Artemide Tolomeo Mega (Satin, Ø36)

Artemide Tolomeo Mega Lampshade User Manual

Model: Tolomeo Mega (Satin, Ø36)

1. Product Overview

This document provides instructions for the Artemide Tolomeo Mega Lampshade, designed specifically for the Tolomeo Mega lamp series. This product is a standalone lampshade and does not include the lamp base or bulb.

- **Product Type:** Lampshade
- **Compatibility:** Designed for Artemide Tolomeo Mega lamps.
- **Material:** Satin fabric.
- **Color:** Grey.
- **Diameter:** Ø36.

Image 1.1: The Artemide Tolomeo Mega Lampshade. This image displays the lampshade's conical form, its grey satin exterior, and the internal metal frame with the central ring designed for attachment to a lamp fixture.

2. Setup and Installation

The Artemide Tolomeo Mega Lampshade is designed for easy installation onto a compatible Tolomeo Mega lamp fixture. Ensure the lamp is unplugged before beginning installation.

1. **Prepare the Lamp:** Ensure your Artemide Tolomeo Mega lamp base is stable and unplugged from the power source. If an old lampshade is present, carefully remove it.
2. **Identify the Fixture:** Locate the lamp holder (socket) on your Tolomeo Mega lamp. It typically has a threaded ring or a mechanism to secure a lampshade.
3. **Position the Lampshade:** Carefully place the lampshade over the lamp holder, aligning the central ring of the lampshade's metal frame with the lamp holder.
4. **Secure the Lampshade:** Depending on your lamp's design, either screw the threaded ring (often provided with the lamp, not the lampshade) onto the lamp holder to secure the lampshade, or ensure the lampshade's frame clips

securely into place. Ensure it is firm and level.

5. **Final Check:** Once secured, gently test the stability of the lampshade. Plug the lamp back into the power source.

Note: This lampshade is specifically designed for the Tolomeo Mega series. Using it with other lamp models may result in an improper fit or instability.

3. Operating Instructions

As a passive component, the Artemide Tolomeo Mega Lampshade does not require specific operating procedures. Its function is to diffuse and direct light from the bulb within the Tolomeo Mega lamp fixture. Ensure the lampshade is properly installed before operating the lamp.

4. Maintenance and Care

Proper care will help maintain the appearance and longevity of your Artemide Tolomeo Mega Lampshade.

- **Dusting:** Regularly dust the lampshade with a soft, dry cloth or a feather duster to prevent dust buildup.
- **Cleaning Stains:** For minor stains on the satin fabric, gently dab the affected area with a clean, damp cloth. Avoid rubbing vigorously, as this may damage the fabric. Use only water or a very mild, fabric-safe cleaner if necessary, testing on an inconspicuous area first.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, solvents, or harsh chemicals, as these can discolor or damage the satin material.
- **Handling:** Always handle the lampshade by its metal frame or base to avoid creasing or damaging the fabric.

5. Troubleshooting

This section addresses common issues that may arise with the lampshade.

Problem	Possible Cause	Solution
Lampshade does not fit the lamp.	Incorrect lamp model; not a Tolomeo Mega.	Ensure your lamp is an Artemide Tolomeo Mega. This lampshade is designed specifically for that series.
Lampshade is wobbly or unstable.	Not properly secured to the lamp holder.	Re-check installation steps. Ensure the securing ring (if applicable) is tightened or the frame is fully seated.
Fabric appears creased or damaged.	Improper handling or storage.	Handle the lampshade carefully by its frame. Store in a protective manner when not in use. Minor creases may relax over time.

6. Specifications

Feature	Detail
Brand	Artemide
Product Type	Lampshade
