## Baby Trend TS40B65B

# Baby Trend EZ Ride 35 Travel System Instruction Manual

Model: TS40B65B

## INTRODUCTION

The Baby Trend EZ Ride 35 Travel System is designed for convenient and safe travel with your infant and toddler. This system includes a lightweight stroller and an infant car seat with a safety base, allowing for smooth transitions from car to stroller. Please read this manual thoroughly before assembly and use to ensure proper operation and safety.

## SAFETY INFORMATION

Always prioritize your child's safety. Follow these guidelines:

- Ensure the 5-point safety harness is properly adjusted and secured at all times.
- Never leave your child unattended in the stroller or car seat.
- Always engage the stroller brakes when stationary.
- The infant car seat is designed for newborns from 4-35 pounds.
- The infant car seat features head impact protection and is side impact tested.
- Proper installation of the car seat base is crucial. Use either the LATCH/UAS system or the vehicle's seatbelt as instructed.
- The infant car seat is certified for aircraft travel.

## COMPONENTS

Your Baby Trend EZ Ride 35 Travel System includes:

- Stroller
- Infant Car Seat
- Infant Car Seat Base
- Child Tray
- Storage Basket
- Canopy with Peek-a-boo Window

## SETUP

### Stroller Assembly

The stroller features an easy one-hand fold mechanism for quick setup and storage. To unfold, release the latch and lift the handle until the frame locks into place. Ensure all parts are securely engaged before use.

# CONFIGURATIONS & MODES

## CAR SEAT MODE

SECURELY ATTACHES THE ALLY 35 INFANT CAR SEAT FOR SAFE TRAVEL WITH NEWBORNS.

## STANDARD STROLLER MODE

PADDED MULTI-POSITION RECLINE SEAT KEEPS YOUR TODDLER COMFORTABLE ON EVERY RIDE.

## TRAVEL SYSTEM COMBO

SEAMLESS TRANSITION FROM CAR TO STROLLER — NO NEED TO WAKE BABY

## Infant Car Seat Base Installation

The infant car seat base can be installed using your vehicle's LATCH/UAS system or the vehicle's seatbelt. Refer to your vehicle's owner's manual for specific LATCH/UAS anchor locations. Ensure the base is level using the dual bubble level indicators for correct installation angle. The 4-position height-adjustable base allows for proper leveling in various vehicles.

## OPERATING INSTRUCTIONS

### Stroller Use

- **Adjustable Handle:** The 3-position height-adjustable handle allows for comfortable pushing for parents of varying heights.
- **Reclining Seat:** The multiple position reclining seat can be adjusted to suit your child's comfort.
- **Canopy:** The adjustable canopy with a large peek-a-boo window provides shade and allows you to check on your child.
- **Parent Console:** Features 2 cup holders and covered storage for your essentials.
- **Child Tray:** A convenient tray for drinks and snacks, which can swing away for easy access.
- **Storage Basket:** An extra-large storage basket provides ample space for diaper bags and other items.

### Infant Car Seat Use

Secure your infant using the adjustable 5-point safety harness with padded covers. The plush seat pad provides additional comfort and support. Always ensure the harness is snug against your child's body.

### Travel System Mode

The infant car seat securely attaches to the stroller's child tray, allowing for seamless transitions without disturbing your sleeping baby. Ensure the car seat is firmly clicked into place before moving the stroller.
