

- Wear protective gloves, protective clothing, eye protection, and face protection.

First Aid Measures:

- **IF SWALLOWED:** Rinse mouth. DO NOT induce vomiting.
- **IF ON SKIN (or hair):** Take off immediately all contaminated clothing. Rinse skin with water/shower.
- **IF INHALED:** Remove person to fresh air and keep comfortable for breathing.
- **IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
- Immediately call a POISON CENTER or doctor.
- Wash contaminated clothing before reuse.

Storage and Disposal:

- Store locked up.
- Dispose of contents/container in accordance with local, regional, national, and international regulations.

3. PRODUCT OVERVIEW

A one-gallon container of Ecolab Super Trump liquid detergent, featuring the product name, brand logo, and product code 12740 on a red label.

Ecolab Super Trump is a highly effective liquid detergent formulated for demanding cleaning tasks. Its concentrated nature ensures powerful cleaning performance, making it suitable for various commercial and industrial applications. The product is designed for automatic dispensing, enhancing convenience and economy.

Key Features:

- **Concentrated Formula:** High-alkaline composition effectively removes heavy grease, protein, and starch.
- **Water Conditioning Agents:** Helps reduce spotting and streaking on cleaned items.
- **Versatile Application:** Suitable for machine warewashing, automatic bar glass washing, and automatic duct cleaning systems.

- **Automatic Dispensing:** Can be dispensed directly from the shipping container using a compatible system.

4. USAGE INSTRUCTIONS

4.1. Setup and Dispensing

1. Ensure the product is stored in a secure, locked-up area when not in use.
2. Connect the Ecolab Super Trump container to an appropriate automatic dispensing system. The system should be designed to pump the product directly into the dishmachine or application area.
3. Verify all connections are secure to prevent leaks.

4.2. Operating Procedures

Ecolab Super Trump is highly concentrated. Always use as directed with an automatic dispensing system. Do not use for manual bar glass washing applications.

4.2.1. Machine Warewashing

- Ensure the automatic dispensing system is correctly calibrated for your dishmachine and water conditions.
- Load warewashing machine according to manufacturer's instructions.
- Initiate the wash cycle. The detergent will be automatically dispensed at the appropriate concentration.
- Super Trump is effective in light, medium, and heavy soil conditions, providing thorough cleaning and reducing spotting and streaking.

4.2.2. Automatic Bar Glass Washing

- For automatic bar glass washing applications, connect Super Trump to the dedicated automatic dispenser for the glass washer.
- Load glassware into the machine.
- Run the wash cycle. Super Trump effectively removes food soils, glassware haze, and lipstick stains.

4.2.3. Automatic Duct Cleaning Systems

- Integrate Super Trump into your automatic hood and duct cleaning system.
- The detergent will penetrate and flush out accumulated grease and oil, contributing to a cleaner, safer, and more efficient system.

5. MATERIAL COMPATIBILITY

When used as directed, Ecolab Super Trump is safe for use on the following materials:

- China
- Glassware
- Stainless Steel
- Silver Flatware
- Plastic Ware

Important Note:

- Ecolab Super Trump is **not recommended for use on aluminum and other soft metals**

6. STORAGE AND HANDLING

- Store the product in its original container in a cool, dry, well-ventilated area.
- Keep container tightly closed when not in use.
- Store locked up and out of reach of children and unauthorized personnel.
- Avoid extreme temperatures.
- In case of spills, contain and clean up immediately following local regulations and safety guidelines.

7. TROUBLESHOOTING

7.1. Spotting or Streaking on Ware

- **Cause:** Incorrect detergent concentration, water hardness issues, or improper rinse aid application.
- **Solution:** Verify the automatic dispensing system's calibration. Ensure the water conditioning agents in Super Trump are working effectively. Consider checking water hardness and adjusting rinse aid if applicable.

7.2. Ineffective Cleaning

- **Cause:** Insufficient detergent dosage, extremely heavy soil load, or equipment malfunction.
- **Solution:** Confirm the dispensing system is delivering the correct amount of detergent. Pre-scrape or pre-rinse heavily soiled items before machine washing. Inspect the warewashing machine for proper operation.

7.3. Product Not Dispensing

- **Cause:** Empty container, clogged line, or dispenser malfunction.
- **Solution:** Check the detergent level in the container. Inspect dispensing lines for any blockages. Consult the dispensing system's manual for troubleshooting specific to the equipment.

8. PRODUCT SPECIFICATIONS

Attribute	Detail
Brand	Ecolab
Model Number	6112740
Item Form	Liquid
Scent	Unscented
Specific Uses For Product	All Purpose (Machine Warewashing, Bar Glass Washing, Duct Cleaning)

Attribute	Detail
Material Feature	Concentrated, High-Alkaline
Package Dimensions	12 x 8 x 6 inches
Weight	1 Pound (Note: This weight seems incorrect for a gallon of liquid, likely a placeholder or shipping weight for an empty container. Refer to product label for actual volume/weight.)
ASIN	B07879G3X8
Date First Available	December 12, 2017

9. IMPORTANT INFORMATION

9.1. Ingredients

Detergent
