Oral-B Indicator Color Collection Soft Manual Toothbrush User Manual

1. PRODUCT OVERVIEW

The Oral-B Indicator Contour Clean Manual Toothbrush is designed to effectively remove plaque and food particles from teeth, helping to prevent decay. Its unique bristles fade to indicate when a replacement is due, ensuring optimal cleaning performance.

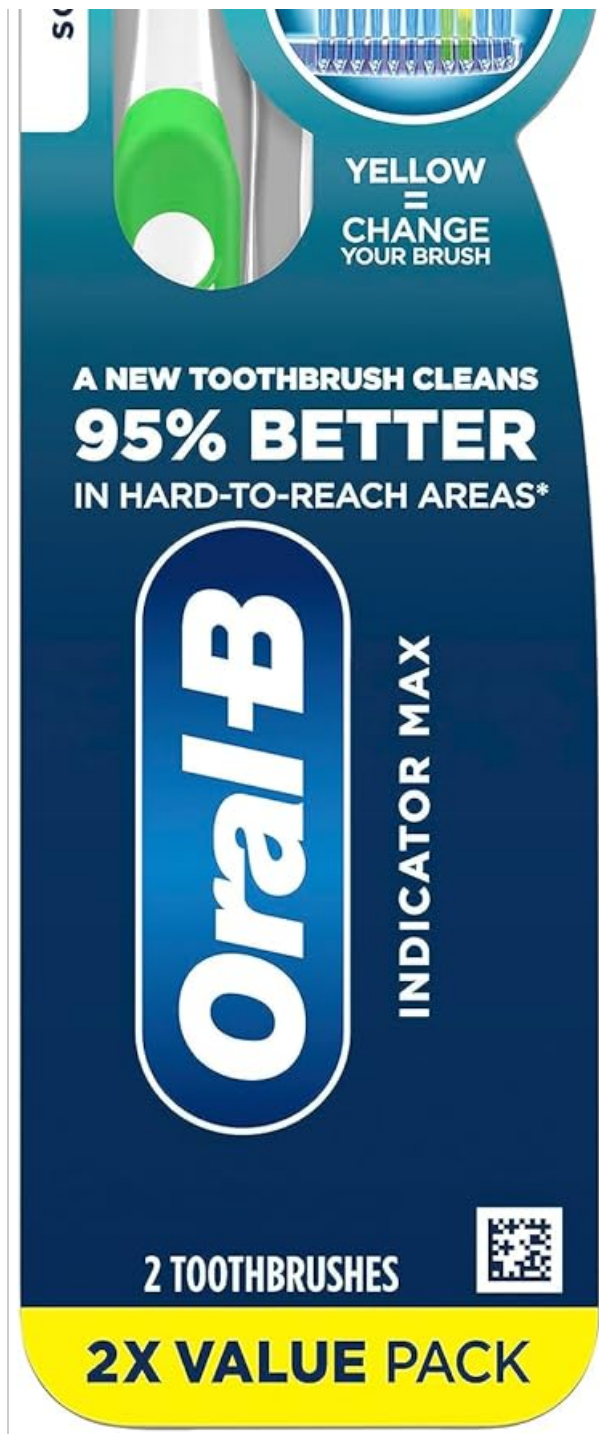

Image 1.1: Packaging of the Oral-B Indicator Color Collection Soft Manual Toothbrush, showing two toothbrushes.

Key Features:

- **Indicator Bristles:** Blue bristles fade halfway to signal when it is time to replace your toothbrush, typically every 3 months.
- **Comfort Fit Bristles:** Bristles are curved to reach and clean between teeth effectively.
- **Gentle End-Rounded Bristles:** Specifically designed to be gentle on teeth and gums, providing a comfortable cleaning experience.

Image 1.2: A selection of Oral-B Indicator Color Collection toothbrushes, highlighting the variety of colors available.

2. USAGE INSTRUCTIONS

For optimal oral hygiene, brush your teeth thoroughly twice a day for two minutes each time. Use a pea-sized amount of toothpaste.

Brushing Technique:

1. Hold the toothbrush at a 45-degree angle to your gums.
2. Gently move the brush back and forth in short, tooth-wide strokes.
3. Brush the outer surfaces, inner surfaces, and chewing surfaces of the teeth.
4. To clean the inside surfaces of your front teeth, tilt the brush vertically and make several up-and-down strokes.

