Expandable Storage	Up to 32 GB (Micro SD)
Rear Camera	13 MP
Front Camera	5 MP
Battery Capacity	5000 mAh
Talk Time	25 Hours
Standby Time	780 Hours
Charging Time	2 Hours
Dimensions	5.77 x 0.55 x 2.99 inches
Item Weight	7.7 ounces
Water/Dust Resistance	IP68 Certified

4. SETUP

4.1. SIM Card and Micro SD Card Installation

To install your SIM card(s) and/or Micro SD card, follow these steps:

1. Locate the SIM/SD card slot on the side of the phone. It is protected by a rubber flap.
2. Carefully open the rubber flap to expose the metal tray.
3. Use the provided SIM card pin to gently eject the SIM/SD card tray.
4. Place your SIM card(s) and/or Micro SD card into the designated slots on the tray. Ensure they are correctly oriented as indicated on the tray.
5. Carefully reinsert the tray into the phone.
6. Close the rubber flap securely to maintain the phone's waterproof rating.

Video 4.1: This video demonstrates the unboxing of the Plum Gator 4, including the contents of the box, a durability test, and the process of inserting SIM and Micro SD cards. The SIM card insertion process is shown from 01:43 to 02:25.

After inserting an active SIM card, a signal indicator will appear in the top right corner of your phone's screen. If you are activating new service, you may need to provide the IMEI number of your old phone or any other phone to your service provider to activate the SIM card. Once activated, insert the SIM into your Plum phone.

4.2. Initial Power On

To power on your Plum Gator 4 for the first time, press and hold the power button located on the side of the device until the screen illuminates. Follow the on-screen prompts to complete the initial setup, including language selection, Wi-Fi connection, and Google account setup.

5. OPERATING INSTRUCTIONS

5.1. Basic Navigation

The Plum Gator 4 runs on Android 6.0 Marshmallow. Navigate through the interface using touch gestures: swipe to scroll, tap to select, and use the on-screen navigation buttons (Back, Home, Recent Apps) at the bottom of the display.

Image 5.1: The Plum Gator 4 displaying its Android home screen.

5.2. Making Calls

Tap the **Phone** icon on the home screen or app drawer. Enter the phone number using the dial pad and tap the **Call** button to initiate a call.

5.3. Using the Camera

Open the **Camera** application. You can switch between the 13 MP rear camera and the 5 MP front camera. Tap the shutter button to capture photos or start/stop video recording.

5.4. Wi-Fi and Hotspot

Access Wi-Fi settings from the **Settings** menu under **Wireless & networks**. Turn on Wi-Fi to connect to available networks. To use the phone as a portable Wi-Fi hotspot, navigate to **Settings > More > Tethering & portable hotspot**

