Ontel AA-MC4

Ontel Arctic Air Personal Space Cooler Instruction Manual

Model: AA-MC4

Brand: Ontel

Introduction

The Ontel Arctic Air Personal Space Cooler is a compact and powerful evaporative air cooler designed to provide cool, clean, and comfortable air in your personal space. It cools, humidifies, and purifies the air around you, creating a personal comfort zone. This manual provides essential information for the safe and effective operation of your Arctic Air unit.

The Arctic Air Personal Space Cooler is a compact and portable device designed to provide localized cooling by drawing in warm air and transforming it into cool, moist air.

Important Safety Information

- Read all instructions carefully before using the appliance.
- Do not immerse the unit, power cord, or plug in water or other liquids.
- Use only the provided power adapter and USB cord.
- Keep the appliance out of reach of children and pets.
- Place the unit on a flat, stable, and level surface to prevent water leakage.
- Unplug the unit from the power outlet when not in use, before filling water, or before cleaning.
- Do not block the air inlets or outlets.

Package Contents

- Arctic Air™ Unit
- USB Wall Adapter & Cord
- Replaceable Evaporative Cooler Filter
- Easy Instruction Guide

Setup

1. Place your Arctic Air unit on a flat, stable surface.
2. Open the water tank cover located on the top of the unit.

3. Carefully fill the water tank with clean water. For enhanced cooling, use cold water. The tank has a capacity of 500 milliliters and can last up to 8 hours per fill.
4. Close the water tank cover securely.
5. Connect the USB cord to the unit's power port and then plug the other end into the provided USB wall adapter. Plug the adapter into a standard electrical outlet. Alternatively, you can plug the USB cord directly into a compatible USB port.

To prepare your Arctic Air unit for use, simply open the top cover and pour clean water into the reservoir. The unit is designed to hold enough water for up to 8 hours of continuous operation.

Operating Instructions

Power On/Off

- Press the power button ( ) on the top of the unit to turn it on.
- Press the power button again to turn it off.

Fan Speed Adjustment

- The unit features a two-speed fan. Press the fan speed button to cycle between low and high settings.

LED Mood Light

- Press the light button to activate the LED mood light.
- Continue pressing the light button to cycle through the 7 different color options or set it to color-cycle mode.
- Press and hold the light button to turn the light off.

The Arctic Air cooler features a built-in LED mood light with 7 different color options, including a color-cycle mode, to enhance your personal comfort zone, especially during nighttime use.

This video demonstrates the key features and benefits of the Ontel Arctic Air Personal Space Cooler, including its compact design, ease of use, and cooling capabilities.

Maintenance

Cleaning the Unit

- Always unplug the unit before cleaning.
- Wipe the exterior surfaces with a soft, damp cloth.
- Regularly clean the water tank to prevent mineral buildup and ensure optimal performance.

Filter Replacement

- The evaporative filter should be replaced periodically, typically every 3-6 months, depending on usage and water quality, to maintain cooling efficiency.

- Refer to the detailed user guide (PDF) for specific filter replacement instructions.

Troubleshooting

Problem	Solution
Unit not turning on	Ensure the power adapter is securely plugged into the unit and a working electrical outlet. Check the USB connection.
No cooling effect	Ensure the water tank is filled. The unit is designed for personal space cooling, not entire room cooling. For best results, use cold water.
Water leaking	Ensure the unit is placed on a flat, stable surface. Check that the water tank cover is properly sealed and the evaporative filter is correctly seated.
Reduced airflow	Clean or replace the evaporative filter. Ensure air inlets and outlets are not obstructed.

For further assistance or issues not listed above, please refer to the comprehensive User Manual (PDF) available online or contact customer support.

Specifications

Feature	Detail
Brand	Ontel
Model Name	Arctic Air
Model Number	AA-MC4
Mounting Type	Freestanding
Special Feature	Filter
Color	White
Controls Type	Button
Reservoir Capacity	500 Milliliters
Floor Area	45 Square Feet
Recommended Uses	Residential
Product Dimensions	7.95"D x 7.95"W x 10"H
Voltage	120 Volts
Item Weight	2.71 pounds
UPC	735541711251

Warranty and Support

For detailed warranty information, product registration, and customer support, please refer to the official Ontel website or the full User Manual (PDF) provided with your product. You can also find additional resources and FAQs there.
