John Deere 318G Skid Steer Toy Instruction Manual

Brand: TOMY | Model: 46690

INTRODUCTION

Help your little farmer or construction fan get the job done with the John Deere 318G Skid Steer at 1:32 scale. Featuring authentic John Deere details and a working front bucket for scooping fun, this vehicle will be a welcome addition to any 1:32 scale farm toy collection. With durable plastic construction, this skid steer is great for both indoor and outdoor play!

SAFETY INFORMATION

No specific warning applicable. Recommended for ages 36 months - 5 years. Always supervise children during play. Keep small parts away from children under 3 years to prevent choking hazards.

WHAT'S IN THE BOX

- Toy Truck (John Deere 318G Skid Steer)

KEY FEATURES

- Farm toy features durable construction that's great for both indoor and outdoor play
- Working front bucket for scooping fun
- Officially Licensed John Deere Product
- Age grade 3+

SETUP

The TOMY Big Farm John Deere 318G Skid Steer Toy comes ready for play directly out of the box. No assembly is required.

1. Carefully remove the toy from its packaging.
2. Ensure all packaging materials are discarded safely, especially plastic ties or small pieces.
3. The toy is now ready for immediate use.

OPERATING INSTRUCTIONS

The John Deere 318G Skid Steer is designed for interactive play, featuring a movable front bucket for realistic construction and farming scenarios.

- **Moving the Skid Steer:** Push or pull the toy across flat surfaces to simulate movement on a construction site or farm. The durable wheels are designed for smooth rolling.
- **Operating the Front Bucket:** The front bucket is fully articulated. Manually lift the arm to raise the bucket, and lower it to scoop up imaginary materials like sand, dirt, or small blocks. Tilt the bucket forward to dump its contents.

MAINTENANCE

- **Cleaning:** Wipe the toy clean with a soft, damp cloth. Do not use harsh chemicals or abrasive cleaners.
- **Storage:** Store the toy in a dry, cool place away from direct sunlight to prevent material degradation.
- **Avoid Immersion:** Do not immerse the toy in water, as this may damage internal mechanisms or decals.

TROUBLESHOOTING

- **Stiff Moving Parts:** If the bucket or arm becomes stiff, check for any small debris or foreign objects obstructing the joints. Gently clear any obstructions.
- **Damage:** Avoid applying excessive force to the movable parts, as this may cause breakage. If parts become detached, inspect for reattachment points or contact customer support if necessary.
