LKPower 180115374

LKPower AC Adapter Charger Instruction Manual

For Pandigital Supernova R80B452, R80B455 8" Tablet Reader (Model: 180115374)

Introduction

This manual provides instructions for the safe and effective use of your LKPower AC Adapter Charger. Please read this manual thoroughly before using the product and retain it for future reference.
The LKPower AC Adapter is designed to provide reliable power to your Pandigital Supernova R80B452 or R80B455 8" Tablet Reader. It converts standard AC power from electrical outlets into the DC power required by your device, allowing for operation and battery charging.

Important Safety Information

- Do not expose the adapter to water or excessive moisture.
- Do not disassemble the adapter. Refer all servicing to qualified personnel.
- Avoid extreme temperatures. Operate the adapter in a well-ventilated area.
- Ensure the adapter is compatible with your device's voltage and current requirements before use.
- Unplug the adapter from the power outlet when not in use for extended periods.
- Keep out of reach of children.

Setup Instructions

Follow these steps to set up your LKPower AC Adapter Charger:

1. **Inspect the Adapter:** Before first use, visually inspect the AC adapter and its cable for any signs of damage. Do not use if damaged.
2. **Connect to Device:** Insert the barrel connector end of the adapter cable into the charging port of your Pandigital Supernova R80B452 or R80B455 8" Tablet Reader. Ensure a snug fit.

3. **Connect to Power Outlet:** Plug the AC adapter's two-prong plug into a standard AC 100-240V wall power outlet.
4. **Verify Connection:** Your tablet should indicate that it is receiving power or charging.

Image: Front and side view of the LKPower AC Adapter, showing the two-prong plug and the barrel connector cable. The adapter label indicates input voltage and certifications.

Operating Instructions

Once connected, the LKPower AC Adapter will automatically begin supplying power to your tablet or charging its battery. No further user interaction is typically required for basic operation.

- **Charging:** The adapter will charge your tablet's battery when connected to a power outlet. The charging indicator on your tablet will typically illuminate.
- **Direct Power:** You can operate your tablet directly from the adapter without a battery, or while the battery is charging.
- **Disconnection:** To disconnect, first unplug the adapter from the wall outlet, then gently remove the barrel connector

from your tablet.

Maintenance and Care

- **Cleaning:** Disconnect the adapter from all power sources before cleaning. Use a soft, dry cloth to wipe the exterior. Do not use liquid cleaners or solvents.
- **Storage:** Store the adapter in a cool, dry place when not in use. Avoid wrapping the cable too tightly around the adapter to prevent damage.
- **Cable Care:** Do not bend, twist, or pull the cable excessively. Avoid placing heavy objects on the cable.

Troubleshooting

Problem	Possible Cause	Solution
Tablet not charging or powering on.	Adapter not properly plugged into outlet. Adapter not properly connected to tablet. Power outlet is not active. Tablet charging port issue.	Ensure adapter is firmly plugged into both the wall and the tablet. Test the power outlet with another device. Check tablet's charging port for debris or damage.
Adapter feels unusually hot.	Overload or poor ventilation. Internal fault.	Ensure adapter is in a well-ventilated area. Disconnect if excessively hot and allow to cool. If problem persists, discontinue use.
Loose connection.	Worn connector or port.	Ensure the barrel connector is fully inserted. If the connection remains loose, the adapter or tablet port may be damaged.

Product Specifications

- **Model Number:** 180115374
- **Input:** AC 100-240V, 50/60Hz (Worldwide Compatible)
- **Output:** Specific output voltage/current not provided in product data.
- **Connector Type:** Barrel Connector
- **Compatible Devices:** Pandigital Supernova R80B452, R80B455 8" Tablet Reader
- **Special Features:** Over Voltage Protection, Over Heat Protection
- **Cable Length:** Approximately 76 inches (193 cm)
- **Dimensions (Adapter Body):** Approximately 2.6 x 1.6 x 1.2 inches (6.6 x 4.1 x 3.0 cm)
