2. Wired Connection

1. Locate the audio input port on the left earcup.
2. Insert one end of the provided audio cable into the headphone's audio input.
3. Connect the other end of the audio cable to your audio device's 3.5mm jack.

3. Bluetooth Pairing (Wireless Connection)

The MH40 headphones support Bluetooth connectivity for wireless audio. Ensure the headphones are charged before pairing.

1. **Power On:** Press and hold the power button (usually located on one of the earcups) until the indicator light flashes.