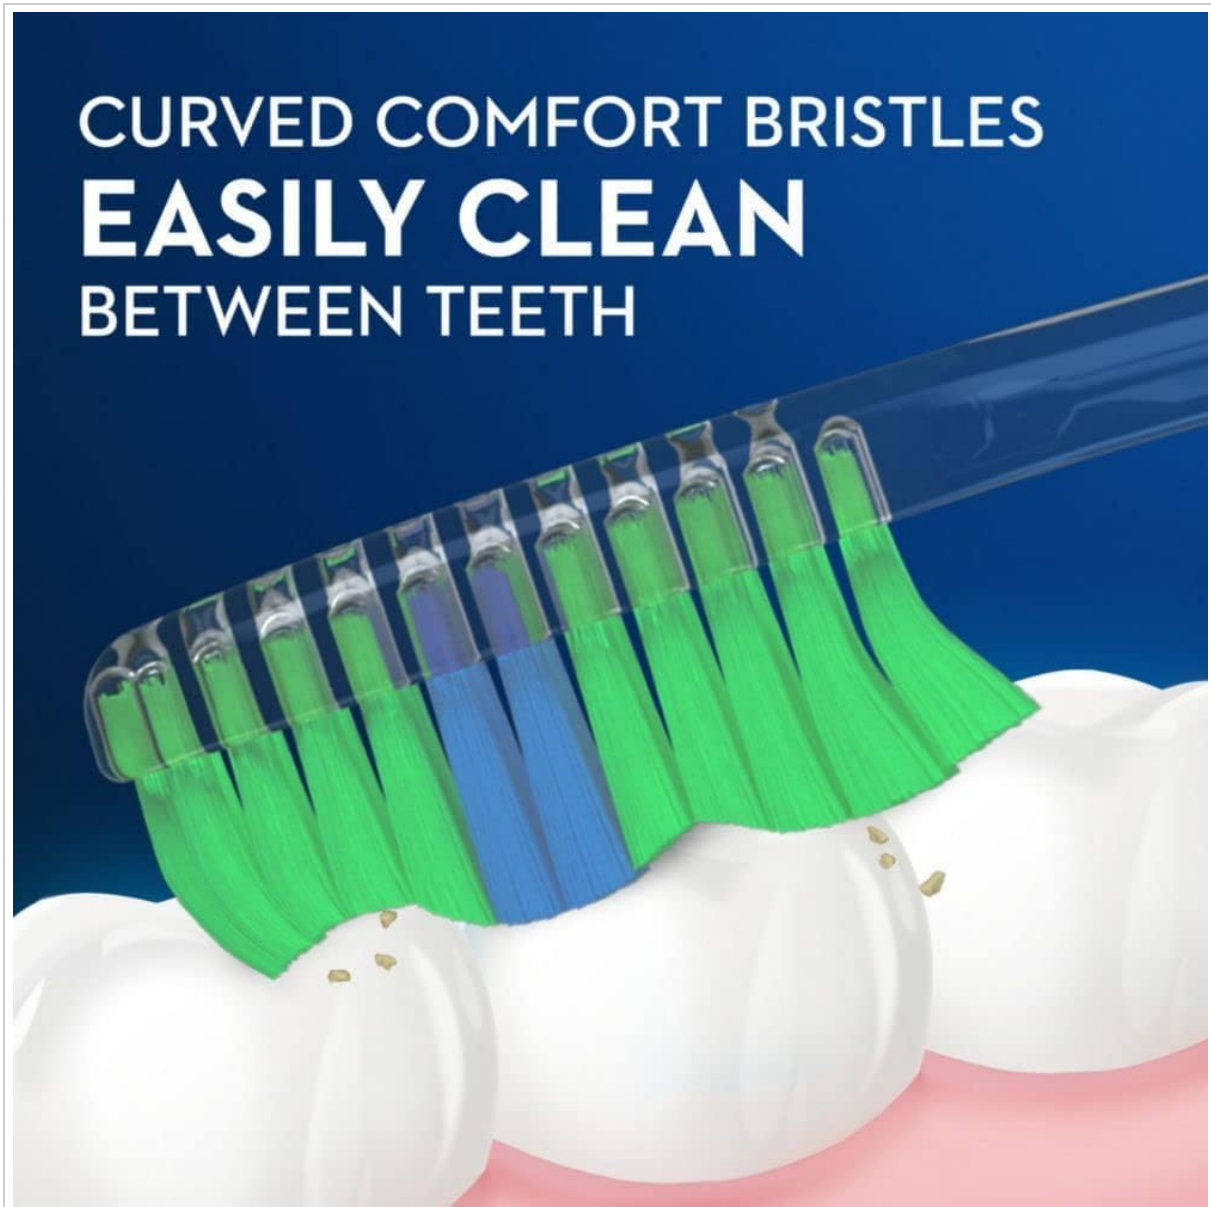

Image 2.1: Illustration demonstrating how the curved comfort bristles are designed to clean effectively between teeth.

