## PRUNUS J-908

# VS

## OLD VERSION

**1200mAH** Lithium battery, prolongs 50% duration

**PLAYTIME**

**800mAH** Lithium battery, lasts for only 5-6 hours at 30% volume(our true testing result)

**Switch** between different music style folders

**SWITCH FOLDERS**

**NO** switch between folders

**Don't have to press** continuously at night

**LED FLSHLIGHT**

**Must press** and hold the button at night

Headphone volume is as **excellent** as the speaker volume

**VOLUME**

Headphone volume is **lower** than the speaker volume

**J-908 Improvements:** The J-908 model features a larger 1200mAh battery for longer playtime, the ability to switch between music folders, and an improved LED flashlight function compared to older versions.

## 5. SETUP

### 5.1 Battery Installation

1. Locate the battery compartment on the back of the radio.
2. Open the battery compartment cover.
3. Insert the provided 1200mAh BL-5C Lithium Ion battery, ensuring the contacts align correctly.
4. Close the battery compartment cover securely.

### 5.2 Initial Charging

1. Connect the small end of the USB charging cable to the radio's charging port.
2. Connect the larger end of the USB cable to a DC5V/500mA-1A USB power source (e.g., USB adapter, computer USB port, power bank).
3. The charging indicator light will illuminate. A low battery indicator will also be present when charging is needed.
4. Charge the radio for 3-5 hours for a full charge. The indicator light will change or turn off when fully charged. You can use the radio while it is charging.

The radio features an easy-to-use USB charging port.

## 6. OPERATING INSTRUCTIONS

---

### 6.1 Power On/Off

- To power on the radio, slide the power switch to the 'ON' position.
- To power off, slide the power switch to the 'OFF' position.

### 6.2 Radio Operation (AM/FM)

1. Extend the telescopic antenna for optimal reception.
2. Press the 'MODE' button to switch between FM and AM bands. The display will show the current frequency.
3. **Auto Scan and Store:** Press and hold the 'PLAY/PAUSE' button (often labeled with a play/pause icon or 'SCAN'). The radio will automatically scan for available stations and store them in numerical order. *Note: The order of stations cannot be changed after auto-scanning.*
4. **Navigate Stored Stations:** Use the 'PREVIOUS' (◀) and 'NEXT' (▶) buttons to cycle through the stored stations.
5. **Manual Tuning (if applicable):** If your model supports it, use the number pad to directly enter a frequency or use the tuning knob/buttons for fine-tuning.

One-key operation for automatic scanning and saving of radio stations.

### 6.3 MP3 Playback (USB/TF Card)

1. Insert a Micro SD/TF card or USB flash drive (formatted to FAT32) containing MP3 audio files into the corresponding slot. The radio will automatically detect and begin playing the MP3 files.
2. **Play/Pause:** Press the 'PLAY/PAUSE' button to pause or resume playback.
3. **Next/Previous Track:** Use the 'PREVIOUS' (⏮) and 'NEXT' (⏭) buttons to skip to the next or previous track.
4. **Fast Forward/Rewind:** Press and hold the 'PREVIOUS' (⏮) or 'NEXT' (⏭) buttons to fast forward or rewind within a track.
5. **Folder Switching:** Press the 'MODE' button repeatedly until the folder switching mode is activated (if available). Use the number pad or navigation buttons to select a specific folder.
6. **Repeat Modes:** Some models may offer repeat modes (e.g., repeat one, repeat all, repeat folder). Consult the on-screen display or specific button labels for these functions.

### 6.4 Flashlight Operation

- Press the 'LED' button (or designated flashlight button) to turn the LED flashlight on.
- Press the 'LED' button again to turn the flashlight off.

### 6.5 Volume Adjustment

- Rotate the volume knob (typically on the side) to increase or decrease the audio volume.

### 6.6 Headphone Use

- Insert 3.5mm headphones (not included) into the headphone jack for private listening. The speaker will automatically mute when headphones are connected.

## 7. MAINTENANCE

- **Cleaning:** Wipe the radio with a soft, dry cloth. Do not use abrasive cleaners or solvents.
- **Battery Care:** To prolong battery life, avoid fully discharging the battery frequently. Recharge the battery when the low battery indicator appears. If storing the radio for an extended period, charge the battery periodically.
- **Storage:** Store the radio in a cool, dry place away from direct sunlight and extreme temperatures.

## 8. TROUBLESHOOTING

Problem	Possible Cause / Solution
Radio does not power on.	Battery is low or depleted. Charge the battery. Ensure the battery is correctly installed.
Poor radio reception.	Extend the telescopic antenna fully. Try repositioning the radio. Interference from other electronic devices.
MP3 files not playing.	Ensure the Micro SD/TF card or USB drive is formatted to FAT32. Only MP3 format files are supported. Check if the card/drive is inserted correctly.

Problem	Possible Cause / Solution
Cannot change the order of stored radio stations.	The radio automatically stores stations in numerical order during auto-scan, and this order cannot be manually rearranged.
Radio suddenly shuts off.	Battery is depleted. Recharge the battery.
No sound from speaker when headphones are unplugged.	Ensure headphones are fully unplugged from the jack. Check volume level.
