blade, including its specifications, compatibility, and guidance for installation and usage. This counter blade is a replacement part designed for specific PFAFF sewing machine models.

- **Part Name:** Counter blade
- **Part Number:** 91-264 338-15 (Alternative part number: 91-171 853-15)
- **Quantity:** 1 piece
- **Compatibility:** This counter blade is compatible with PFAFF brand 1181 and 1183 Sewing Machines.

2. Setup and Installation

Proper installation of the counter blade is essential for the correct function of your sewing machine. Installing sewing machine parts can be a complex task. It is recommended to consult your sewing machine's original service manual or seek professional guidance if you are unsure about the installation process.

The manufacturer offers technical support for installation guidance to ensure the part is installed correctly and securely. Please refer to the 'Support' section for contact information.

Image 2: The CKPSMS Counter Blade packaged for delivery. The packaging protects the blade during transit and ensures it arrives in optimal condition for installation.

3. Operating Instructions

Once the counter blade is correctly installed, its operation is integrated with the sewing machine's cutting mechanism. The counter blade works in conjunction with other components to trim thread or fabric as designed by the machine's function.

For specific operational details related to the cutting function of your PFAFF 1181 or 1183 sewing machine, please refer to your machine's comprehensive user manual. The manufacturer's team can also provide guidance on how to correctly use these parts to maximize the performance of your sewing machine.

4. Maintenance

To ensure the longevity and optimal performance of your counter blade, regular maintenance is recommended:

- **Cleaning:** Periodically clean the area around the counter blade to remove lint, dust, and thread fragments that can accumulate and hinder its function. Use a soft brush or compressed air.
- **Inspection:** Regularly inspect the blade for any signs of wear, dullness, or damage. A dull blade can lead to poor cutting performance and potential damage to fabric.
- **Replacement:** If the blade shows significant wear or damage, it should be replaced to maintain the machine's

efficiency and prevent issues.

5. Troubleshooting

If you experience issues related to the cutting mechanism after installing the counter blade, consider the following:

- **Poor Cutting Performance:** Ensure the blade is installed correctly and securely. Check for any obstructions like tangled threads or fabric scraps. The blade might be dull and require replacement.
- **Unusual Noises:** Verify that all components are properly seated and tightened. Loose parts can cause vibrations and noise.
- **Machine Malfunction:** If the machine is not operating as expected, power it off, inspect the blade area, and re-check the installation.

For persistent issues, contact technical support for assistance.

6. Specifications

Feature	Detail
Part Number	91-264 338-15
Alternative Part Number	91-171 853-15
Item Weight	1.76 ounces
Manufacturer	KUNPENG
ASIN	B0784LXJPC
Date First Available	November 27, 2017

7. Support

The manufacturer provides comprehensive technical support to assist you with your CKPSMS Counter Blade:

- **Parts Recommendation:** Assistance in identifying the most suitable and compatible parts for your specific machine.
- **Installation Guidance:** Expert guidance through the installation process to ensure correct and secure fitting.
- **Usage Assistance:** Support on how to correctly use the part to optimize your sewing machine's performance.

For support, please contact the seller or visit the CKPSMS official store for further assistance.

8. Warranty Information

Specific warranty details for the CKPSMS Counter Blade are not provided in the product information. For warranty terms and conditions, please contact the seller or manufacturer directly at the time of purchase or through their official support channels.
