PKPOWER HK28U-6.0-150

PK Power 6.0V DC AC/DC Adapter User Manual

Model: HK28U-6.0-150

Product Overview

This manual provides essential information for the safe and effective use of your PK Power 6.0V DC AC/DC Adapter. This adapter is specifically designed to provide a stable 6V DC output and is compatible with various Remington models, including HK28U-6.0-150, PG-200, PG-300, PG-250, and WPG-250. It is crucial to note that this adapter provides a 6V DC output and is not suitable for devices requiring 3.3V-3.6V output.
Key features include:

- Input: 100-240V 50-60Hz, ensuring global compatibility.
- Certified with CE, FCC, and RoHS standards, meeting or exceeding OEM specifications.
- Equipped with OVP (Over Voltage Protection), OCP (Over Current Protection), and SCP (Short Circuit Protection) for enhanced safety.

Setup Instructions

Follow these steps to properly set up your AC/DC adapter:

1. **Verify Compatibility:** Before connecting, ensure your device requires a 6V DC power input. This adapter is specifically designed for Remington models HK28U-6.0-150, PG-200, PG-300, PG-250, and WPG-250. Using it with incompatible devices may cause damage.
2. **Inspect the Adapter:** Visually inspect the adapter and its cable for any signs of damage, such as frayed wires or cracked casing. Do not use if damaged.
3. **Connect to Device:** Carefully insert the DC output plug of the adapter into the power input port of your Remington device. Ensure a snug and secure connection.
4. **Connect to Power Outlet:** Plug the AC input prongs of the adapter into a standard 100-240V AC wall outlet. Ensure the outlet is easily accessible.
5. **Power On Device:** Once connected, you may power on your device. The adapter will begin supplying power.

Operating Instructions

The PK Power adapter is designed for straightforward operation:

- **Continuous Power Supply:** Once connected to a power outlet and your device, the adapter provides a continuous 6V DC power supply.
- **Charging Indicator:** If your device has a charging indicator light, observe it to confirm that charging or power supply is active.
- **Safety Features:** The built-in OVP, OCP, and SCP protections automatically safeguard your device and the adapter from electrical anomalies.

Maintenance

Proper maintenance ensures the longevity and safe operation of your adapter:

- **Cleaning:** Disconnect the adapter from the power outlet and your device before cleaning. Use a soft, dry cloth to wipe the surface. Do not use liquid cleaners or abrasive materials.
- **Storage:** When not in use, store the adapter in a cool, dry place, away from direct sunlight and extreme temperatures. Avoid tightly winding the cable to prevent damage.
- **Handling:** Do not drop, disassemble, or attempt to repair the adapter. Avoid exposing it to water or high humidity.

Troubleshooting

If you encounter issues with your adapter, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
No power to device	Adapter not plugged in securely; Wall outlet not functioning; Device power issue; Incompatible device.	Ensure adapter is fully plugged into both the wall outlet and the device. Test the wall outlet with another appliance. Verify device is compatible with 6V DC input.
Device not charging	Loose connection; Device battery issue; Adapter fault.	Check all connections. If possible, test the device with another compatible power source. If the adapter is suspected to be faulty, discontinue use.
Adapter feels hot	Normal operation (slight warmth); Overload; Poor ventilation.	A slight warmth is normal. Ensure the adapter is not covered and has adequate ventilation. If it becomes excessively hot, disconnect immediately and contact support.

Specifications

Feature	Detail
Brand	PKPOWER
Model	HK28U-6.0-150 (Compatible with PG-200, PG-300, PG-250, WPG-250)
Input Voltage	100-240V AC, 50-60Hz
Output Voltage	6V DC
Special Features	Over Voltage Protection (OVP), Over Current Protection (OCP), Short Circuit Protection (SCP)
Certifications	CE, FCC, RoHS
Main Power Connector Type	2 Pin (US Standard)
Mounting Type	Wall Mount
UPC	716833404419

Customer Support

For any questions, concerns, or assistance with your PK Power adapter, please contact our customer service team. We are committed to providing friendly and reliable support.

Response Time: Our team aims to respond to all inquiries within 24 hours.

Contact Information: Please refer to the seller's contact details on the platform where you purchased the product for direct support.
