Topps 2014 Series 2

Garbage Pail Kids 2014 Series 2 Trading Card Set User Manual

MODEL: 2014 SERIES 2

1. Introduction and Overview

This manual provides essential information regarding the Topps Garbage Pail Kids 2014 Series 2 Complete 132 a/b Trading Card Base Set. This collectible set, produced by Topps, continues the tradition of satirical and humorous trading cards, featuring unique characters and their distinct variations.

The 2014 Series 2 set is a significant addition for collectors, offering a full base set experience with its comprehensive numbering and dual variations for each character.

2. Set Contents

The Garbage Pail Kids 2014 Series 2 Complete Base Set consists of 132 unique trading cards. These cards are numbered from 67 to 132, with each number having two distinct variations, commonly referred to as 'a' and 'b' variations.

- **Total Cards:** 132 (66 unique character themes, each with an 'a' and 'b' variation).
- **Card Numbering:** Cards are numbered sequentially from 67a/b to 132a/b.
- **Variations:** Each character theme features two distinct cards, typically with different names and subtle artistic differences, identified by 'a' or 'b' suffixes.

This complete set ensures that collectors acquire all primary cards released within this specific series.

3. Card Identification

Identifying the specific cards within the 2014 Series 2 set is straightforward due to the consistent numbering and variation system:

- **Card Number:** Each card prominently displays its number (e.g., 67, 68, etc.) on the front or back.
- **Variation Suffix:** Following the card number, either an 'a' or 'b' suffix will be present (e.g., 67a, 67b). This suffix denotes the specific variation of that character.

- **Character Name:** The 'a' and 'b' variations of a given number typically feature different character names, even if the artwork is similar or depicts the same character in a slightly altered state.
- **Artwork Differences:** While often subtle, there are usually minor artistic differences between the 'a' and 'b' variations of a card, such as color changes, background elements, or character expressions.

Careful examination of the card number, suffix, and character name will allow for accurate identification and organization of your collection.

4. Care and Maintenance

To preserve the condition and value of your Garbage Pail Kids trading cards, follow these recommended care and maintenance guidelines:

- **Handling:** Always handle cards by their edges to avoid transferring oils from your skin, which can degrade the card surface over time. Consider wearing cotton gloves when handling valuable cards.
- **Protection:** Store cards in individual soft sleeves (penny sleeves) and then place them into rigid top loaders or binder pages designed for trading cards. This provides protection against bending, creasing, and surface wear.
- **Storage Environment:** Keep cards in a cool, dry place away from direct sunlight, extreme temperatures, and high humidity. These conditions can cause fading, warping, or mold growth. Acid-free storage materials are recommended.
- **Cleaning:** Avoid attempting to clean cards with liquids or abrasive materials. For light dust, a soft, dry microfiber cloth can be used very gently.