Image 2.2: Detailed view of the polished end-rounded bristles, designed for a gentle yet effective clean.

3. MAINTENANCE AND REPLACEMENT

To maintain effective cleaning and hygiene, it is crucial to replace your toothbrush regularly. The Oral-B Indicator bristles serve as a visual reminder for replacement.

Bristle Indicator:

The blue Indicator bristles on your Oral-B toothbrush will fade halfway down over approximately three months of regular use. When the blue color has faded to this extent, it signifies that the brush head is worn and should be replaced to ensure continued cleaning efficacy.

BRISTLES FADE TO SIGNAL REPLACEMENT

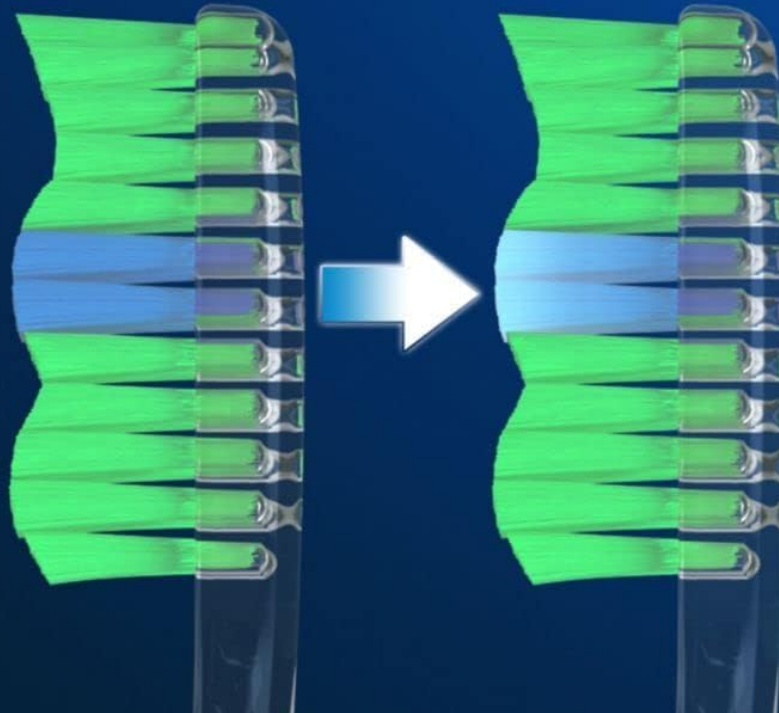

Image 3.1: Visual representation of new bristles compared to bristles where the blue indicator has faded, signaling the need for replacement.

Cleaning Your Toothbrush:

After each use, rinse your toothbrush thoroughly under running water to remove any toothpaste residue and debris. Store the toothbrush upright in a holder, allowing it to air dry.

4. SAFETY INFORMATION

- This product is not intended for children 3 years of age and under.
- Replace the toothbrush every 3 months, or sooner if the bristles become splayed or worn.

5. PRODUCT SPECIFICATIONS

Brand	Oral-B
Model Number	532037
Item Firmness Description	Soft

Power Source	Manual
Age Range (Description)	Adult
Product Dimensions	0.98 x 2.17 x 8.98 inches
Item Weight	1.12 ounces

6. TROUBLESHOOTING

Manual toothbrushes are generally simple to use and require minimal troubleshooting. If you encounter any issues, consider the following:

- **Ineffective Cleaning:** Ensure you are using the correct brushing technique and replacing your toothbrush every 3 months as indicated by the fading bristles. Worn bristles are less effective at cleaning.
- **Bristle Splaying:** If bristles splay out prematurely, it may indicate brushing too hard. Adjust your brushing pressure and replace the toothbrush.

7. WARRANTY AND SUPPORT

For questions regarding your Oral-B Indicator Color Collection Soft Manual Toothbrush or for further assistance, please contact Oral-B customer support. Specific warranty details may vary by region and retailer. Please refer to the product packaging or the official Oral-B website for the most current support information.
