CROWN SHADES 10x10 Pop Up Canopy Tent Instruction Manual

Model: CS-C1010BU

1. SAFETY INFORMATION

Always adhere to safety guidelines to ensure safe use of your CROWN SHADES 10x10 Pop Up Canopy Tent. This includes:

- Do not exceed the maximum weight limit for the canopy structure.
- Securely anchor the shelter using the provided stakes and guy ropes, especially in windy conditions.
- Exercise caution during assembly and disassembly to prevent injury.
- Keep hands and fingers clear of moving parts and pinch points during setup and takedown.

2. SETUP INSTRUCTIONS

The CROWN SHADES 10x10 Pop Up Canopy Tent features a patented one-push CenterLok system designed for quick and easy setup, typically by two people without tools. Follow these steps for assembly:

2.1 Initial Frame Expansion

1. Remove the canopy frame from its storage bag. Place the folded frame in the desired setup location.
2. With a person on each side, gently pull the outer legs of the frame outwards to begin expanding it. Do not fully extend the legs yet.

Figure 2.1: Visual guide for the three main setup steps: expanding the frame, attaching the canopy top, and adjusting leg height.

2.2 Attaching the Canopy Top

3. Unfold the canopy fabric and drape it over the partially expanded frame. Ensure the corners of the fabric align with the corners of the frame.
4. Utilize the Fast Clip system to secure the canopy fabric to the frame. These clips are designed for a secure fit and to prevent water pooling.

Figure 2.2: Detail of the adjustable leg mechanism and the Fast Clip system for securing the canopy fabric.

2.3 Engaging the CenterLok and Adjusting Height

5. Once the fabric is in place, push the central hub upwards until it clicks and locks into place. This engages the patented CenterLok technology, securing the frame.

Figure 2.3: The CenterLok mechanism for quick frame locking and the STO'N GO wheel for easy transport.

6. Extend the legs to your desired height using the soft, pinch-free push buttons. There are three adjustable height settings.
7. Secure the canopy to the ground using the provided anchoring spikes and guy ropes for stability.

2.4 Setup Video Guide

Video 2.1: A detailed video demonstrating the setup process of the Crown Shades Tent. This video shows the steps from unpacking to full assembly, highlighting the ease of use.

3. OPERATION AND FEATURES

The CROWN SHADES 10x10 Pop Up Canopy Tent is designed for versatile outdoor use, providing shade and protection for various activities.

3.1 Shade and Space

- The 10' x 10' footprint offers 100 square feet of shade, comfortably accommodating up to 10 people.
- The interior height exceeds 9 feet, with a maximum clearance under the valance over 6 feet, providing ample headroom without overhead crossbars.

Figure 3.1: A visual comparison highlighting the superior headroom and rain runoff design of the CROWN SHADES canopy compared to traditional designs.

3.2 Weather Protection

- The silver-coated interior provides UPF 50+ UV protection, ensuring a cooler and safer shaded area.
- Constructed from rugged 150D fabric, the canopy is water-resistant and flame-resistant (CPAI-84 certified).
- Integrated air vents and the Fast Clip system help prevent wind lift and rain pooling, reducing the risk of fabric tearing.

