LKPower 171211087

LKPower AC Adapter Instruction Manual

Model: 171211087 | Brand: LKPower

Introduction

This manual provides essential information for the safe and effective use of your LKPower AC Adapter. This power supply is designed to meet the power needs of your device, specifically the Auvio PBT500 Portable Bluetooth Speaker. It converts AC power from an electrical outlet into the DC power required by your device, allowing for operation or battery charging. The adapter has been validated and tested to ensure compatibility and reliable performance.

Safety Information

Please read and understand all safety instructions before using this product. Failure to follow these instructions may result in electric shock, fire, or damage to the product or connected devices.

- Do not expose the adapter to liquids, moisture, or extreme temperatures.
- Use this adapter only with compatible devices, such as the Auvio PBT500 Portable Bluetooth Speaker.
- Ensure proper ventilation around the adapter during use to prevent overheating.
- Unplug the adapter from the wall outlet when not in use or during electrical storms.
- Do not attempt to disassemble, modify, or repair the adapter. Refer servicing to qualified personnel.
- Keep out of reach of children.

Product Overview

The LKPower AC Adapter is a compact and portable power solution. It features a standard 2-pin AC input plug and a DC output connector designed for compatible devices.

Setup

Follow these steps to set up your LKPower AC Adapter:

1. Identify the power input port on your Auvio PBT500 Portable Bluetooth Speaker.
2. Carefully insert the DC output connector of the LKPower AC Adapter into the speaker's power input port. Ensure a firm and secure connection.
3. Plug the 2-pin AC input prongs of the adapter into a standard AC 100-240V wall outlet.
4. Verify that both connections are secure before powering on your device.

Operating Instructions

Once the LKPower AC Adapter is correctly connected to both the wall outlet and your Auvio PBT500 Portable Bluetooth Speaker, it will automatically begin supplying power to the speaker or charging its internal battery. No additional steps are required for operation.

Maintenance

Proper care and maintenance will extend the life of your AC adapter:

- Keep the adapter clean and dry. Wipe with a soft, dry cloth as needed.
- Avoid exposing the adapter to extreme temperatures or direct sunlight.
- Store the adapter in a cool, dry place when not in use.
- Do not wrap the cable too tightly around the adapter, as this can damage the cable over time.

Troubleshooting

If you encounter issues with your LKPower AC Adapter, refer to the following table:

Problem	Possible Cause	Solution
No power to device	Adapter not plugged in securely Wall outlet not functioning Device incompatibility	Ensure adapter is fully plugged into wall and device. Test wall outlet with another device. Confirm your device is the Auvio PBT500 Portable Bluetooth Speaker.
Adapter feels hot	Lack of ventilation Overload Internal fault	Ensure adapter is in a well-ventilated area. Unplug immediately. If problem persists, discontinue use.
Device not charging	Loose connection Device battery issue	Check all connections. Consult your device's manual for battery troubleshooting.

Specifications

Detailed technical specifications for the LKPower AC Adapter:

Feature	Specification
Brand	LKPower
Model Number	171211087
Input Voltage	AC 100-240V
Frequency	50/60Hz
Compatible Devices	Speakers (Auvio PBT500 Portable Bluetooth Speaker)
Special Feature	Portable, Travel
Safety Standard	UL Certified
Power Source	Corded Electric
Main Power Connector Type	2 Pin (US Standard)