5.5. FM Radio

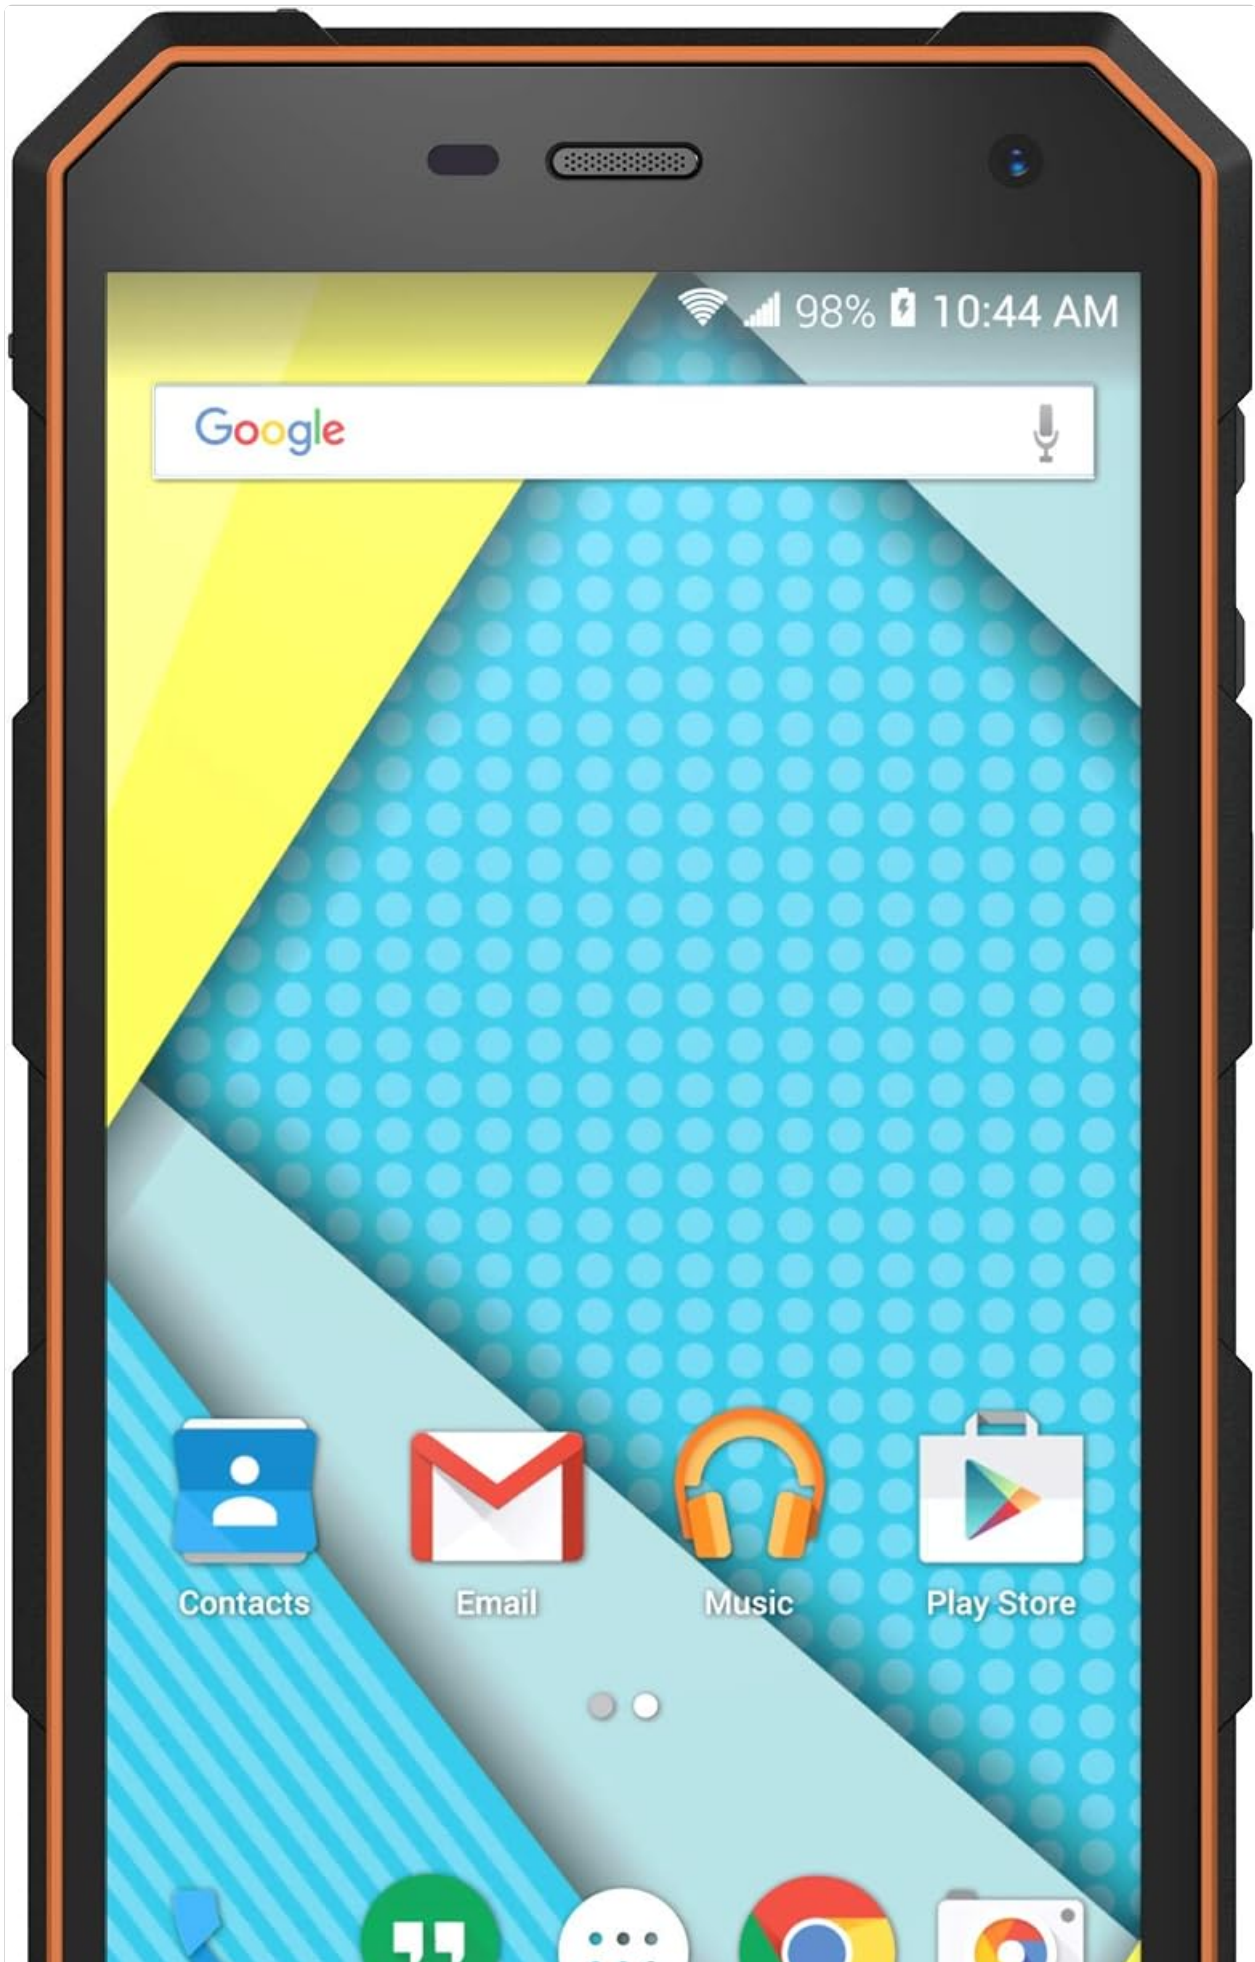

The Plum Gator 4 includes a built-in FM radio. This feature allows you to listen to radio stations without using mobile data. Ensure headphones are connected as they act as the antenna.

6. MAINTENANCE

To ensure the longevity and maintain the IP68 water and dust resistance of your Plum Gator 4, observe the following:

- Always ensure that the rubber flaps covering the headphone jack, charging port, and SIM/SD card slot are securely closed when not in use, especially before exposing the phone to water or dusty environments.
- Avoid submerging the phone in water deeper than 1.5 meters or for longer than 30 minutes.
- After exposure to water, ensure all ports are dry before charging or connecting accessories.

- Clean the device with a soft, damp cloth. Avoid using harsh chemicals or abrasive materials.
- Protect the screen from scratches, despite the Gorilla Glass, by avoiding contact with sharp objects.

7. TROUBLESHOOTING

If you encounter issues with your Plum Gator 4, consider the following common solutions:

- **No Network Signal:** Ensure your SIM card is correctly inserted and activated with your service provider. Verify that the phone is not in Airplane Mode (Settings > Wireless & networks > More).
- **Slow Performance:** Close unused applications. Clear cache from apps (Settings > Apps > [App Name] > Storage > Clear Cache). Consider moving large files to an SD card or uninstalling unnecessary apps.
- **Battery Draining Quickly:** Reduce screen brightness, disable Wi-Fi/Bluetooth/GPS when not in use, and close background apps.
- **Water Damage Concern:** If the phone has been exposed to water and you suspect an issue, ensure all ports are completely dry before attempting to charge or use. Do not open the device.
- **Compatibility Issues:** Remember the Plum Gator 4 is a GSM unlocked phone and is not compatible with CDMA networks like Verizon or Sprint.

8. WARRANTY AND SUPPORT

The Plum Gator 4 comes with a **1-year US warranty**. Additionally, Plum provides **free lifetime technical support** for this product. For any technical assistance or warranty claims, please refer to the contact information provided in your product packaging or visit the official Plum website.