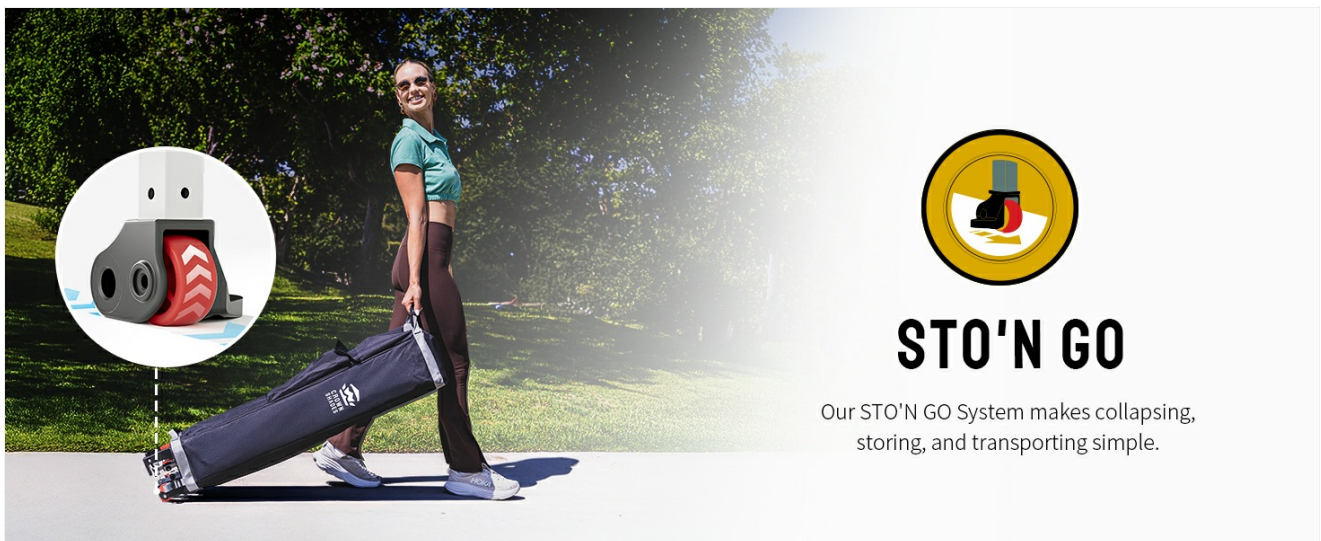

Figure 3.2: The silver-coated fabric provides UPF 50+ UV protection and water resistance.

Figure 3.3: The vented top design ensures optimal airflow and temperature control within the canopy.

3.3 Durable Construction

The canopy features a durable, high-grade, corrosion-resistant alloy steel truss frame with hardened through bolts. This pre-assembled frame supports up to 120 lbs. distributed across it, ensuring robust and reliable performance. The extended ceiling assembly and upgraded high peak design facilitate rainwater runoff, preventing pooling.

3.4 Usage Scenarios

CENTERLOK®

1 Person assembly in 1 minute or less!

STO'N GO

Make transportaion a breeze !

Figure 3.4: The canopy provides comfortable shade for various outdoor activities, such as picnics by the lake.

PACKING LIST

1x Steel Frame

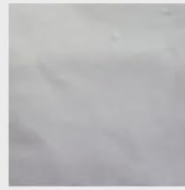

1x Cover Bag

4x Guy Ropes

4 x Empty Sandbags

1x Repair Patch

8 x Spikes+
1 x Hexagon Spanner

1x Canopy Top

Figure 3.5: Ideal for sports events, offering shade for spectators.

