## Tom Ford FT5478-B 001

# Tom Ford FT 5478-B 001 Eyeglasses User Manual

Model: FT5478-B 001 Shiny Black

## INTRODUCTION

---

The Tom Ford FT 5478-B 001 Shiny Black Eyeglasses are designed for comfort and style, featuring a square shape and a full-rim acetate frame. These eyeglasses are equipped with blue light block lenses, intended to reduce eye strain from digital screens. This manual provides essential information for the proper setup, use, and maintenance of your new eyeglasses.

## SETUP

---

Upon receiving your Tom Ford FT 5478-B 001 Eyeglasses, please inspect the contents of the packaging. You should find the eyeglasses, a protective case, and a cleaning cloth.

1. **Unboxing:** Carefully remove the eyeglasses and accessories from their packaging.

2. **Initial Inspection:** Check the frames and lenses for any visible damage or imperfections.
3. **First Fit:** Gently place the eyeglasses on your face. Ensure they rest comfortably on your nose and that the temples extend securely over your ears.

## OPERATING (WEARING AND ADJUSTMENT)

---

Proper wearing and occasional adjustments ensure optimal comfort and vision.

- **Wearing:** Hold the eyeglasses by the frame, not the lenses, and place them on your face. Ensure they are centered and level.
- **Removing:** Use both hands to remove the eyeglasses to prevent bending the temples or frame.
- **Adjustments:** If the eyeglasses feel too loose, too tight, or sit unevenly, it is recommended to visit a professional optician for proper adjustment. Avoid attempting to bend the frame yourself, as this may cause damage.

## MAINTENANCE

---

Regular cleaning and proper storage will prolong the life and maintain the clarity of your eyeglasses.

- **Cleaning Lenses:** Use the provided cleaning cloth or a soft, lint-free cloth. For stubborn smudges, gently rinse the lenses with lukewarm water and a mild, non-abrasive soap. Dry immediately with a clean, soft cloth. **Do not use paper towels or harsh chemicals.**

- **Cleaning Frames:** Wipe the frame with a damp, soft cloth.
- **Storage:** When not in use, always store your eyeglasses in the protective case provided to prevent scratches and damage. Avoid leaving them in direct sunlight or extreme temperatures (e.g., in a hot car).
- **Product Care Instructions:** Hand Wash Only.

## TROUBLESHOOTING

---

Here are solutions for common issues you might encounter:

- **Loose Screws:** If a screw on the hinge becomes loose, gently tighten it with a small eyewear screwdriver. Avoid overtightening.
- **Eyeglasses Sliding Down:** This often indicates that the temples or nose pads need adjustment. Consult an optician for a professional fit.
- **Crooked Frame:** If the frame appears uneven or crooked, do not attempt to straighten it yourself. Professional adjustment by an optician is recommended to prevent damage.
- **Scratched Lenses:** Minor scratches may be polished by an optician, but deep scratches often require lens replacement. Always store eyeglasses in their case to prevent scratches.

## SPECIFICATIONS

---

Feature	Detail
Brand	Tom Ford
Model Series Number	FT5478-B
Color Code	001
Frame Color	Shiny Black
Frame Shape	Square
Rim Style	Full-Rim
Frame Material	Acetate, Plastic
Lens Type	Blue Light Block
Lens Width	55 mm
Lens Bridge	14 mm
