Tecnolite A19 LED Light Bulb User Manual

Model: A19-LED/007/65

PRODUCT OVERVIEW

The Tec nolite Nunki LED spotlight is designed for both indoor and outdoor use, providing excellent lighting output. This 5W A19 LED bulb offers 450 lumens of non-dimmable daylight, making it ideal for various settings such as homes, gardens, or offices. Its integrated LED technology ensures energy efficiency and a long lifespan of up to 15,000 hours. The bulb features an E27 base, ensuring compatibility with most standard light fixtures.

SETUP AND INSTALLATION

This LED light bulb is designed for easy installation into compatible fixtures. Always ensure the power is turned off at the main switch before beginning installation to prevent electrical shock.

1. **Safety First:** Turn off the power to the light fixture at the circuit breaker or fuse box.
2. **Remove Old Bulb (if applicable):** Carefully unscrew the old bulb from the fixture. Allow it to cool if it was recently in use.
3. **Insert New Bulb:** Gently screw the TecnoLite A19 LED bulb into the E27 base socket. Turn clockwise until it is snug, but do not overtighten.
4. **Restore Power:** Turn the power back on at the circuit breaker or fuse box.
5. **Test:** Turn on the light switch to ensure the bulb is functioning correctly.

OPERATING INSTRUCTIONS

The Tec nolite A19 LED bulb operates like any standard light bulb. Once installed and power is supplied, it can be controlled via the wall switch connected to the fixture.

- **Turning On/Off:** Use the existing light switch to turn the bulb on or off.
- **Non-Dimmable:** This bulb is non-dimmable. Do not use it with dimmer switches, as this may damage the bulb or the dimmer.
- **Instant On:** The LED bulb provides instant full brightness without any warm-up time.

MAINTENANCE AND CARE

TecnoLite LED bulbs are designed for long-term, maintenance-free operation. However, a few simple steps can ensure optimal performance and longevity.

- **Cleaning:** Before cleaning, ensure the power is off and the bulb is cool. Wipe the bulb with a soft, dry cloth. Do not use liquid cleaners or abrasive materials.
- **Handling:** Handle the bulb by its base, not the glass or plastic dome, to avoid transferring oils or damaging the surface.
- **Storage:** If storing, keep the bulb in its original packaging or a protective container in a cool, dry place.

TROUBLESHOOTING

If your TecnoLite A19 LED bulb is not functioning as expected, consider the following common issues and solutions:

Problem	Possible Cause	Solution
Bulb does not light up.	No power to the fixture, loose connection, or faulty bulb.	Check circuit breaker. Ensure bulb is screwed in tightly. Test bulb in another working fixture.
Bulb flickers.	Incompatible dimmer switch, loose connection, or voltage fluctuations.	Ensure no dimmer switch is used. Tighten bulb. Consult an electrician for voltage issues.
Light is too dim.	Incorrect bulb wattage for desired brightness, or dirty bulb.	Verify bulb specifications meet your needs. Clean the bulb.
Bulb burns out quickly.	Overheating due to enclosed fixture, or voltage spikes.	Ensure adequate ventilation if used in enclosed fixtures. Consider a surge protector.

PRODUCT SPECIFICATIONS

Detailed technical specifications for the Tec nolite A19 LED Light Bulb.

Feature	Specification
Brand	Tec nolite
Model Number	A19-LED/007/65
Light Type	LED
Wattage	5 W
Luminous Flux	450 Lumens
Bulb Shape Size	A19
Base Type	E27
Color Temperature	6500 Kelvin (Daylight)
Voltage	127 Volts
Special Feature	Energy Efficient, Non-Dimmable
Product Dimensions	5.5 x 5.5 x 10.1 cm; 100 grams
Lifespan	Up to 15,000 hours
