Luposwiten LP-SL-28D

Luposwiten 28 LEDs Solar Lights Outdoor User Manual

Model: LP-SL-28D
Brand: Luposwiten

1. Product Overview

The Luposwiten 28 LEDs Solar Lights are designed to provide efficient and reliable outdoor illumination. These lights feature a responsive motion sensor, wide lighting angle, and durable waterproof construction, making them ideal for various outdoor applications such as front doors, backyards, garages, and porches. They are solar-powered, requiring no wiring and offering an eco-friendly lighting solution.

Key Features:

- **Wider Lighting Angle & Larger Range:** Equipped with powerful LEDs, these lights produce 400 lumens, providing excellent brightness and large illumination coverage.
- **Responsive Motion Sensor:** The solar motion lights activate upon detecting motion and automatically turn off after approximately 30 seconds. They operate in two modes: ON/OFF (no dim mode).
- **Easy to Install:** These solar-powered lights require zero maintenance and are simple to install as they do not require wiring cables.
- **Longevity & Durability:** Featuring an IP65 waterproof rating, the lights are designed to withstand heat, rain, cold, and frost, ensuring a lifespan of up to 5,000 hours.
