Sanotechnik Nora 3-Piece Bathroom Furniture Set

MODEL: 08415

1. Product Overview

The Sanotechnik Nora 3-Piece Bathroom Furniture Set is a compact and functional solution for your bathroom. This set includes a base cabinet, a mineral cast washbasin, and a mirror with a shelf. Designed for durability and ease of use, it features a soft-close drawer mechanism for quiet operation.

Figure 1: Sanotechnik Nora Bathroom Furniture Set (Oak finish)

This image displays the Sanotechnik Nora 3-piece bathroom furniture set in an oak finish, featuring a wall-mounted base cabinet with a single drawer, a white mineral cast washbasin with a faucet, and a rectangular mirror with a small shelf mounted above the sink. The set is shown against a light-colored wall.

Figure 2: Sanotechnik Nora Bathroom Furniture Set (White finish)

This image shows the Sanotechnik Nora 3-piece bathroom furniture set in a white finish, highlighting the clean lines of the wall-mounted base cabinet, the integrated white mineral cast washbasin with a faucet, and the

simple rectangular mirror with a shelf. This variant offers a bright, minimalist aesthetic.

Figure 3: Sanotechnik Nora Bathroom Furniture Set (Silver Oak finish)

This image presents the Sanotechnik Nora 3-piece bathroom furniture set in a silver oak finish, showcasing the textured wood grain of the wall-mounted base cabinet. It includes the white mineral cast washbasin with a faucet and the rectangular mirror with a shelf, providing a modern and sophisticated look.

2. Safety Information

- Ensure all components are securely mounted to a stable wall structure to prevent tipping. Use appropriate wall anchors for your wall type.
- Keep electrical components (if any, e.g., optional LED lamp) away from water sources. Consult a qualified electrician for installation of electrical accessories.
- Do not overload the cabinet or mirror shelf. Distribute weight evenly.
- Avoid using abrasive cleaners or harsh chemicals on the surfaces, as this may damage the finish.
- Children should not be allowed to climb on or play with the furniture.

3. Package Contents

Your Sanotechnik Nora Bathroom Furniture Set package should contain the following components:

- **1 x Base Cabinet:** Pre-assembled, with one drawer featuring a soft-close mechanism.
- **1 x Mineral Cast Washbasin:** Designed to fit perfectly on the base cabinet.
- **1 x Mirror:** With an integrated shelf (lighting not included).
- **Mounting Hardware:** Screws, wall plugs, and brackets necessary for installation.

Note: Faucet, drain, and LED lighting are not included and must be purchased separately.

4. Setup and Assembly

While the base cabinet is pre-assembled, installation requires mounting the unit to the wall and connecting plumbing. It is recommended to have this process performed by a qualified professional.

1. **Prepare the Installation Area:** Ensure the wall is clean, dry, and capable of supporting the weight of the furniture set. Identify stud locations if mounting to drywall.
2. **Mount the Base Cabinet:** Using the provided mounting hardware, securely attach the pre-assembled base cabinet to the wall at the desired height. Ensure it is level.
3. **Install the Washbasin:** Carefully place the mineral cast washbasin onto the base cabinet. Connect the water supply lines and drain according to local plumbing codes. Ensure all connections are watertight.
4. **Mount the Mirror:** Position the mirror above the washbasin and securely mount it to the wall using the appropriate hardware. Ensure it is level and stable.
5. **Final Checks:** Verify all components are securely fastened and stable. Check for any leaks from plumbing connections.

5. Operating Instructions

The Sanotechnik Nora base cabinet features a **Soft Close** drawer mechanism. This system ensures that the drawer closes gently and silently, preventing slamming and extending the lifespan of the furniture. Simply push the drawer to close it, and the soft-close mechanism will engage automatically to guide it to a smooth, quiet stop.

6. Maintenance and Care

- **General Cleaning:** Wipe surfaces regularly with a soft, damp cloth. For stubborn marks, use a mild, non-abrasive cleaning solution.
- **Mineral Cast Washbasin:** Clean with non-abrasive liquid cleaners. Avoid harsh chemicals, scouring pads, or abrasive powders that can scratch the surface.
- **Wood Surfaces:** Avoid excessive moisture. Immediately wipe up any spills to prevent water damage or staining. Do not use silicone-based polishes.
- **Mirror:** Clean with a standard glass cleaner and a soft, lint-free cloth.

- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fading or discoloration of the wood finish.

7. Troubleshooting

- **Damaged Upon Arrival:** If any components are damaged during shipping, do not attempt to assemble. Contact your retailer or the manufacturer immediately with photographic evidence of the damage.
- **Drawer Not Closing Smoothly:** Check for any obstructions in the drawer slides. Ensure the soft-close mechanism is clean and free of debris. If issues persist, verify the cabinet is level and securely mounted.
- **Water Leaks from Washbasin:** Ensure all plumbing connections are tightened correctly. If leaks persist, professional plumbing assistance may be required.
- **Mirror Instability:** Re-check the wall mounting hardware. Ensure appropriate wall plugs and screws are used for your wall type and that they are fully tightened.

8. Specifications

Attribute	Detail