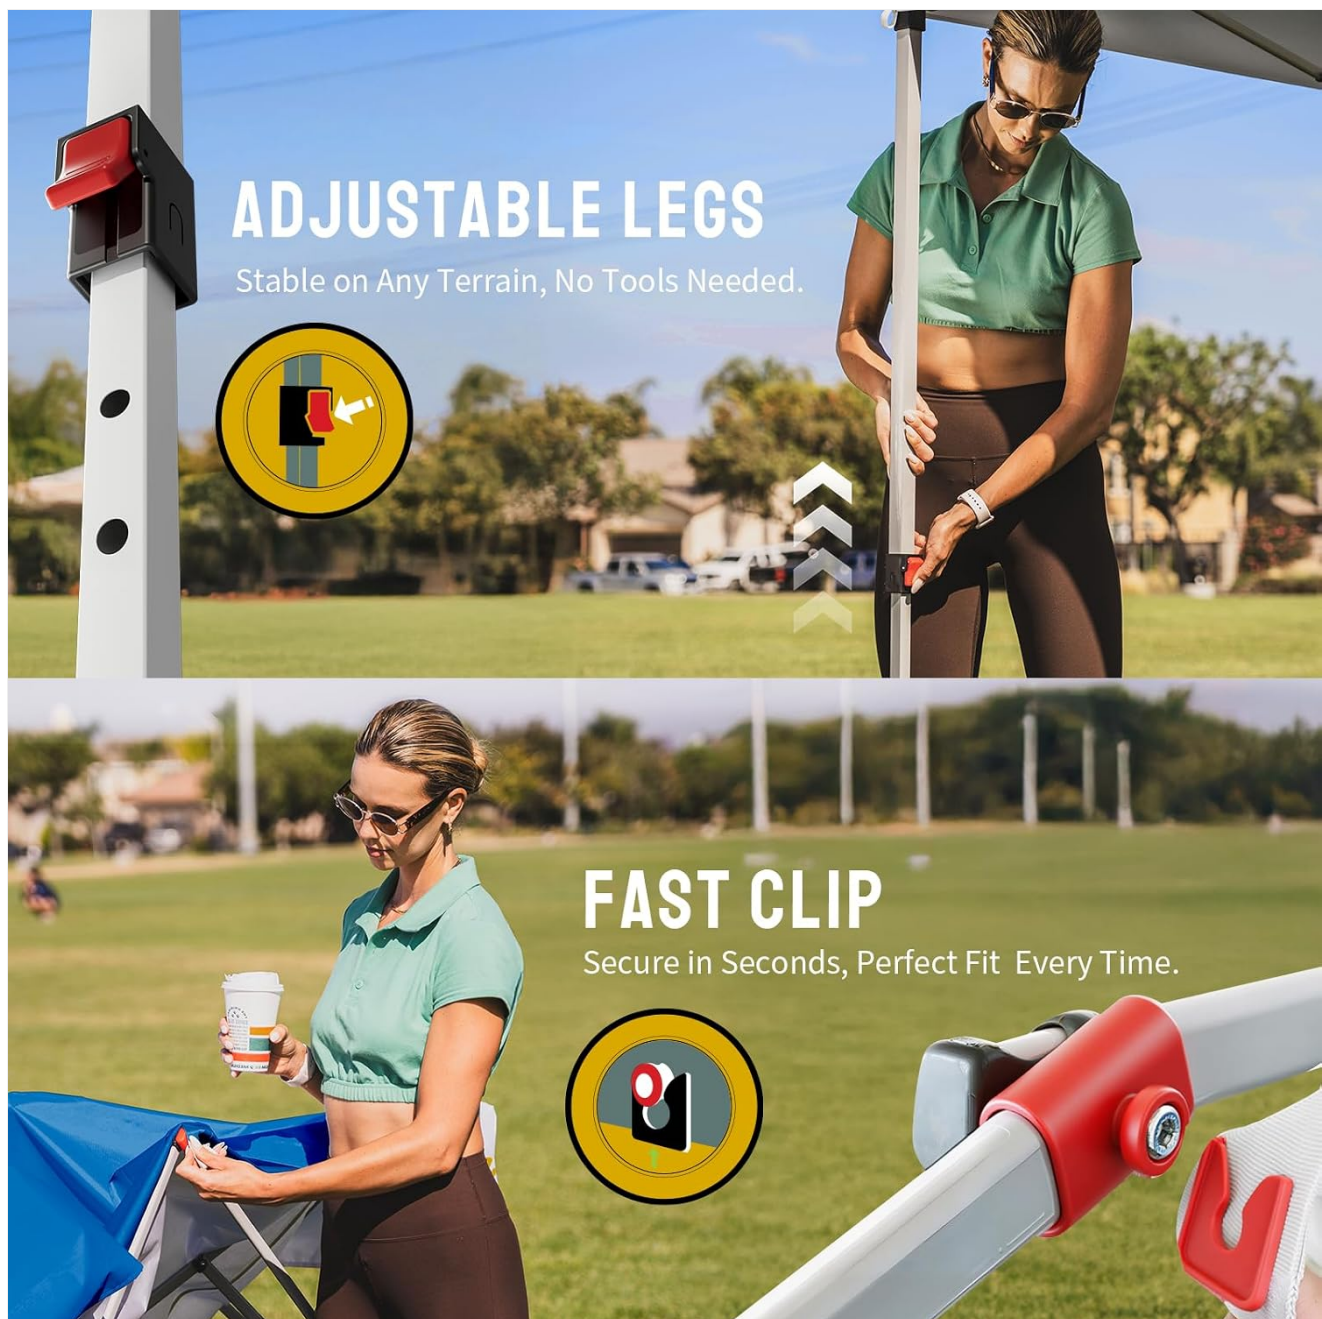

Figure 3.6: Suitable for beach outings, providing sun protection. Ensure proper anchoring in sand.

