

## ROBOTIME DG104

# Robotime- Rolife Cathy's Flower House DIY Miniature Kit

Brand: **ROBOTIME** | Model: **DG104**

## INTRODUCTION

---

The Robotime- Rolife Cathy's Flower House (Model DG104) is a meticulously designed DIY miniature kit that allows you to construct a charming greenhouse scene. This kit is intended for crafters and enthusiasts aged 14 and above, offering a rewarding assembly experience that culminates in a beautiful, detailed display piece with functional LED lighting.

All necessary components and clear, step-by-step instructions are included in the package, ensuring a smooth and enjoyable building process. The finished model showcases intricate details and a unique design, making it a perfect addition to any collection or a thoughtful gift.

## SAFETY INFORMATION

---

### WARNING:

- Not suitable for children under 36 months due to small parts which may present a choking hazard.
- This product contains small components and requires the use of sharp tools and adhesives during assembly. Adult supervision is recommended for younger users (though recommended age is 14+).
- Keep all packaging materials away from children.
- Exercise caution when handling delicate parts to avoid breakage or injury.

## PACKAGE CONTENTS AND SETUP

---

Before beginning assembly, carefully unpack all components and verify against the parts list provided in your instruction manual. Familiarize yourself with the different materials and tools required.

Image: Overview of the kit contents, showing the packaging box, sheets of pre-cut wooden and paper parts, adhesive, and a small brush for application.

### Assembly Instructions:

1. **Preparation:** Ensure you have a clean, well-lit workspace. Gather any additional tools that may be helpful, such as precision scissors, tweezers, and a ruler.
2. **Component Identification:** Refer to the detailed diagrams in your manual to identify each part. Parts are often numbered or labeled on their sheets.
3. **Step-by-Step Construction:** Follow the illustrated instructions precisely. Each step guides you through cutting, folding, gluing, and assembling individual elements.
4. **Adhesive Application:** Apply glue sparingly and precisely as indicated. Allow sufficient drying time for each glued section before proceeding to the next step to ensure structural integrity.
5. **Detailing:** Pay close attention to the small details, such as painting miniature furniture or arranging tiny plants, as these contribute significantly to the final aesthetic.

*Image: Hands applying a small amount of adhesive to a miniature leaf, highlighting the precision needed for small details.*

## OPERATING THE LED LIGHTING

---

The Cathy's Flower House kit includes an integrated LED lighting system to illuminate your miniature scene. Once the assembly is complete and the wiring is connected according to the manual, you can activate the lights.

- **Power Source:** The LED lights are typically powered by batteries (not included). Refer to your manual for the specific battery type and installation instructions.
- **Activation:** Locate the battery box and the ON/OFF switch. Flip the switch to the "ON" position to illuminate the greenhouse.
- **Deactivation:** To turn off the lights, flip the switch to the "OFF" position.

Image: A visual comparison showing the miniature greenhouse during the day and its appearance at night when the internal LED lighting is activated.

## MAINTENANCE

---

To ensure the longevity and pristine appearance of your Cathy's Flower House, follow these simple maintenance guidelines:

- **Dusting:** Regularly dust the model using a soft brush or a can of compressed air to remove accumulated dust from intricate areas.
- **Handling:** Always handle the model with care, preferably by its base, to avoid damaging delicate components.
- **Placement:** Display the model in a stable location away from direct sunlight, extreme temperatures, and high humidity, which can cause materials to warp or fade.
- **Cleaning:** For stubborn marks, gently wipe with a slightly damp cloth, then immediately dry. Avoid harsh chemicals or abrasive cleaners.

## TROUBLESHOOTING

---

Should you encounter any issues during or after assembly, consider the following common solutions:

Problem	Possible Cause / Solution
Missing Parts	Carefully re-check all packaging materials. If parts are genuinely missing, contact Robotime customer support with your product model and a description of the missing components.

Problem	Possible Cause / Solution
LED Lights Not Working	Ensure batteries are correctly installed with proper polarity. Check if batteries are depleted and replace if necessary. Verify all wire connections are secure and not damaged. Confirm the ON/OFF switch is in the "ON" position.
Parts Do Not Fit	Double-check the part numbers against the manual's diagrams. Ensure parts are oriented correctly. Some parts may require gentle force or light sanding for a perfect fit.
Adhesive Not Holding	Ensure surfaces are clean and dry before applying glue. Apply sufficient pressure during bonding. Allow adequate drying time as specified in the manual.

## SPECIFICATIONS

Feature	Detail
Model Name	Cathy's Flower House
Model Number	DG104 (Manufacturer Ref: 89892)
Brand	ROBOTIME
Sub-Brand	Rolife
Recommended Age	14 years and up
Approximate Assembly Time	20 hours
Assembled Dimensions (L x W x H)	19.5 x 17.5 x 17.5 cm
Scale	1:24
Main Materials	Wood, Fabric, Paper, Metal
Educational Value	Motor skills, patience, attention to detail
Batteries Required	No (for kit, but yes for LED lights, typically AAA, not included)
Assembly Required	Yes
