MCombo 7040

MCombo Electric Power Lift Recliner Chair Sofa

INSTRUCTION MANUAL

Model: 7040

INTRODUCTION

This manual provides essential information for the safe and effective use of your MCombo Electric Power Lift Recliner Chair. Please read all instructions carefully before assembly and operation to ensure proper function and longevity of your product. This recliner is designed to offer comfort and assistance, featuring power lift, recline, massage, and heating functions, along with convenient USB charging ports and storage.

SAFETY INFORMATION

Consult a doctor if you have health concerns. Ensure a minimum distance of 15.7 inches to the wall when operating the recliner. Do not exceed the maximum weight recommendation of 320 lbs. The recommended user height for this medium-sized chair is 5'1"-5'9".

SETUP

Easy assembly is required, with no tools needed. Assembly typically takes about 15 minutes for a novice. The chair comes in two boxes: Box 1 contains the Base, Right armrest, Accessories, and Manual. Box 2 contains the Backrest and Left armrest. Follow the detailed instructions provided in the included manual for step-by-step assembly.

Always Refreshed for 2025

OPERATING INSTRUCTIONS

Power Lift and Recline

The counter-balanced lift mechanism, with a TUV certified actuator, gently pushes the entire chair up to assist the user in standing up easily, reducing stress on the back and knees. Smoothly adjust to your preferred lift or reclining position by pressing the two lighted buttons on the remote control. The maximum reclining angle is 140 degrees.

Full-body Vibration & Lumbar Heating

The chair is equipped with 8 vibrating points strategically placed around the chair and 1 lumbar heating point. Both functions can be set to turn off automatically after 15, 30, or 60 minutes. The heating function operates independently of the vibration function.

Easy Touch Easy Life

Figure 3: Illustration of the 8 vibration points and lumbar heating zone within the chair, accompanied by the remote control for selecting massage modes, intensity levels, and heat settings.

USB Charging Ports & Cup Holders

The chair features dual USB outlets to keep your low-power devices, such as iPhones and iPads, charged. Two cup holders are integrated into the armrests for convenience, and dual side pockets provide storage for small items within reach.

Massage and Heating

Heating function works separately from vibration.

8 Vibration Nodes

5 Massage Modes

2 Intensity Levels

• Lumbar Heat

Figure 8: Comparison illustrating the 30% thicker faux leather used in the recliner, contributing to enhanced durability and a premium feel.

Quality Materials

The MCombo recliner is constructed with high-quality, certified materials. It features CertiPUR-US Certified Foam, ensuring no harmful chemicals and providing safe, comfortable support. The fabric is OEKO-TEX Standard 100 Certified, meaning it is skin-friendly and free from harmful substances. The wooden frame is FSC Certified, indicating it comes from sustainably managed forests, promoting durability and eco-friendliness.

Figure 9: Certifications displayed for the recliner's materials, including CertiPUR-US for foam, OEKO-TEX Standard 100 for fabric, and FSC for wood, ensuring quality and sustainability.

Maintenance

To clean the faux leather upholstery, simply wipe with a dry or damp lint-free cloth. Avoid using oils or waxes. Regular dusting and spot cleaning will help maintain the chair's appearance.

TROUBLESHOOTING

For common issues such as power loss, motor malfunction, or remote control problems, first ensure all cables are securely connected and the power outlet is functioning. If issues persist, refer to the detailed troubleshooting guide available on the MCombo support website or contact customer service for assistance.