4. MAINTENANCE AND STORAGE

Proper maintenance and storage will extend the life of your CROWN SHADES canopy.

4.1 Cleaning and Drying

- Clean the canopy fabric with mild soap and water. Avoid harsh chemicals or abrasive cleaners.
- Ensure the canopy fabric is **completely dry** before packing it away. Storing a damp canopy can lead to mold, mildew, and fabric degradation.

4.2 STO'N GO System for Storage

The STO'N GO system simplifies collapsing, storing, and transporting the canopy.

1. To collapse, release the leg height adjustments and the CenterLok mechanism.
2. Gently push the frame inwards until it is fully collapsed. The canopy fabric can remain attached during this

process.

3. Cover the collapsed frame with the specialized STO'N GO cover bag. This bag includes a pocket for accessories like sandbags, stakes, and guy ropes.
4. Utilize the integrated wheels in the feet of the frame for easy rolling and transport. For movement when set up, lift the side without wheels.

Figure 4.1: The STO'N GO system allows for easy transport of the collapsed canopy using integrated wheels.

Figure 4.2: The complete packing list for the CROWN SHADES 10x10 Pop Up Canopy Tent.

5. TROUBLESHOOTING

This section addresses common issues you might encounter with your canopy tent.

- **Canopy not staying up / CenterLok disengaging:** Ensure the central hub is pushed firmly upwards until it clicks and locks into place. If the issue persists, inspect the locking mechanism for any obstructions or damage.
- **Canopy moving in wind:** Always use the provided anchoring spikes and guy ropes to secure the canopy to the ground. For very windy conditions, consider additional weight bags (sandbags) on each leg. Orient the canopy so that the integrated air vents are facing the wind to help reduce lift.
- **Water pooling on canopy top:** The high peak design and Fast Clip system are designed to minimize pooling. Ensure the canopy fabric is taut and properly clipped to the frame. If pooling occurs, gently push up from underneath to release accumulated water.
- **Difficulty with fabric clips:** Ensure the fabric is correctly aligned with the frame before attempting to attach the clips. If clips are stubborn or appear loose, inspect them for wear or damage.
- **Damaged or broken parts:** If any structural bars or components are damaged upon arrival or during use, refer to the Warranty & Support section for assistance. Do not attempt to use a damaged canopy.

6. SPECIFICATIONS

Feature	Detail
Brand	CROWN SHADES
Model Number	CS-C1010BU
Material	Alloy Steel (Frame), 150D Fabric (Canopy)
Color	Blue
Item Weight	36 pounds
Dimensions (L x W x H)	120"L x 120"W x 108"H (10' x 10' x 9')
Floor Area	100 square feet
Occupancy	Up to 10 people
UV Protection	UPF 50+
Water Resistance Level	Water Resistant
Flame Resistance	CPAI-84 certified
Packed Dimensions	45" x 8.5" x 8.5"
Included Components	1x Steel Frame, 1x Canopy Top, 1x STO'N GO Cover Bag, 4x Guy Ropes, 4x Empty Sandbags, 8x Spikes, 1x Hexagon Spanner, 1x Repair Patch

7. WARRANTY AND SUPPORT

7.1 Warranty Information

Your CROWN SHADES 10x10 Pop Up Canopy Tent is backed by a **2-Year Parts Replacement Warranty**. This warranty covers manufacturer defects. If any component of your product is not functioning as expected due to a defect, our support team will assist you in obtaining the necessary replacement parts.

7.2 Customer Support

For warranty claims, technical assistance, or any questions regarding your canopy tent, please contact CROWN SHADES customer support. Have your model number (CS-C1010BU) and purchase details ready for faster service.

Our support team is dedicated to providing clear instructions and solutions to get your product back in action.
