OttLite LED Standing Floor Lamp

USER MANUAL

Product Overview

The OttLite LED Standing Floor Lamp is designed to provide natural daylight illumination, reducing glare and eyestrain for various activities such as reading, crafting, and working. Its versatile design includes an adjustable flex neck and dimmable brightness levels to suit your specific lighting needs.

Figure 1: OttLite LED Standing Floor Lamp (White - Natural Daylight model).

Key Features:

- **Versatile Floor Lamp:** Features a rubberized flexible neck for precise light positioning and extends in height from 49 to 71 inches. Includes a sturdy, weighted base and a 12.5-inch shade for broad illumination.
- **Smart Dimmer with 3 Brightness Levels:** Adjust brightness up to 700 lumens with a touch-activated switch. A smart memory feature recalls your last brightness setting.
- **Natural Daylight LEDs:** Engineered to provide reduced glare, minimize eyestrain, and offer superior color rendering, making fine details and print clearly visible.
- **Long-Lasting Light:** Equipped with OttLite Natural Daylight LEDs designed for up to 40,000 hours of use.
- **Healthier Way to See:** Developed based on natural light research to help users see more clearly and comfortably.

Setup

Follow these steps to set up your OttLite LED Standing Floor Lamp:

1. **Unpack Components:** Carefully remove all components from the packaging. Ensure you have the lamp base, lamp pole with flexible neck and shade, and power cable.
2. **Assemble Lamp Pole:** Insert the lower section of the lamp pole into the weighted base. Twist clockwise until securely fastened.
3. **Connect Power:** Plug the power cable into the lamp's power input port, typically located near the base. Then, plug the other end of the power cable into a standard electrical outlet.
4. **Position Lamp:** Place the lamp on a flat, stable surface. Adjust the height of the lamp pole and the flexible neck to your desired position. The lamp height can be adjusted from 49 inches to 71 inches.

Perfect for when you're up late **reading, sewing, getting craft projects done** at your workbench, or putting the kids to bed.

What's in the Box:

- OttLite LED Standing Floor Lamp (assembled pole, flexible neck, and shade)

- Weighted Base
- Power Cable

Operating Instructions

Your OttLite LED Standing Floor Lamp is designed for ease of use with intuitive controls.

Power On/Off and Brightness Adjustment:

The lamp features a touch-activated switch located on the lamp pole. This switch controls both power and brightness levels.

- **To Turn On/Off:** Lightly touch the power icon on the lamp pole. The lamp will turn on or off.
- **To Adjust Brightness:** With the lamp on, repeatedly touch the power icon to cycle through the 3 available brightness levels. The lamp will adjust from lowest to highest brightness.
- **Smart Memory Feature:** The lamp remembers your last brightness setting. When you turn the lamp back on, it will resume at the brightness level it was set to when last turned off.

Flexible neck provides ample adjustment.

Weighted base keeps the lamp firmly in position.

Smart memory feature remembers your last brightness setting.

Touch-sensitive controls allow you to switch between **3 brightness levels**.

Figure 3: Touch-sensitive controls and flexible neck for optimal light positioning.

Adjusting the Flexible Neck:

The lamp's rubberized flexible neck allows you to direct light precisely where it's needed. Gently bend the neck to position the light head at any desired angle. The neck is designed to hold its position once set.

Maintenance

Proper care will ensure the longevity and optimal performance of your OttLite LED Standing Floor Lamp.

- **Cleaning:** Ensure the lamp is unplugged before cleaning. Use a soft, dry cloth to wipe down the lamp's surfaces. Do not use abrasive cleaners, solvents, or polishes as they may damage the finish or electrical components.
- **LED Lifespan:** The integrated OttLite Natural Daylight LEDs are designed to last for up to 40,000 hours under normal use and do not require replacement.
- **Storage:** If storing the lamp for an extended period, ensure it is clean and dry. Store it in a cool, dry place away from direct sunlight and extreme temperatures.

Troubleshooting

If you encounter issues with your OttLite LED Standing Floor Lamp, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Lamp does not turn on.	Not plugged in securely. Power outlet is not functioning. Touch switch not activated correctly.	Ensure the power cable is firmly plugged into both the lamp and the wall outlet. Test the outlet with another device to confirm it is working. Lightly touch the power icon on the lamp pole to activate.
Light flickers or is inconsistent.	Loose connection. Power fluctuations.	Check all power connections. Try plugging the lamp into a different outlet or a surge protector.
Lamp head does not stay in position.	Flexible neck not bent sufficiently or is worn. Top section of the lamp pole is loose.	Ensure the flexible neck is bent into a stable curve. Check that all pole sections are securely twisted together.

Specifications
